

State of Minnesota Contract

SWIFT Contract No.: 192513

This Contract is between the State of Minnesota, acting through its Commissioner of the Department of Administration ("State") and Innovative Office Solutions whose designated business address is 151 East Cliff Road, Burnsville, MN 55337 ("Contractor"). State and Contractor may be referred to jointly as "Parties."

Recitals

1. State issued a solicitation identified as SWIFT ID No. G0210-2000011384 on December 29, 2020 for Office Supplies ("Solicitation");
2. Contractor provided a response to the Solicitation indicating its interest in and ability to provide the goods or services requested in the Solicitation; and
3. Subsequent to an evaluation in accordance with the terms of the Solicitation and negotiation, the Parties desire to enter into a contract.

Accordingly, the Parties agree as follows:

Contract

1. Term of Contract

1.1 Effective date. September 1, 2021, or the date the State obtains all required signatures under Minn. Stat. § 16C.05, subd. 2, whichever is later. The Contractor must not begin work under this Contract until this Contract is fully executed and the Contractor has been notified by the State's Authorized Representative to begin the work.

1.2 Expiration date. August 31, 2022, or until all obligations have been satisfactorily fulfilled, whichever occurs first. The contract may be extended for up to an additional 48 months, in increments as determined by the State, through a duly executed amendment.

1.3 Contract Use. This Contract is not exclusive and shall not be construed as guarantying a minimum or maximum amount of usage.

2. Contractor's Duties and Statement of Purpose

2.1 Contractor's Duties. The Contractor represents that it is duly qualified and agrees to perform all duties described in this Contract to the satisfaction of the State.

2.2 Statement of Purpose. The purpose of this contract is to provide Office Supplies to State Agencies and its Cooperative Purchasing Venture (CPV) members.

3. Time

The Contractor must comply with all the time requirements described in this Contract. In the performance of this Contract, time is of the essence.

4. Compensation and Conditions of Payment

4.1 Compensation. The State will pay for performance by the Contractor under this Contract in accordance with the breakdown of costs as set forth in Exhibit D which is attached and incorporated into this Contract.

4.2 Conditions of Payment. All duties performed by the Contractor under this Contract must be performed to the State's satisfaction and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations including business registration requirements of the Office of the Secretary of State. The Contractor will not receive payment for work found by the State to be unsatisfactory or performed in violation of federal, state, or local law.

5. Authorized Representative

The State's Authorized Representative is Michael Sutton, Buyer, 50 Sherburne Ave, Ste 112, St. Paul, MN 55155, (651) 201-3170, or his/her successor or delegate, and has the responsibility to monitor the Contractor's performance and the authority to accept the services provided under this Contract. If the services are satisfactory, the State's Authorized Representative will certify acceptance on each invoice submitted for payment.

The Contractor's Authorized Representative is Rick Buranen at the following business address and telephone number: 151 East Cliff Road, Burnsville, MN 55337, 952.698.9213, or his/her successor. If the Contractor's Authorized Representative changes at any time during this Contract, the Contractor must immediately notify the State.

6. Exhibits

The following documents are attached and incorporated into this contract:

Exhibit A: General Contract Terms

Exhibit B: Insurance Terms

Exhibit C: Specifications, Duties, and Scope of Work

Exhibit D: Price and Payment Schedule

Exhibit E: Additional Attachments

- Attachment F: Punch-Out Catalog Solution
 - Attachment F: Punch-Out Catalog Solution Supplement 1
- Attachment G: Materials and Operational Requirements
- Attachment H: Sustainability Programs

1. Innovative Office Solutions

The Contractor certifies that the appropriate person(s) have executed the Contract on behalf of the Contractor as required by applicable articles, bylaws, resolutions, or ordinances.

Company name: Innovative Office Solutions LLC

Date: 5/10/2021

3. Commissioner of Administration

or delegated representative

Print name: Luke Jannett

Signature: 

Title: Acquisitions Manager

Date: 5/10/2021

Exhibit A: Contract Terms

1. Prompt Payment and Invoicing.

1.1 Prompt Payment. The State will pay pursuant to Minn. Stat. § 16A.124, which requires payment within 30 days following receipt of an undisputed invoice, or merchandise or service, whichever is later. Terms requesting payment in less than 30 days will be changed to read “Net 30 days.” Notwithstanding the foregoing, the State may pay the Contractor in advance for purchases as allowed pursuant to Minn. Stat. §16A.065.

The payment for each order will only be made for goods received or services actually performed that have been accepted by the ordering entity, and meet all terms, conditions, and specifications of the Contract and the ordering document.

1.2 Invoicing. The invoice must be in the same format as the sample invoice form submitted with the solicitation response and approved as an attachment with the Contract, unless an alternative format is approved in writing by the Contract Administrator. Each invoice should at a minimum include:

- Customer name
- State Contract number
- Item description
- Item quantity
- List price (for cost plus pricing, the actual cost)
- Contract discount (or cost plus mark up, when applicable)
- Price after discount (or price after cost plus mark up, when applicable)

2. Assignment, Amendments, Waiver, and Contract Complete.

2.1 Assignment. The Contractor may neither assign nor transfer any rights or obligations under this Contract without the prior consent of the State and a fully executed assignment agreement, executed and approved by the authorized parties or their successors.

2.2 Amendments. Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the authorized parties or their successors.

2.3 Waiver. If the State fails to enforce any provision of this Contract, that failure does not waive the provision or its right to enforce it.

2.4 Contract Complete. This Contract contains all negotiations and agreements between the State and the Contractor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.

3. Termination.

3.1 Termination by the State. The State or Commissioner of Administration may cancel this Contract at any time, with or without cause, upon 30 days’ written notice to the Contractor. Upon termination, the Contractor will be entitled to payment, determined on a pro rata basis, for services or goods satisfactorily performed or delivered.

3.2 Termination for Default. If the Contractor fails to perform according to the contract terms and conditions, the State is authorized to immediately cancel the Contract or purchase order, or any portion of it, and may obtain replacement goods or services and charge the difference of costs to the defaulting Contractor. In the event of default, the State reserves the right to pursue any other remedy available by law. A Contractor may be removed

from the vendors list, suspended or debarred from receiving a Contract for failure to comply with terms and conditions of the Contract, or for failure to pay the State for the cost incurred on the defaulted Contract.

3.3 Termination for Insufficient Funding. The State may immediately terminate this Contract if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written notice to the Contractor. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that dedicated funds are available. The State will not be assessed any penalty if the Contract is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Contractor notice of the lack of funding within a reasonable time of the State's receiving that notice.

4. Force Majeure.

Neither party shall be responsible to the other or considered in default of its obligations hereunder to the extent that performance of any such obligations is prevented or delayed by acts of God, war, riot, disruption of government, or other catastrophes beyond the reasonable control of the party unless the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party defaulting under this provision must provide the other party prompt written notice of the default and take all necessary steps to bring about performance as soon as practicable.

5. Indemnification.

In the performance of this Contract by Contractor, Contractor's reseller, any third party that has a business relationship with the Contractor, or Contractor's agents or employees, and to the fullest extent permitted by law, the Contractor must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the State, to the extent caused by Contractor's:

- Intentional, willful, or negligent acts or omissions; or
- Actions that give rise to strict liability; or
- Breach of contract or warranty.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the State's failure to fulfill its obligation under this Contract.

6. Governing Law, Jurisdiction, and Venue.

Minnesota law, without regard to its choice-of-law provisions, governs this Contract. Venue for all legal proceedings out of this Contract, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

7. Contract Use by State Agencies.

To the extent applicable, the Contract does not prohibit state agencies from using their delegated purchasing authority to procure similar goods and services from other sources.

8. Warranty.

The Contractor warrants to the ordering entity that materials and equipment furnished under the Contract will be free from defects not inherent in the quality required or permitted, and that the work will conform to the requirements of the contract. Work not conforming to these requirements, including substitutions not properly approved and authorized in writing may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or

normal wear and tear and normal usage. If requested, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment used.

All installation materials and labor shall be guaranteed for a period of one (1) year following the date of final acceptance. During the first year following acceptance, the Contractor shall, upon notification by the ordering entity of any malfunctions, make necessary repairs, including labor, travel, and materials, at the Contractor's expense.

9. Cooperative Purchasing Venture (CPV) Members.

The Contract will be available to all CPV members. Minn. Stat. § 16C.03, subd. 10 authorizes the State, acting through its Office of State Procurement, to enter into purchasing agreements with one or more governmental units and other entities allowable by law, as described in Minn. Stat. § 471.59, subd. 1, to exercise jointly the purchasing powers and functions each has individually. This authority is referred to as the Cooperative Purchasing Venture program. For more information, see State website www.mmd.admin.state.mn.us.

The Contractor agrees to extend the Contract to CPV members at the same prices, terms, conditions, and specifications. With the approval of the Contractor, a CPV member may add additional terms to its ordering document applicable to the CPV member's purchasing activities. Such additional terms shall not modify, diminish, or derogate the terms applicable to the State.

10. Foreign Outsourcing of Work Prohibited.

All services under this contract shall be performed within the borders of the United States. All storage and processing of information shall be performed within the borders of the United States. This provision also applies to work performed by all subcontractors.

11. Risk of Loss.

The State is relieved of all risks of loss or damage to the goods and equipment during periods of transportation, installation by the Contractor, or while in the possession of the Contractor or its agent.

12. Purchase Orders and Purchasing Cards.

The parties agree that there is no minimum order requirements or charges to process an individual purchase order unless otherwise stated in the Contract. The Purchase Order number must appear on all documents (e.g., invoices, packing slips, etc.).

The Contractor must accept a purchasing card for order placement in addition to accepting a purchase order, without passing the processing fees for the purchasing card back to the State. The State's single purchase maximum on the Contract is \$5,000 on the purchasing card, but it may be increased with the State's and the Contractor's approval.

13. Items Offered as New.

All products, materials, supplies, replacement parts, and equipment offered and furnished must be new, of current manufacturer production, and must have been formally announced by the manufacturer as being commercially available, unless otherwise stated in this Contract.

14. Subcontracting.

This Contract may not be subcontracted in whole or in part.

15. Data Disclosure.

Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Contractor consents to disclosure of its social security number, federal employer tax identification number, and Minnesota tax identification number, already provided to the State, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Contractor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.

16. Government Data Practices.

The Contractor and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (or, if the State contracting party is part of the Judicial Branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the State under this Contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor under this Contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Contractor or the State.

If the Contractor receives a request to release the data referred to in this clause, the Contractor must immediately notify and consult with the State's Authorized Representative as to how the Contractor should respond to the request. The Contractor's response to the request shall comply with applicable law.

17. Intellectual Property Rights.

17.1 Definitions. For the purpose of this Section, the following words and phrases have the assigned definitions:

17.1.1 "Documents" are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this Contract.

17.1.2 "Pre-Existing Intellectual Property" means intellectual property developed prior to or outside the scope of this Contract, and any derivatives of that intellectual property.

17.1.3 "Works" means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this Contract. "Works" includes Documents.

17.2 Ownership. The State owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under this Contract. The Documents shall be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this Contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be "works made for hire." The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State's ownership interest in the Works and Documents.

17.3 Pre-existing Intellectual Property. Each Party shall retain ownership of its respective Pre-Existing Intellectual Property. The Contractor grants the State a perpetual, irrevocable, non-exclusive, royalty free license for Contractor's Pre-Existing Intellectual Property that are incorporated in the products, materials, equipment, deliverables, or services that are purchased through the Contract.

17.4 Obligations.

17.4.1 Notification. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this Contract, the Contractor will

immediately give the State's Authorized Representative written notice thereof, and must promptly furnish the State's Authorized Representative with complete information and/or disclosure thereon.

17.4.2 Representation. The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the works and documents. The Contractor represents and warrants that the works and documents do not and will not infringe upon any intellectual property rights of other persons or entities.

17.4.3 Indemnification. Notwithstanding Paragraph 5, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor's expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the Contractor's or the State's opinion is likely to arise, the Contractor must, at the State's discretion, either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

18. Copyright.

The Contractor shall save and hold harmless the State of Minnesota, its officers, agents, servants and employees, from liability of any kind or nature, arising from the use of any copyrighted or noncopyrighted compositions, secret process, patented or nonpatented invention, article or appliance furnished or used in the performance of the Contract.

19. Survivability of Orders.

In the event the term of any order or Professional/Technical Services work order ("order") placed under this Contract extends past the termination or expiration of this Contract, the terms and conditions of this Contract shall remain in full force and effect as it applies to such order and will continue in effect for such order until the term of that order expires or the order is cancelled or terminated in accordance with the terms of this Contract. No new orders may be issued after the termination or expiration of the Contract.

20. Order of Precedence.

Any licensing and maintenance agreement, or any order-specific agreement or document, including any pre-installation, linked or "click through" agreement that is allowed by, referenced within or incorporated within the Contract whenever the Contract is used for a State procurement, whether directly by the Contractor or through a Contractor's agent, subcontractor or reseller, is agreed to only to the extent the terms within any such agreement or document do not conflict with the Contract or applicable Minnesota or Federal law, and only to the extent that the terms do not modify, diminish or derogate the terms of the Contract or create an additional financial obligation to the State. A State employee's decision to choose "accept" or an equivalent option associated with a "click-through" agreement does not constitute the State's concurrence or acceptance of terms, if such terms are in conflict with this section.

21. Administrative Fee

On a quarterly basis, the Contractor shall return to the Office of State Procurement, a fee of 1% (0.01 multiplication factor) of the total sales during that quarter, to assist with the cost of administering the Contract. The fee shall be remitted to the State within 30 days of the end of the quarter. Quarter periods are July 1 through September 30 (1st Quarter), October 1 through December 31 (2nd Quarter), January 1 through March 31 (3rd Quarter), and April 1 through June 30 (4th Quarter). The Contractor must provide a report detailing the total sales to State agencies and CPV members. The report must be submitted with the check on or before the required 30 days after the end of the quarter.

The State reserves the right, at any time during the Contract period, to amend the Contract to change or add fees. This may include fees directed to the Office of State Procurement, Minnesota IT Services (MNIT), or other state entities. The reporting requirements and amount of the fee will be specified in the Contract amendment. The Contractor will be allowed to adjust the Contract pricing up to the percentage of any additional fee(s).

This term survives the expiration or termination of the Contract.

22. State Audits.

Under Minn. Stat. § 16C.05, subd. 5, the Contractor's books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by the State, the State Auditor, or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Contract.

23. Usage Reports.

Contractor is required to furnish Contract usage data (usage reports) to the Contract Administrator at the following email address: osp.usagereports@state.mn.us. Contract usage reports must consist of the total dollars spent by the State and other entities, broken down into two categories: State agencies and CPV members. The reporting frequency is quarterly, or as otherwise requested. A final usage report is required at the expiration or termination the Contract. Failure to provide usage reports may result in contract cancellation. This term survives the expiration or termination of the Contract.

24. Diverse Spend Reporting.

If the total value of your Contract may exceed \$500,000, including all extension options, you must track and report, on a quarterly basis, the amount paid to diverse businesses both: 1) directly to subcontractors performing under the Contract, and 2) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Contract compared to your company's overall revenue). When this applies, you will be set up in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the contract is in effect.

25. Insurance.

Contractor must comply with all insurance requirements specified in Exhibit B of the Contract. Prior to execution of the Contract, amendment, or assignment agreement, the State must have a current copy of the Contractor's Certificate of Insurance that meets the Contract insurance requirements.

26. Delivery.

Contractors are obligated to deliver within the quoted lead times. If delivery is not made within that time frame, the State reserves the right to deem the Contractor in default.

27. Publicity and Endorsement.

27.1 Publicity. Any publicity regarding the subject matter of this Contract must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, information posted on corporate or other websites, research, reports, signs, and similar public notices prepared by or for the Contractor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

27.2 Endorsement. The Contractor must not claim that the State endorses its products or services.

28. Debarment by State, its Departments, Commissions, Agencies, or Political Subdivisions.

Contractor certifies that neither it nor its principals is presently debarred or suspended by the Federal government, the State, or any of the State's departments, commissions, agencies, or political subdivisions. Contractor's certification is a material representation upon which the Contract award was based. Contractor shall provide immediate written notice

to the State's Authorized Representative if at any time it learns that this certification was erroneous when submitted or becomes erroneous by reason of changed circumstances.

29. Federal Funds.

Federal money will be used or may potentially be used to pay for all or part of the goods, construction or services under the Contract. The Contractor is responsible for compliance with all federal requirements imposed on the funds and accepts full financial responsibility for any requirements imposed by the Contractor's failure to comply with federal requirements.

30. Certification regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion.

Federal money will be used or may potentially be used to pay for all or part of the work under the Contract, therefore Contractor certifies that it is in compliance with federal requirements on debarment, suspension, ineligibility and voluntary exclusion specified in the solicitation document implementing Executive Order 12549. Contractor's certification is a material representation upon which the Contract award was based.

31. Contingency Fees Prohibited.

Pursuant to Minn. Stat. § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.

32. Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).

If the value of this Contract, including all extensions, is \$50,000 or more, Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

33. Non-discrimination (in accordance with Minn. Stat. § 181.59).

The Contractor will comply with the provisions of Minn. Stat. § 181.59.

34. E-Verify Certification (in accordance with Minn. Stat. § 16C.075). [Remove if Contract is for Goods only]

For services valued in excess of \$50,000, Contractor certifies that as of the date of services performed on behalf of the State, Contractor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will perform work on behalf of the State. Contractor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/VerifySubCertForm.doc>. All subcontractor certifications must be kept on file with Contractor and made available to the State upon request.

35. Affirmative Action Requirements

The State intends to carry out its responsibility for requiring affirmative action by its contractors.

35.1 Covered Contracts and Contractors. If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600. A contractor covered by Minn. Stat. § 363A.36 because it employed more than 40 full-time employees in another state and does not have a certificate of compliance, must certify that it is in compliance with federal affirmative action requirements.

35.2 Minn. R. 5000.3400-5000.3600.

35.3 General. Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.

35.4 Disabled Workers. The Contractor must comply with the following affirmative action requirements for disabled workers.

- (1) The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- (2) The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- (3) In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- (4) The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
- (5) The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

35.5 Consequences. The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this Contract by the Commissioner or the State.

35.6 Certification. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

36. Equal Pay Certification

If Contractor is required by Minn. Stat. §363A.44 to have a current Equal Pay Certificate, and that Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor is exempt, the State may require Contractor to verify its exempt status.

37. Hazardous Substances.

To the extent that the goods to be supplied to the State by the Contractor contain or may create hazardous substances, harmful physical agents, or infectious agents, as set forth in applicable State and federal laws and regulations, the Contractor must provide the State with Material Safety Data Sheets regarding those substances. A copy must be provided upon request. Goods and containers supplied to the State must be labeled in compliance with state and federal laws, rules, and regulations.

These terms apply to goods supplied under this contract:

37.1 Products Containing Triclosan Banned. The Contractor must comply with Minn. Stat. § 145.945.

37.2 Products Containing Certain Types of Polybrominated Diphenyl Ether Banned. The Contractor must comply with Minn. Stat. § 325E.385-325E.388).

37.3 Coal Tar Sealant Use and Sale Prohibited. The Contractor must comply with Minn. Stat. § 116.202.

37.4 Products Containing Mercury. The Contractor must comply with Minn. Stat. 116.92.

38. Printers and Multi-Functional Devices.

The Contractor must indicate in the catalog or other marketing materials if the product will not operate, is not intended to operate, or will not operate under full manufacturer's warranty, using paper with a post-consumer recycled content. If marketing material is silent about using recycled content paper, the Contractor agrees that the product meets or exceeds the State's requirements.

39. Paper and Printing Requirements.

In accordance with Minn. Stat. § 16C.073, when practicable under the scope of the Contract, the Contractor shall:

- use uncoated office paper and printing paper;
- use recycled content paper with at least 30 percent post-consumer material by weight;
- use paper which has not been dyed with colors, excluding pastel colors;
- use recycled content paper that is manufactured using little or no chlorine bleach or chlorine derivatives;
- use reusable binding materials or staples and bind documents by methods that do not use glue;
- use soy-based inks; and
- produce reports, publications, and periodicals that are readily recyclable.

This requirement does not apply to coated paper that is made with at least 50 percent post-consumer materials.

The Contractor must print documents on both sides of paper where commonly accepted publishing practices allow.

40. Uniforms.

Contractors and their subcontractors shall be properly uniformed prior to entering any facility. The Contractor's or their subcontractor's company name must be identifiable on the uniform.

41. Administrative Personnel Changes.

The Contractor must notify the AMS/Buyer of changes in the Contractor's key administrative personnel, in advance and in writing. Any employee of the Contractor who, in the opinion of the State of Minnesota, is unacceptable, shall be removed from the project upon written notice to the Contractor. In the event that an employee is removed pursuant to a written request from the Acquisition Management Specialist, the Contract shall have 10 working days in which to fill the vacancy with an acceptable employee.

42. Award of Related Contracts.

In the event the State undertakes or awards supplemental Contracts for work related to the Contract or any portion thereof, the Contractor shall cooperate fully with all other Contractors and the State in all such cases. All contracts between subcontractors and the Contractor shall include a provision requiring compliance with this section.

43. Buying "Off" Contract.

This Contract is not exclusive and does not prohibit State agencies from using their delegated local purchasing authority to procure similar goods and services from other vendors.

44. Award of Successor Contracts.

In the event the State undertakes or awards a successor Contract for work related to the Contract or any portion thereof, the current Contractor shall cooperate fully during the transition with all other Contractors and the State in all such cases. All Contracts between subcontractors and the Contractor shall include a provision requiring compliance with this section.

45. IT Accessibility Standard.

The State of Minnesota (Executive branch state agencies) has developed IT Accessibility Standard effective September 1, 2010. The standard entails, in part, the Web Content Accessibility Guidelines (WCAG) 2.0 (Level AA) and Section 508 which can be viewed at: <https://mn.gov/mnit/government/policies/accessibility/>.

The Standards apply to web sites, software applications, electronic reports and output documentation, training delivered in electronic formats (including, but not limited to, documents, videos, and webinars), among others. As upgrades are made to the software/products/subscriptions available through this Contract, the Contractor agrees to develop functionality which supports accessibility. If any issues arise due to nonconformance with the above mentioned accessibility Standards, the Contractor agrees to provide alternative solutions upon request at no additional charge to the State.

When updates or upgrades are made to the products or services available through this Contract, the Contractor agrees to document how the changes will impact and/or improve the product's/service's accessibility and usability. This documentation, upon request, must be provided to the State in advance of the change, occurring within an agreed upon timeframe sufficient for the state to review the changes and either approve them or request a remediation plan from the Contractor. If agreed-upon updates fail to improve the product or service's accessibility or usability as planned, the failure to comply with this requirement may be cause for contract cancellation or for the State to consider the Contractor in default.

46. Nonvisual Access Standards.

Pursuant to Minn. Stat. §§ 16C.145, the Contractor must comply with the following nonvisual technology access standards to the extent required by law:

- That the effective interactive control and use of the technology, including the operating system applications programs, prompts, and format of the data presented, are readily achievable by nonvisual means;
- That the nonvisual access technology must be compatible with information technology used by other individuals with whom the blind or visually impaired individual must interact;
- That nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public; and
- That the nonvisual access technology must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired; and

- Executive branch state agencies subject to Section 16E.03, subdivision 9, are not required to include nonvisual technology access standards developed under this Section in contracts for the procurement of information technology.
- These standards do not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

47. Supply Chain Security.

Notwithstanding anything else in this Section, this Section does not and shall not limit any other rights of the State under this Contract, including, but not limited to, warranties, acceptance, and return policy, if any.

47.1 Security Practices and Preventive Controls. The Contractor will use reasonable commercial efforts to ensure that the Contractor and any subcontractors or third parties involved in assembling, manufacturing, packaging, distributing, handling, warehousing, transporting or shipping State goods, including goods intended to be but not yet delivered to the State, meet all applicable security standards and all applicable local, state, federal, and international laws, rules and regulations (hereinafter “supply chain security”).

Contractor must maintain certification/accreditation in an official supply chain security program and comply with that program’s security standards for all orders sourced from the Contract. Official supply chain security program is defined as one of the following: ISO 28000 or 27036 (as applicable), SAE AS5553 or other SAE standard (as applicable), Customs-Trade Partnership Against Terrorism (C-TPAT), Authorized Economic Operator (AEO), or other program accepted in writing by the State, Office of MN.IT Services (f/k/a Office of Enterprise Technology and d/b/a MN.IT or MN.IT Services)(“MN.IT”) and the State, Department of Administration’s Office of State Procurement (“OSP”). To demonstrate certification/accreditation, Contractor must provide to OSP and MN.IT within one month following the effective date of this Contract or amendment adding this Section, whichever is later, a letter verifying its certification/accreditation in an official supply chain security program. Contractor will promptly notify OSP and MN.IT of any change to its certification/accreditation.

Alternatively, if Contractor is not certified/accredited or loses certification/accreditation, Contractor must complete a MN.IT security form to confirm that it complies with supply chain security. The form will require supporting documentation of any responses and must be completed to MN.IT’s satisfaction.

47.2 Notification of Supply Chain Security Breach. Contractor will promptly notify OSP, MN.IT, and the ordering entity, if different from MN.IT, of any breach of supply chain security involving State goods, including goods intended to be but not yet delivered to the State. Breach of supply chain security includes, but is not limited to, cargo theft, tampering, unauthorized access, or other activities that involve suspicious actions or circumstances. Goods received with viruses, malware or similar security deficiencies constitute breach of supply chain security.

47.3 Return/Rejection of Goods. Notwithstanding anything to the contrary, if a breach of supply chain security has occurred or the State in good faith suspects a breach may have occurred, including evidence that packaging or goods were tampered with or damaged, the State may reject delivery of those goods or return any of those goods already delivered. Breach of supply chain security has the meaning described in the preceding Subsection “Notification of Supply Chain Security Breach.” Rejection of delivery or return of goods shall be solely the responsibility and at the cost and expense of the Contractor.

The State may sanitize or destroy components of the goods prior to returning the goods to Contractor or instruct Contractor to promptly sanitize or destroy goods upon their return. Following the completion of any such sanitization or destruction, and upon request by MN.IT, the Contractor shall provide a Certificate of Data Destruction/Sanitization that meets the requirements of the then current version of NIST Special Publication 800-88 or DOD 5220.22-M Supplement. The Certificate of Data Destruction/Sanitization must be provided to MN.IT, if requested, within one month following the return of the goods.

At no additional expense to the State, Contractor must provide within a reasonable time frame replacement goods for any goods that were rejected at delivery or returned due to a supply chain security breach. Any costs and expenses associated with removal or replacement of the goods, including sanitization and destruction costs and expenses, will be the responsibility of the Contractor.

48. PCI Language.

*All of Contractor's systems and components that process, store, or transmit Cardholder Data shall comply with the most recent version of the Payment Card Industry Data Security Standard ("PCI DSS") promulgated by the PCI Security Standards Council, available online at: https://www.pcisecuritystandards.org/document_library. The Contractor shall, upon request, provide the State with Contractor's current Attestation of Compliance signed by a PCI QSA ("Qualified Security Assessor"). For purposes of this sub-section, "Cardholder Data" has the meaning defined by the PCI Security Standards Council, Payment Card Industry (PCI) Data Security Standard (DSS) and Payment Application Data Security Standard (PA-DSS), **Glossary of Terms, Abbreviations, and Acronyms**, available online at: https://www.pcisecuritystandards.org/document_library.*

Exhibit B: Insurance Requirements

1. Notice to Contractor.

- 1.1 The Contractor is required to submit Certificates of Insurance acceptable to the State as evidence of insurance coverage requirements prior to commencing work under this Contract.
- 1.2 The Contractor shall not commence work under the contract until they have obtained all the insurance described below and the State has approved such insurance. Contractor shall maintain such insurance in force and effect throughout the term of this Contract, unless otherwise specified in this Contract
- 1.3 The failure of the Contractor to provide a Certificate of Insurance, for the policies required under this Contract or renewals thereof, or failure of the insurance company to notify the State of the cancellation of policies required under this Contract shall not constitute a waiver by the State to the Contractor to provide such insurance.
- 1.4 The State reserves the right to immediately terminate this Contract if the Contractor is not in compliance with the insurance requirements and retains all rights to pursue any legal remedies against the Contractor. All insurance policies must be open to inspection by the State, and copies of policies must be submitted to the State's Authorized Representative upon written request.

2. Notice to Insurer.

- 2.1 The Contractor's insurance company(ies) waives its right to assert the immunity of the State as a defense to any claims made under said insurance.
- 2.2 Insurance certificate holder should be addressed as follows:

State of Minnesota
50 Sherburne Avenue, Room 112
St. Paul, MN 55155

3. Additional Insurance Conditions. The following apply to the Contractor, or the Contractor's subcontractor:

- 3.1 Contractor's policy(ies) shall be primary insurance to any other valid and collectible insurance available to the State with respect to any claim arising out of Contractor's performance under this Contract.
- 3.2 If Contractor receives a cancellation notice from an insurance carrier affording coverage herein, Contractor agrees to notify the State within five (5) business days with a copy of the cancellation notice, unless Contractor's policy(ies) contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to the State;
- 3.3 Contractor is responsible for payment of Contract related insurance premiums and deductibles;
- 3.4 If Contractor is self-insured, a Certificate of Self-Insurance must be attached;
- 3.5 Contractor's policy(ies) shall include legal defense fees in addition to its policy limits with the exception of professional liability.
- 3.6 Contractor's insurance companies must either (1) have an AM Best rating of A- (minus) and a Financial Size Category of VII or better, and be authorized to do business in the State of Minnesota or (2) be domiciled in the State of Minnesota and have a Certificate of Authority/Compliance from the Minnesota Department of Commerce if they are not rated by AM Best.

3.7 An Umbrella or Excess Liability insurance policy may be used to supplement the Contractor's policy limits to satisfy the full policy limits required by the Contract.

4. Coverages. Contractor is required to maintain and furnish satisfactory evidence of the following insurance policies:

4.1 **Network Security and Privacy Liability Insurance (or equivalent).** The coverage may be endorsed on another form of liability coverage or written on a standalone policy. Contractor shall maintain insurance to cover claims which may arise from failure of Contractor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data including but not limited to confidential or private information, transmission of a computer virus or denial of service. Insurance minimum limits are as follows:

\$2,000,000 per occurrence
\$2,000,000 annual aggregate

The following coverage shall be included: State of Minnesota named as an Additional Insured unless the coverage is written under a Professional Liability policy.

4.2 **Privacy Liability Insurance (or equivalent).** The coverage may be endorsed on another form of liability coverage or written on a standalone policy. The Contractor shall maintain insurance to cover claims which may arise from failure of the Contractor to ensure the security of not public data stored on the State's documents, including but not limited to paper, microfilms, microfiche, magnetic computer tapes, cassette tapes, photographic negatives, photos, hard disks, floppy disks, and carbon sheets, while in the Contractor's care, custody, and control. Insurance minimum limits are as follows:

\$2,000,000 - Per Occurrence
\$2,000,000 - Annual Aggregate

The following coverage shall be included: State of Minnesota named as an Additional Insured unless the coverage is written under a Professional Liability policy.

Exhibit C: Specifications, Duties, and Scope of Work

1. **Scope.** The Contractor(s) must be able to provide a full line of office business supplies for order at contracted rates through an online ordering system and provide delivery of all orders to locations throughout the entire state of Minnesota. The Contractor(s) must also provide adequate staff for customer service, order execution, order support and overall contract management. The State reserves the right to award multiple Contractors if the State believes that is in the State's best interest. The State also reserves the right to review NASPO, National Association of Procurement Officers, Contracts or other contracts available to the State of Minnesota to determine if it is in the best interest of the State to participate in those contracts in lieu of or in addition to this contract.
2. **Material and Operational Requirements.**
 - 2.1. Product Availability. The Contractor acknowledges that the products included in their Price List must be available for ordering at time of Contract award and throughout the life of the Contract unless discontinued by the manufacturer. Changes to the products or product specifications offered in the Price List cannot be made without prior written approval from the Acquisitions Management Specialist (AMS).
 - 2.1.1. Next Day Fill Rate. The Contractor must maintain an average Next Day Fill Rate of 98%.
 - 2.1.1.1. The Next Day Fill Rate shall be determined on the percentage of complete orders delivered to the customer the following business day.
 - 2.1.1.2. The Contractor must establish a cut off time between 1PM and 5PM day of order for Next Day Order delivery.
 - 2.1.2. Backorders. Repeated back-ordering may be cause for Contract cancellation. The Contractor must maintain a monthly statewide average Next Day Fill Rate of 98% or better. Products that are reordered, backordered or partially filled are not considered filled items when calculating this service level. Orders not filled and partials shall be indicated on the packing slip. The packing slip or other written correspondence with the end user shall indicate the availability date of non-filled and partial orders. Should the Contractor fail to meet the agreed-upon delivery schedule, making it necessary for an agency to purchase urgently needed items from another source, the Contractor, upon notice from the AMS, shall be required to pay the difference between the Contract price and the Customer's purchase price. If the Fill Rate falls below 98% for three consecutive months and the Contractor fails to provide an explanation for the reduction which is satisfactory to the AMS, the State may cancel the Contract with a 30-day written notice to the Contractor.
 - 2.1.3. Returns. Any products delivered in unacceptable condition, in excess of the amount authorized by the ordering entity, not ordered by the ordering entity or items substituted without prior approval may, at the discretion of the ordering entity, be returned to the Contractor at the Contractor's sole expense. Products delivered in unacceptable condition shall be replaced, at the ordering agencies discretion, within the standard delivery time.
 - 2.1.3.1. If the ordering agency decides to return the product without replacement, credit for the returned goods shall be made immediately. If the Contractor has not picked up or provided for the return of rejected goods within 10 State business days of written notification of rejection, the ordering entity may dispose of the product as they see fit. The Contractor shall credit the cost of the goods regardless.
 - 2.1.4. Return Rates. The Contractor shall maintain an average Return Rate of 2% or less.
 - 2.1.4.1. Returns due to damaged items, items sent in error, items substituted without prior approval or any other Contractor error will be considered in determining return rates.

- 2.1.4.2. Returns due to ordering errors or items returned by the end user because the item ordered doesn't meet their needs will not be counted in the return rate.
- 2.1.5. Cancellations. Contractor shall agree that there will be no cancellation of ordered products without an equal or acceptable replacement approved by the State of Minnesota Acquisitions Management Specialist (AMS). The Contractor shall communicate discontinuation of products to the AMS and work with the AMS to identify and implement alternative options that shall maintain quality at the same or reduced costs. The Contractor shall provide, upon request, reports, displaying removed SKUs and suggested replacements.
- 2.1.6. Substitutions. The Contractor may not substitute any product on orders without prior written consent of the AMS.
- 2.1.6.1. Substitutions are defined as: The act of replacing any item with an alternate item via use of software or other method, resulting in the substitution of said item on any given order.
- 2.1.6.2. A written consent to substitute from the AMS shall not be considered approval to substitute said item on future orders unless expressly stated in the written consent.
- 2.1.7. EPP Product Substitution Program. The State of Minnesota requires there be an optional use Environmentally Preferable Product (EPP) Substitution Program. The Acquisition Management Specialist (AMS) and the Contractor may establish programs to substitute EPPs when such products are readily available at a competitive cost and satisfy the customer's performance needs. Any proposed substitutions must be submitted in writing (email preferred) to the AMS at least 2 weeks prior to the scheduled start date for the substitution(s). The Contractor must provide the following information:
- 2.1.7.1. Name, agency and contact information of Customer requesting the substitutions.
- 2.1.7.2. List of products that will be substituted and the products they will be substituted with including descriptions, environmental specifications and pricing information for both products.
- 2.1.7.3. A system of icons, suggestion, or other means that alert users to EPP alternatives that are comparable when ordering.
- 2.1.7.4. Changes to the substitution program requirements may be made upon mutual agreement by the Contractor and the AMS and set forth in writing via e-mail or duly executed amendment to the Contract, whichever the State determines is in its best interest.
- 2.1.8. Vendor Agreements. The Contractor must inform the State of any license agreements, maintenance agreements, or any other documents of similar nature, that are pertinent to the products offered on the Product List. The State reserves the right to review and approve these agreements and determine if they affect the Specifications, Duties, and Scope of Work of this contract. If the State determines such the State may take actions including, but not limited to exclusion of specific products, exclusion of product lines or brands, and termination of the Contract.
- 2.1.9. Additional Items. The State reserves the right to add or delete products/items or related services during the life of the Contract. The State reserves the right to work with the Contractor and allow private label or low-cost alternative products during the life of the contract if these alternatives are found to be of approved equal quality to the current items. The State will be the sole judge in determining if an alternative item is an approved equal.
- 2.1.10. Excluded and Restricted Items. The following items are excluded from this contract unless written approval is granted by the Acquisition management Specialist (AMS): office furniture, seating,

multifunctional copiers, audio visual equipment, computer hardware, software and software maintenance. Items may be added or removed from this list over the life of the contract via a duly executed amendment to the Contract.

2.1.11. Paper Made in Minnesota. 2013 Minnesota Session Laws, Chapter 85, Article 5, Section 1, amends Minnesota Statute of 2012, section 16C.073, subdivision 2, requires that 'whenever practicable, a public entity shall purchase paper which has been made on a paper machine located in Minnesota. The Contractor will present options of competitive price and quality, when available, for paper made in and outside of Minnesota to the AMS for State approval of use on this contract. The State will determine the most practicable option.

2.1.12. Recycle Content for Paper. All paper must be 30% recycled content or higher for 8.5x11, 11x17 and 8.5x14 twenty pound (20 Lb.) 92 Brightness paper. No virgin paper for these sizes and specifications will be allowed or available for use on this contract.

2.2. Contract Management. The purchasing volume of the State is generated from hundreds of end-users. These end-users have become accustomed to a high level of service supported by professionals who have deep experience in the office products industry and with State Agency and CPV needs. There is a high degree of risk involved with awarding a Contract to a vendor who is understaffed or whose staff is unprepared to support the needs of a complex purchasing community the size of the State of Minnesota. The Contractor must provide appropriate staffing and staff competency.

2.2.1. Training. The Contractor shall provide training as necessary, at no additional cost to the State of Minnesota and CPV members, on all aspects of ordering, delivery, return, and customer service processes. Training shall be made available throughout the State. Training shall be ongoing throughout the life of the Contract.

2.2.2. Account Manager. The Contractor shall provide Account Manager(s) assigned to answer questions and resolve problems that arise. The Account Manager(s) shall be available, at a minimum, 8:00 AM to 4:30 PM Central Time, Monday through Friday, except State Holidays. If the need arises, based on the number of calls being received, additional Account Managers may need to be assigned. Account Manager(s) shall have online access to information to provide immediate responses to inquiries concerning the status of orders (shipped or pending), delivery information, back-order information, State-wide contract pricing, contracted product offerings/exclusions, billing questions or issues, contract compliance requirements, and general product information. Account Manager(s) shall be available by phone (via local or toll-free number), fax, or email.

2.2.3. Reports and Reporting. The Contractor will provide quarterly Usage Reports and Diverse Spending reports as listed in Exhibit A. In addition to these the Contractor will provide the following reports:

2.2.3.1. Annual Reports. The following reports will be required annually (on a State of Minnesota fiscal year basis July 1 to June 30).

2.2.3.1.1. Annual Fill Rate Report. The Annual Fill Rate Report must show the total orders, orders filled on time and the percentage Fill Rate.

2.2.3.1.2. Annual Return Rate Report. The Annual Return Rate Report must show the total orders, total returns and the total percentage Return Rate.

2.2.3.2. Quarterly Reports. The following reports will be required quarterly.

2.2.3.2.1. Quarterly Environmental Reports. The State of Minnesota Contract Compliance Management System (CCMS) must be utilized to report annual Environmental Reports including but not limited to:

- 2.2.3.2.1.1. Paper Report. The Paper Report must include, but may not be limited to, agency or CPV name, number of reams purchased, price per ream, percent postconsumer recycled content, paper size.
- 2.2.3.2.1.2. Toner Report. The Toner Report must include agency name, cartridge model number, cartridge type (remanufactured (reman) or original equipment manufacturer (OEM), toner color (monochrome or color), cartridge cost.
- 2.2.3.2.1.3. Toner Cost Savings Report. The Toner Cost Savings Report must include total number of remans purchased, total number of OEMs purchased, total dollars saved by purchasing remans, total potential dollars saved by purchasing remans for all possible toner cartridges.
- 2.2.3.3. Other and Ad Hoc Reports. In addition to the annual reports, reports may be requested by individual customers or the AMS as needed. These include but are not limited to:
 - 2.2.3.3.1. Alternative green products report: report must include a list of products commonly purchased by the agency, the unit price for each product, a list of alternative green products, the unit price for each alternative green product, and the cost difference between the current product and the alternative green product.
 - 2.2.3.3.2. General Sales Reports. Ad hoc reports could include, but will not be limited to, the following information:
 - 2.2.3.3.2.1. The Contract Number
 - 2.2.3.3.2.2. Details of product ordered
 - 2.2.3.3.2.3. Name and contact information of the customer
 - 2.2.3.3.2.4. Purchase order or transaction order number
 - 2.2.3.3.2.5. Date ordered
 - 2.2.3.3.2.6. Quantity of each item ordered
 - 2.2.3.3.2.7. Unit purchase price and extended total for each item ordered
 - 2.2.3.3.2.8. Backordered products and time to delivery
 - 2.2.3.3.2.9. Discontinued and/or substituted items
- 2.3. Ordering. It is the intention of the State that most orders will be processed through the Contract Vendor's online catalog. Customers may place orders using a State purchase order document.
 - 2.3.1. There will be no additional costs or fees for placing purchase orders online or via purchase order document.
 - 2.3.2. Contract Terms and Pricing shall solely govern the resulting purchase orders.
 - 2.3.3. The Contractor will not require a minimum order under any circumstance.
 - 2.3.4. Online Catalog and Ordering Capability. The State intends to use a password protected online catalog for most of the purchases made from this Contract. The Contractor's online ordering catalog shall provide help functions, order tracking and saving, and related item prompts, standard unit of measure, item status, contract price, description, environmental information and photo. The Contractor must be able to provide at least two ordering platforms that would allow full and limited access to ordering items in the online catalog. The Contractors must be able to provide non-ordering access for end users that want to review items but are blocked from ordering.
 - 2.3.4.1. Catalog Changes. Contractor shall not change catalogs without prior written approval from the AMS. Any request to change catalogs must be received by the AMS at least 90 days prior to the proposed change and contain detailed information and pricing to show that the change in catalog will not adversely affect Contract terms or pricing.

- 2.3.4.2. CSR Support for Online Orders. The Contractor shall also be responsible for making available a customer service representative/technical support person to handle online orders and mitigate any order-related or technical issues.
- 2.3.4.3. Online Catalog Pricing. Prices must be charged at the Contract rate. Repeated instances of the Customer being overcharged may result in Contract cancellation.
- 2.3.5. Desired Punchout Platform Ordering Integration. See section 8 for detail.
- 2.4. Delivery. The Contractor must be able to deliver to any location within Minnesota for all products for all State Agency and CPV member locations. Delivery must be made according to the instructions on the purchase order.
 - 2.4.1. Delivery Instructions. Delivery instructions include but are not limited to:
 - 2.4.1.1. Delivery may be to a dock or a specific office or location within a building.
 - 2.4.1.2. If the Contractor uses an independent company to provide the delivery, the Contractor is responsible for ensuring that the delivery is made according to the instructions on the purchase order.
 - 2.4.1.3. Deliveries shall be performed during regular working hours, usually between 8:00 AM to 4:30 PM Monday through Friday. Delivery at other times can be made with the approval of the ordering entity.
 - 2.4.1.4. The State reserves the right to add CPV members located outside Minnesota to the Contract upon mutual agreement by all parties. The addition on CPV members located outside Minnesota will be added via a duly executed amendment to the Contract.
 - 2.4.1.5. The Contractor must adhere to established security and/or property entrance policies and procedures established by each ordering entity. The Contractor is responsible to inquire about those policies and procedures prior to delivery. The Contractor must be prepared to supply a list of driver's names and any other information including but not limited to background checks to any entity that requires that information. The Contractor is advised that all vehicles are subject to be inspected upon entering and leaving the Department of Corrections facilities or other facilities if required. The ordering agency will be solely responsible for any and all costs associated with background checks or other security requirements. Costs associated with background checks must be approved by the ordering agency in writing prior to these costs being incurred.
 - 2.4.2. Shipping. All items shipped or delivered must have the following:
 - 2.4.2.1. Packing Label. A packing label must be on each package and should contain the following items, visible on the outside of the package:
 - 2.4.2.1.1. Customer
 - 2.4.2.1.2. Address
 - 2.4.2.1.3. Order Number
 - 2.4.2.1.4. Delivery Instructions from the Purchase Order
 - 2.4.2.1.5. Customer Contact
 - 2.4.2.1.6. Telephone Number
 - 2.4.2.1.7. Number of Boxes being delivered
 - 2.4.2.2. Packing Slip. A packing slip must be included with each shipment and should include the following information (in no particular order):
 - 2.4.2.2.1. Line Item Description
 - 2.4.2.2.2. Any notes included on the order
 - 2.4.2.2.3. Quantity ordered
 - 2.4.2.2.4. Quantity included in shipment
 - 2.4.2.2.5. Any backorder items and expected delivery date for those items

- 2.4.2.2.6. Purchase order or transaction order number
- 2.4.2.2.7. Ordering Entity name
- 2.4.2.2.8. Delivery location
- 2.4.2.2.9. All other information contained on the packing label

2.4.3. Freight Policy. All shipments shall be FOB Destination, prepaid and allowed with the cost of freight included in the cost of the goods, delivered and unloaded to the specified location as requested by the customer. The Contractor shall be responsible for filing and expediting all freight claims with the carrier. Emergency/rush/out of state delivery requiring special shipping and handling may be at Customer's expense with prior written approval from the ordering entity. Rush delivery that occurs as a result of the Contractor's error shall be free of charge.

2.4.4. Anti-Idling Vehicle Ordinance Compliance. The City of Minneapolis has enacted an Anti-Idling Vehicle Ordinance. The Cities of St. Cloud and Owatonna have similar policies in specific zoning areas. Other Cities may add or amend an ordinance over the life of the Contract. The Contract Vendor must have an idle reduction policy that will comply with the current City of Minneapolis, St. Cloud and Owatonna ordinances.

2.4.4.1. Minneapolis ordinance. Can be found at:

http://www.minneapolismn.gov/environment/air/airquality_antiidling_home

2.4.4.2. St. Cloud. Ordinance Code Section 706:10. Idling of Engines.

2.4.4.3. Owatonna. Owatonna City Code Section 900:10. Idling of Engines in Residential Districts.

2.5. Contractor Representations and Warranties. Contractor warrants that all products shall be new, unused, current production models (where applicable), and shall be free from defects in materials, and design. Where specifications have been published and/or implied through reference to a specific product as part of the products offered Price List. Contractor further warrants that all products shall conform to the published specifications and meet or exceed all quality and safety standards of the Contract.

2.5.1. Manufacturer Warranties. Contractor shall have any and all manufacturer warranties applicable to the products, if any, transferred to the end user at time of delivery at no charge.

2.5.2. Warranty of Title. The Contractor warrants that all products are free and clear of any liens or encumbrances, and that Contract Vendor has full legal title to such products, and that no other person has any right, title or interest in the products which shall be superior to or infringe upon the rights granted to the end user hereunder.

2.5.3. Remanufactured Toner Cartridges. The State encourages the Contractor to provide a Remanufactured Toner Cartridge Program, see Exhibit C section 4.1. Remanufactured Toner Cartridges (Remans) are not subject to the new and unused requirement of products offered.

2.6. Safety and Health Requirements. The Contractor must be able to meet and provide Safety and Health Requirements including but not limited to:

2.6.1. Federal Health and Safety Standards. The Contractor warrants that products provided under the Contract comply with all applicable federal health and safety standards, including but not limited to, Occupational Safety and Health Administration (OSHA), and Federal UCC standards.

2.6.2. Material Safety Data Sheet (MSDS). The Contractor shall provide the end user with a Material Safety Data Sheets as defined by the Occupational Safety and Health Administration (OSHA) for any goods provided under the Contract which may release or otherwise result in exposure to a hazardous

chemical under normal conditions of use. In addition, Contract Vendor must label, tag or mark such goods.

2.6.2.1. MSDS sheets may be provided in electronic or paper formats.

2.7. Invoicing and Payment. The Contractor shall provide invoices for payment to the end user no later than thirty (30) calendar days from date of delivery. The Contractor shall invoice the end user as specified on the Purchase Order for the items delivered. The Contractor shall include in its invoice the Contract Number, purchase order number, products ordered and volume or quantity of products delivered, the price per item and the total amount due, and agency name and address of where the product was shipped to.

2.8. Excellent Customer Service. The State of Minnesota has high expectations for customer service. Customer Service is a function of how well an organization is able to consistently meet and exceed the needs of the customer.

2.8.1. Customer Service Reviews. The Contractor will commit to regular reviews with the Acquisitions Management Specialist (AMS) or delegate to review issues including internal customer satisfaction and what consistent efforts will be made to improve customer service and satisfaction. Reviews may be done in person or by phone. The schedule of reviews will change as training and implementation is completed or on an as needed basis.

2.8.2. Measuring Customer Service. Customer service will be measured, in part, by the following expectations:

2.8.2.1. Next Day Fill Rate

2.8.2.2. Return Rate

2.8.2.3. Ability to provide assistance with online ordering, invoicing, payments and problem solving

2.8.2.4. Number of Customer Service Representatives (CSR) assigned to this Contract

2.8.2.5. Average time for call backs if CSRs are not available

2.8.2.6. New customer set up time, desired within 1 business day for new customer to be able to order

2.8.2.7. Establishment of Customer Complaint Report for complaints relative to this contract.

2.8.2.7.1. Customer complaint report will be submitted quarterly unless otherwise agreed upon between Contractor and AMS.

2.8.2.7.2. Customer complaint report will include:

2.8.2.7.2.1. Customer Name

2.8.2.7.2.2. Date of Complaint

2.8.2.7.2.3. Nature or specifics of Complaint

2.8.2.7.2.4. Root cause of Complaint

2.8.2.7.2.5. Description of steps to resolve or explanation of any action taken to resolve if any.

2.9. State of Minnesota Targeted/Economically Disadvantaged Vendor Program. The State of Minnesota, Materials Management Division (MMD) operates a program for Targeted Group and Economically Disadvantaged small businesses. Targeted Group small businesses, and Economically Disadvantaged small businesses must be certified as such by MMD in order to participate in the program. Once certified, TG and ED vendors are added to the State's vendor list and are listed in the Directory of Certified TG/ED Vendors. Additional information and the directory of vendors are available at www.mmd.admin.state.mn.us/cpv2.htm.

2.9.1. Contractor TG/ED Program. Contractor must establish a program where the contractor works with Minnesota Certified TG/ED vendors to determine what products can be a part of the Contract and

how the Contractor will make best efforts to increase the number of products available under the Contract acquired from TG/ED businesses.

2.9.1.1. Tracking and Offering. Contractor establishes:

2.9.1.1.1. How they will track TG/ED products and services including order, delivery and invoicing.

2.9.1.1.2. How they will offer or indicate TG/ED products available to the customer.

2.10. State of Minnesota Community Based Facility/Rehabilitation Facility Programs. The State of Minnesota is committed to supporting the use of Minnesota Community Based Facility/ Rehabilitation Facility programs and the use of their products and services whenever possible. Additional information and the directory of Minnesota vendors is available at <http://mn.gov/dhs/people-we-serve/people-with-disabilities/services/direct-care-treatment/contact-us/vocational-services.jsp>.

2.10.1. Inclusion of Community Based Facility/Rehabilitation Facility Programs. Contractor should include these programs in the Contractor TG/ED Program.

2.11. Disaster Recovery. In the event of an emergency or disaster the State can be called upon to provide products available through this Contract at higher than normal usage and after established working hours. The Contractor must establish a plan that details what type of assistance they could provide in the event of a local emergency or disaster. Examples of products currently on our resource list available through the current contract include, but are not limited to, first aid items, cleaning supplies, nitrite gloves, respirators and hand sanitizers. The State may also need basic office supplies to set up emergency office space. These needs cannot always be planned for and same day delivery may need to be requested.

2.12. Supply Chain Disruption. The Contractor must establish a protocol for notifying the Contract Administrator if there are any supply chain disruptions that may significantly affect item availability. The Contractor must continually update the Contract Administrator on resolutions or steps being taken to mitigate effects of supply chain disruptions once the protocol has been enacted.

3. Punch-Out Catalog Solution. A Punch-out Catalog enables the State's buyer or requestor direct connection to the storefront of the Contractor's online catalog. It is an eProcurement solution that will provide access to the Contractor's catalog from the SWIFT eProcurement portal interface. The buyer or requestor "punches out" to the supplier's catalog application through the SWIFT portal, accesses the supplier's catalog, adds items to the shopping cart, and returns those items to create a requisition in the State's eProcurement system. The normal approval and budget processes would be done for the resulting purchase order and sent electronically to the Supplier via cXML or email.

3.1. Timeline. After the contract is fully executed, the Contractor will coordinate and work with the State's SWIFT procurement team to establish a Punch-Out Catalog System within three (3) months. Contractor may coordinate with the Contract Administrator and the SWIFT procurement team for additional time needed to complete the project, if agreeable by both parties.

3.2. Orders. Corporate Purchasing Venture (CPV) members and other entities utilizing this contract is excluded from the Punch-Out Catalog System. Suppliers should provide access to these customers to their online catalogs outside of SWIFT eProcurement.

4. Sustainability Programs. In addition to the required EPP Program, the Contractor offer whenever possible additional Environmental Impact Improvement options.

- 4.1. Remanufactured Toner Program. The Contractor is expected to provide high quality remanufactured toner cartridges with a strong warranty in their toner catalog. A remanufactured printer cartridge is a “used” cartridge that has been restored to its original OEM performance and function and is thereby diverted from the solid waste stream, retaining, to the extent practicable, components that have been through at least one life cycle and replacing consumable or normal wear components. All components used in the construction of remanufactured cartridges shall be dismantled and examined for damage and/or excessive wear and must equal OEM performance and function. In addition, the Contractor is encouraged to offer remanufactured toner cartridge samples to new customers and provide education on the benefits of remanufactured toner cartridges. It is desirable that remanufactured cartridges are third-party certified to meet the EcoLogo Standard CCD-039 or American Society for Testing and Materials (ASTM) Standards or the Standardized Test Method Committee (STMC) Guidelines as they apply to remanufactured toner cartridges. Additional information on these standards can be found at, www.ecologo.org, <http://www.i-itc.org/stmcompanies.htm> and <http://www.astm.org/Standard/index.shtml>.
 - 4.1.1. The Contractor must provide a list or catalog with detailed description in excel or word document of remans provided under the contract.
 - 4.1.2. The Contractor must provide copies of any third-party certification(s)
- 4.2. Packaging. The Contractor is encouraged to offer packaging which:
 - 4.2.1. Is a part of a reusable packaging and delivery box program
 - 4.2.2. Is made from recycled content which meets or exceeds all federal recycled content guidelines (currently 35% post-consumer for all corrugated cardboard) and includes the percentage of recycled content displayed on the outside of the package
 - 4.2.3. Minimizes or eliminates the use of polystyrene or other difficult to recycle materials
 - 4.2.4. Minimizes or eliminates the use of disposable containers such as cardboard boxes
 - 4.2.5. Provides for a no cost return program where packaging can be returned to a specific location for recycling
 - 4.2.6. Contains materials which are easily recyclable in Minnesota
- 4.3. Office Supplies End of Life Recycling Practices: The Contractor is encouraged to take back products at end-of-life to promote reuse, refurbishment, and recycling. The Contractor must provide a list of all items (not remans) that they will take back at end of life.
- 4.4. Delivery Vehicles. The State of Minnesota is committed to improving air quality and reducing greenhouse gas emissions. Contractor commitment to reduce emissions from their vehicles is a way to meet both of these goals.
 - 4.4.1. Vehicle Emissions. On road heavy duty vehicles contribute 45% of all diesel particulate emissions. In order to reduce the air quality and climate impacts associated with the delivery of supplies, the State of Minnesota encourages the Contractor to meet ONE or MORE of the following criteria for all class 6 and larger delivery trucks that will be used for this Contract:
 - 4.4.1.1. Trucks are model year 2007 or newer
 - 4.4.1.2. Trucks are retrofitted with a diesel particulate filter
 - 4.4.1.3. Trucks have a diesel oxidation catalyst
 - 4.4.2. Routing and Route Optimization. The Contractor is encouraged to establish route planning processes that is followed by route drivers in order to minimize fuel consumption.

5. IT Accessibility Standards.

- 5.1. State IT Accessibility Standards. The State of Minnesota has developed IT Accessibility Standards effective September 1, 2010, which entails, in part, the Web Content Accessibility Guidelines (WCAG) 2.0 (Level AA) and Section 508 Subparts A-D which can be viewed at http://www.mmd.admin.state.mn.us/pdf/accessibility_standard.pdf
- 5.2. User Interfaces and Outputs. All user interfaces and outputs, including reports as well as documentation and training should adhere to the accessibility standards. Contractors should submit the Voluntary Product Accessibility Template (VPATs) (Section 508 and WCAG 2.0) regarding training, documentation, reports, and all user interfaces and outputs. See Exhibits A and B for VPAT documents to be completed.

Exhibit D: Pricing

1. Contract Pricing.

- 1.1 In General. Prices listed take into consideration all inherent costs of providing the requested goods and services. The Contractor agrees to pay any and all fees, including, but not limited to: duties, custom fees, permits, brokerage fees, licenses and registrations, government taxes, overhead, profit, parking permits, proper disposal of materials, insurance payments. The State will not pay any additional charges beyond the price(s) listed, unless otherwise provided for by law or expressly allowed by the Contract. The Price List may not include any additional terms or conditions. Prices shall remain firm for the initial term of the Contract. A unit price and a total for the quantity must be stated for each item quoted. Prices must be quoted in United States currency. Any increase to Contract pricing requires a duly executed amendment to this Contract. Contractor may provide lower pricing at its discretion without requiring a duly executed amendment to the Contract.
- 1.2 Discount-off List Pricing. Prices offered for equipment are a percent (%) discount from the Manufacturer's (Original Equipment Manufacturer – OEM) List Price or Dealer's List Price. The discount offered must remain firm, and may be increased, during the life of the Contract. The manufacturer's or dealer's price list may be updated upon mutual agreement by the State and the Contractor through a fully executed amendment, and no more than on an semi-annual basis per contract year.

2. Transportation.

All prices must be FOB Destination, prepaid and allowed (with freight included in the price), to the ordering agency's receiving dock or warehouse, or as otherwise instructed on the PO by the Ordering Entity. Price reductions must be passed on immediately to the State whenever they become effective. In those situations in which the "deliver-to" address has no receiving dock or agents, the Contractor must be able to deliver to the person specified on the PO.

3. Taxes.

Do not add sales tax to the prices being offered. State Agencies hold a Direct Payment Authorization Letter which is used to pay applicable taxes directly to the Department of Revenue. Contractors may go to <http://www.revenue.state.mn.us> to learn about the applicable sales tax (search "Fact Sheet 142").

4. Contract Price Schedule.

Exhibit D: Price Schedule is hereby referenced and incorporated into this contract as the contract price.

4.1 Exhibit D: Price Schedule—Discount Off List Pricing

4.2 Exhibit D: Price Schedule—Price Lists

Exhibit D – Attachment 1
Contract Price Schedule

Attached is a sample invoice and quote.

Contractor is required to use the sample quote and sample invoice for all transactions under this Contract. Contractor may not materially change either document unless the change has been approved in writing by the Commissioner of Administration, as delegated to the Office of State Procurement. Contractor may not modify the sample quote or sample invoice to provide less detail regarding purchases under the Contract. Contractor hereby waives the right to enforce any term in either sample which contradicts or modifies any term of the solicitation or any master contract that may result, including subsequent amendments to the master contract, or would result in an unencumbered expense if enforced against the state or its CPV members. The State anticipates the sample quote and sample invoice will contain, at a minimum:

- Customer name
- State Contract number field
- Item/service description
- Item quantity or service hours
- List price
- Contract discount
- Price after discount

Exhibit E: Additional Attachments

The following documents are attached and incorporated into the contract:

- Attachment F: Punch-Out Catalog Solution
 - Attachment F: Punch-Out Catalog Solution Supplement 1
- Attachment G: Materials and Operational Requirements
- Attachment H: Sustainability Programs

ATTACHMENT F: Punch-Out Catalog Solution

Responder must review section 3 under the Exhibit C: Specifications, Duties, and Scope of Work of the Sample Contract and Exhibits. Enter your responses in the space provided below. If you have catalogs, brochures, or marketing materials to support the questions below, you must label the document as Attachment F - #1, Attachment F - #2, etc.

1. Does your organization have an eCommerce Website?

Yes, Innovative has been serving the State of Minnesota through our eCommerce website since 2009. In 2020, Innovative launched a major update to our eCommerce website to bring a more modern user interface, new features and provide enhanced speed and performance. As part of this update, Innovative brought the development of our eCommerce website in-house to give us greater flexibility to perform future updates and enhancements. We have an aggressive roadmap to continue the enhancement of this system to remain relevant as technology and user needs evolve.

2. Can you provide punchout catalog functionality?

Yes, Innovative has extensive experience in providing punch-out catalog functionality and is already in the process of implementing this with the State of Minnesota. In recent months we've worked closely with the State of Minnesota to design, implement and begin the roll-out process. We believe our insight into individual agency needs and methods of operating were a critical component of designing a successful integration. This roll-out is in its initial stages and Innovative will continue to support the State through full implementation and ongoing support.

We believe it's in the best interest of the State of Minnesota to continue this contract with Innovative to avoid starting the process over with a new supplier who doesn't understand the unique needs of the State. Our unique knowledge of the State agencies and end-users is a critical advantage in delivering a successful punchout across such a complex customer base. Additionally, it's not just about having the basic technology and capabilities, but also in how you deliver that service in a customized, flexible and responsive manner with the critical experience to do it well. This is always the Innovative difference; our local Minnesota on-staff implementors and developers are the key to a successful implementation that helps you meet your goals and look good in the process. You have a local team who is completely focused on the success of the State of Minnesota as one of our most significant customers. No red tape, bureaucracy, or getting lost in a large national organization, you have the full support of Innovative to deliver a customized and effective implementation.

2.1. If YES, describe in full details your company's Punch-Out Catalog Capability.

Innovative has extensive experience with punch-out catalog integrations. Currently we have over 1,400 customers who are set up to shop and submit orders from Innovative via punch-out catalogs, supporting a wide variety of customer platforms such as Ariba, SAP, Oracle, Jaggaer, PeopleSoft, ESM, Sungard, Verian, EqualLevel, Skyward, Smart Finance, Coupa, Paramount and more.

At Innovative, we understand what it takes to provide a successful punch-out experience. It's rarely as simple as just activating such an integration. It requires thoughtful exploration and planning with each customer to ensure their unique needs are being met from a data and workflow perspective. Additionally, we are uniquely equipped with the technical capability of a large organization, but the nimble ability to implement customizations quickly without the lengthy red tape and cumbersome processes you might find with our larger national competitors. We get it done quickly, and correctly – our team is local and there to work directly with you, each employee individually invested in a successful outcome. In one recent example, Innovative was awarded the State of South Dakota office supplies contract ten days from the originally intended start date. We were challenged with

implementing two different punch-out systems within that ten-day window and were successful in meeting this accelerated timeline with all of the necessary adjustments to ensure accurate ordering. This is a story that plays out repeatedly as customers applaud our ability to quickly provide customized punch-out experiences in comparison to past experiences they've had with our competitors.

2.2. If YES, describe what system your company currently uses now, and how.

Innovative utilizes Microsoft Dynamics AX as our ERP platform with a custom eCommerce site that is fully integrated into that solution. This ensures that all data is real-time and accurate at all times. Punchout shopping is performed on our fully-functional eCommerce site, and order submission goes directly into our Microsoft Dynamics AX system for immediate processing.

2.3. If NO, provide a detailed plan of how you will provide Punch-Out Catalog Capability.

2.4. If NO, provide in detail your company's plan to meet the desired timeline called for in the solicitation.

3. Can your Organization support punchout in the form of cXML?

Yes, cXML is our primary method of providing punch-out.

4. Does your Organization currently have live punchout functionality?

Yes, we have over 1,400 customers with punch-out ordering capability to Innovative.

4.1. If yes, is it with a client who has Peoplesoft Application?

Yes, we have implemented punch-out with clients who have the PeopleSoft application.

5. During a Punchout session, can your punchout site display only contract specific items and prices?

Yes, item selection and pricing can be customized/limited to meet your specific needs. Almost all functions of our standard eCommerce site are available in the punch-out shopping experience.

6. What accessibility standards does your punchout website meet?

The Innovative punchout website is the same site as our standard online ordering website. We have submitted the required VPAT forms with our response which outline compliance with Section 508 and WCAG 2.0 A and AA. These forms are attached in our response as document [IT Accessibility – VPAT WCAG2.0 and Section 508](#).

7. Can you provide UNSPSC specific category codes for your items?

Yes, we provide UNSPSC codes in the punchout cart.

8. Can you meet the timeline requirement of establishing the Punch-Out Catalog System within 3 months of the contract being fully executed?

Yes. Since Innovative is already heavily invested in assisting the State of Minnesota with the roll-out of punch-out capability, we anticipate being fully live before this new contract is executed.

Selecting Innovative to continue serving the State of Minnesota under the new contract will allow the State to avoid the significant expense, time and disruption that comes with attempting to re-implement with a new supplier. Innovative is in the unique position of being able to continue without disruption and be live on the first day of the new contract.

ATTACHMENT G: Material and Operational Requirements

The Responder must review Section 2— Material and Operational Requirements under Exhibit C of the Sample Contract and Exhibits and provide in detail its ability to meet the requirements as described. The Responder may reference current portions of their operation by providing detail on factors that may impact this requirement such as supply chain, warehousing, delivery methods, staff levels, order processing capacity and similar components. The Responder may provide detail on ability to scale up and other additional capabilities that will provide ongoing ability to meet this requirement and so on.

The Response must follow the flow of Section 2 line by line. You may provide additional documentation to support your response as needed, however the response should be then set up as an overview document for Attachment G, with specific references to where in your additional material support for each line item is. Or you may incorporate these supporting documents into each section throughout Attachment G. Supplemental documents to support your narrative for Attachment G must be labeled such as.

Enter your response in the space provided below (add as many pages as needed).

2. Material and Operational Requirements Response

2.1. Product Availability. The Contractor acknowledges that the products included in their Price List must be available for ordering at time of Contract award and throughout the life of the Contract unless discontinued by the manufacturer. Changes to the products or product specifications offered in the Price List cannot be made without prior written approval from the Acquisitions Management Specialist (AMS).

Innovative acknowledges this requirement and agrees.

When Innovative was formed in 2001, it was done so to give customers an alternative to many of the practices and service levels often seen at other organizations. Some such practices included the discontinuation of items in order to replace them with higher profit margin products. This is a practice that Innovative is fundamentally opposed to and is an example of the high level of integrity that has caused customers to flock to Innovative and fueled our growth over the last 20 years. Innovative has approached this contract for 11 years with the utmost of integrity and will continue to honor this requirement upon re-award.

2.1.1. Next Day Fill Rate. The Contractor must maintain an average Next Day Fill Rate of 98%.

2.1.1.1. The Next Day Fill Rate shall be determined on the percentage of complete orders delivered to the customer the following business day.

2.1.1.2. The Contractor must establish a cut off time between 1PM and 5PM day of order for Next Day Order delivery.

Innovative has a 20-year strategic relationship with Essendant which allows us to operate with the logistical and fulfillment capability of a multi-billion-dollar enterprise, combined with local flexibility and customer-focused service. This relationship has allowed Innovative to provide a strong track record of high fill rates and service levels over our 11-year history with the State of Minnesota Office Supplies contract. Through this partnership, Innovative provides a company-wide next-day fill rate that exceeds 98%.

Innovative has access to over \$600M in inventory in 32 facilities across the country. Orders for the State of Minnesota will primarily be filled from the Essendant Eagan, MN warehouse, which is further supported by the Essendant Chicago, IL warehouse for Next Day service. This gives the State of Minnesota access to two regional distribution hubs for Next Day delivery, as well as many other nearby distribution centers for additional inventory. A number of years ago we partnered with Essendant to create the overnight shuttle from Chicago which in turn created access to significantly more inventory for Next Day delivery, thus further improving fill rates.

An additional feature that further ensures high fill rates is the dynamic stock check on our online ordering system. This feature will automatically notify a user upon "Add to Cart" if an item is not currently in stock for next day delivery. The user is then provided the option to still order the item or select another similar product.

Innovative will work with the State to provide any additional data and reporting necessary to evaluate and monitor fill rate. We have significant experience in providing customized reports for fill rate metrics according to individual specifications.

Innovative offers a cut off time of 5PM Mon-Fri for Next Business Day delivery.

2.1.2. Backorders. Repeated back-ordering may be cause for Contract cancellation. The Contractor must maintain a monthly statewide average Next Day Fill Rate of 98% or better. Products that are reordered, backordered or partially filled are not considered filled items when calculating this service level. Orders not filled and partials shall be indicated on the packing slip. The packing slip or other written correspondence with the end user shall indicate the availability date of non-filled and partial orders. Should the Contractor fail to meet the agreed-upon delivery schedule, making it necessary for an agency to purchase urgently needed items from another source, the Contractor, upon notice from the AMS, shall be required to pay the difference between the Contract price and the Customer's purchase price. If the Fill Rate falls below 98% for three consecutive months and the Contractor fails to provide an explanation for the reduction which is satisfactory to the AMS, the State may cancel the Contract with a 30-day written notice to the Contractor.

As mentioned above in 2.1.1, Innovative has a strong track record of high fill rates and therefore low backorder rates. This is in part achieved by our partnership with Essendant and having Next Day access to two regional distribution hubs. Innovative will continue its strong track record of compliance with the backorder requirements.

Another method we utilize to reduce backorders is the dynamic stock feature on our ordering website (also available as part of punch-out). At the time of ordering the website automatically notifies the user if an item has insufficient quantity available for next day delivery. This allows them the option to order the item anyway as a backorder, or lets them choose another item, therefore reducing any potential need to incur the expense of sourcing their needs outside of the contract.

In the rare occasion when a backorder does occur, our local Customer Care Studio works directly with the end user to suggest an alternate product that may be available for immediate fulfillment and is in compliance with the contract. Customer Care will contact the end user either via phone or email.

2.1.3. Returns. Any products delivered in unacceptable condition, in excess of the amount authorized by the ordering entity, not ordered by the ordering entity or items substituted without prior approval may, at the discretion of the ordering entity, be returned to the Contractor at the Contractor's sole expense. Products delivered in unacceptable condition shall be replaced, at the ordering agencies discretion, within the standard delivery time.

2.1.3.1. If the ordering agency decides to return the product without replacement, credit for the returned goods shall be made immediately. If the Contractor has not picked up or provided for the return of rejected goods within 10 State business days of written notification of rejection, the ordering entity may dispose of the product as they see fit. The Contractor shall credit the cost of the goods regardless.

Fulfillment accuracy is one of the many reasons that customers select Innovative over our competitors. By partnering with Essendant, 100% of the items come from the same distribution network, whereas most of our competitors combine items from their own warehouses and that of a wholesaler to comprise their full assortment. By utilizing a single distribution network and not having to marry up items for an order, we have greater fulfillment accuracy and therefore fewer returns.

Additionally, many of the locations served under this contract have their deliveries made by an Innovative employee delivery person which serves to reduce the likelihood of an item being delivered in unacceptable condition. Innovative's presence throughout the State of Minnesota offers the largest geographic coverage by employee drivers, contributing to improved product handling and reduced returns. As of January 2021, Innovative added four additional Minnesota locations in Duluth, Hibbing, St Cloud and Wilmar. As these locations come online, it will bring our total to 8 locations throughout the State which will offer the largest employee-delivery experience available to the State of Minnesota.

In the rare event that items are delivered in unacceptable condition, in excess, or inaccurately, Innovative will incur the obligation and cost to return the item and make any necessary replacements immediately.

Innovative is highly responsive in the handling of returns. Our goal is to have returns picked up within 2 days of request and processed through our warehouse within 2 days of pickup. Returns are picked up and processed at no cost to our customers.

2.1.4. Return Rates. The Contractor shall maintain an average Return Rate of 2% or less.

2.1.4.1. Returns due to damaged items, items sent in error, items substituted without prior approval or any other Contractor error will be considered in determining return rates.

2.1.4.2. Returns due to ordering errors or items returned by the end user because the item ordered doesn't meet their needs will not be counted in the return rate.

Innovative has demonstrated a return rate an exceptional return rate with the current State of Minnesota contract. In fact, as shown in our sample report [Attachment K #2 – Return Rate](#) which takes one year in example, we show a return rate of 0.2%.

This outstanding return rate is a testament to the Innovative model and local service approach. When considering the factors outlined above that indicate a return, it demonstrates exceptional quality in fulfillment and delivery. Everyone in our industry has distribution, not everyone can do it in a way that results in such a low return rate.

Our partnership with Essendant, where all orders are filled in one consistent industry-leading platform, ensures that orders are accurate. Most other suppliers, even the large national chains, marry up wholesaler items and items from their own inventory, which leads to greater inaccuracy, extra packages and higher return rates. Additionally, the large reach of our employee driver network ensures that products are delivered carefully, without damage, and to locations specified by end users.

2.1.5. Cancellations. Contractor shall agree that there will be no cancellation of ordered products without an equal or acceptable replacement approved by the State of Minnesota Acquisitions Management Specialist (AMS). The Contractor shall communicate discontinuation of products to the AMS and work with the AMS to identify and implement alternative options that shall maintain quality at the same or reduced costs. The Contractor shall provide, upon request, reports, displaying removed SKUs and suggested replacements.

Innovative agrees to this requirement.

During the recent Covid-19 pandemic and the unavoidable availability constraints with some products, Innovative demonstrated tremendous effort in this area on behalf of the State. Many products in the PPE and Hygiene category became unavailable and per our contract, orders for these items remained open without cancellation. As Innovative worked tirelessly to obtain suitable alternative products, the State of Minnesota was given first access to these products such that we met our contractual obligations as well as doing our part to get PPE and Hygiene products to front-line workers. Innovative employees worked directly with State procurement, and one-on-one with each end user who had an open order to share the available options and meet their needs. Through this challenging period, Innovative was nimble and creative in order to meet the needs of the State. This example serves to demonstrate the unique offering that Innovative provides to the State of Minnesota. The State is a significant customer and therefore receives the highest level of care, with direct access to local ownership and the top level of the organization, coupled with the supplier relationships that ensure your needs are met and you have the highest priority. When a partnership is tested, Innovative always rises to the occasion.

2.1.6. Substitutions. The Contractor may not substitute any product on orders without prior written consent of the AMS.

2.1.6.1. Substitutions are defined as: The act of replacing any item with an alternate item via use of software or other method, resulting in the substitution of said item on any given order.

2.1.6.2. A written consent to substitute from the AMS shall not be considered approval to substitute said item on future orders unless expressly stated in the written consent.

Innovative understands and agrees to all of the requirements surrounding substitutions. Innovative has demonstrated throughout the 11-years of holding the State of Minnesota office supplies contract that it does not have the practice of substituting products without specific consent.

When the State requires, Innovative does have the capability to suggest alternative items at the point of sale, or force substitutions to certain products. These capabilities are only there for us to support the needs of the State and only used upon specific request. An example application of this may be in the case of EPP products as mentioned in 2.1.7 where substitutions are requested and approved by the State. Innovative can implement these tools at an individual agency level.

2.1.7. EPP Product Substitution Program. The State of Minnesota requires there be an optional use Environmentally Preferable Product (EPP) Substitution Program. The Acquisition Management Specialist (AMS) and the Contractor may establish programs to substitute EPPs when such products are readily available at a competitive cost and satisfy the customer's performance needs. Any proposed substitutions must be submitted in writing (email preferred) to the AMS at least 2 weeks prior to the scheduled start date for the substitution(s). The Contractor must provide the following information:

- 2.1.7.1. Name, agency and contact information of Customer requesting the substitutions.
- 2.1.7.2. List of products that will be substituted and the products they will be substituted with including descriptions, environmental specifications and pricing information for both products.
- 2.1.7.3. A system of icons, suggestion, or other means that alert users to EPP alternatives that are comparable when ordering.
- 2.1.7.4. Changes to the substitution program requirements may be made upon mutual agreement by the Contractor and the AMS and set forth in writing via e-mail or duly executed amendment to the Contract, whichever the State determines is in its best interest.

Innovative works collaboratively with our customers to design a program that meets their individual goals. Additionally, over the course of the 11-years Innovative has served the State of Minnesota office supplies contract, we've demonstrated the ability to do this in a manner that customizes the program for each individual agency. Specifically, as it relates to EPP products, Innovative has worked with some State Agencies and CPVs to develop programs that support their EPP goals; for example, green product preferences for the Pollution Control Agency, or Styrofoam-free options for Dakota County (CPV). We will continue to consult with Agencies and CPVs to provide these options.

After understanding the goals of a specific Agency with regards to EPP products, Innovative will demonstrate recommendations on appropriate products to meet those goals. After establishing an agreed upon product strategy with the required approvals, Innovative has several tools available to manage the implementation.

For example, if required by the requesting entity, the Innovative ordering site can be set up to perform the following styles of substitution:

- **Hard Substitution:** When attempting to order a product with a desired alternative, the ordering system can automatically perform the substitution and notify the end user with an on-screen message.
- **Soft Substitution:** This method presents a notification that there is a recommended alternate product and allow the user to make a choice on which to order.

Favorite lists or special links can also be created to curate products that support EPP initiatives. In addition, product pages clearly indicate through icons and other messaging any applicable environmental attributes, certifications, compliance criteria, recycled content and MSDS sheets.

Lastly, customized reporting is available to help agencies measure and report on their EPP initiatives.

2.1.8. Vendor Agreements. The Contractor must inform the State of any license agreements, maintenance agreements, or any other documents of similar nature, that are pertinent to the products offered on the Product List. The State reserves the right to review and approve these agreements and determine if they affect the Specifications, Duties, and Scope of Work of this contract. If the State determines such the State may take actions including, but not limited to exclusion of specific products, exclusion of product lines or brands, and termination of the Contract.

There are no license or maintenance agreements in effect that we believe have any impact on the products offered on the Product List.

2.1.9. Additional Items. The State reserves the right to add or delete products/items or related services during the life of the Contract. The State reserves the right to work with the Contractor and allow private label or low-cost alternative products during the life of the contract if these alternatives are found to be of approved equal quality to the current items. The State will be the sole judge in determining if an alternative item is an approved equal.

Innovative will continue to provide insight and recommendations on how to reduce cost and take full advantage of low-cost alternative products. This is conducted through our regular business review process where usage will be analyzed, and low-cost alternatives demonstrated as options to be considered. Innovative will also work with the State in the implementation of any initiatives to take advantage of alternate products.

2.1.10. Excluded and Restricted Items. The following items are excluded from this contract unless written approval is granted by the Acquisition management Specialist (AMS): office furniture, seating, multifunctional copiers, audio visual equipment, computer hardware, software and software maintenance. Items may be added or removed from this list over the life of the contract via a duly executed amendment to the Contract.

Innovative has an 11-year track record of adhering to these guidelines and restricting products in our offering to ensure compliance.

2.1.11. Paper Made in Minnesota. 2013 Minnesota Session Laws, Chapter 85, Article 5, Section 1, amends Minnesota Statute of 2012, section 16C.073, subdivision 2, requires that 'whenever practicable, a public entity shall purchase paper which has been made on a paper machine located in Minnesota. The Contractor will present options of competitive price and quality, when available, for paper made in and outside of Minnesota to the AMS for State approval of use on this contract. The State will determine the most practicable option.

Innovative has an 11-year track record of adhering to these guidelines by providing and prioritizing selection towards paper made on a paper machine located in Minnesota, as well as providing reporting to demonstrate compliance.

2.1.12. Recycle Content for Paper. All paper must be 30% recycled content or higher for 8.5x11, 11x17 and 8.5x14 twenty pound (20 Lb.) 92 Brightness paper. No virgin paper for these sizes and specifications will be allowed or available for use on this contract.

Innovative will comply and provide support for the State of Minnesota to ensure this requirement is met. This can include blocking of virgin paper SKUs, and/or utilizing substitution logic on the ordering site at the point of ordering if deemed desirable and approved by the State.

2.2. Contract Management. The purchasing volume of the State is generated from hundreds of end-users. These end-users have become accustomed to a high level of service supported by professionals who have deep experience in the office products industry and with State Agency and CPV needs. There is a high degree of risk involved with awarding a Contract to a vendor who is understaffed or whose staff is unprepared to support the needs of a complex purchasing community the size of the State of Minnesota. The Contractor must provide appropriate staffing and staff competency.

Innovative has served this contract since 2009 when the contract first took on this format (moving away from a central-stores model). We helped design the program by connecting individually with each agency and rolling out a highly customized program that met the individual needs of each agency while also serving the greater needs of the State of Minnesota office supply contract.

Through this high-touch customized approach, we've retained the contract for 11 years and significantly expanded the CPV program as more customers wanted to take advantage of what we offer in partnership with the State. We believe we set the bar that is referenced here, and are the only supplier truly equipped with the unique blend of scale and high-touch local service and experience to continue the accustomed-to level of service. A large customer that joined Innovative once said "I never knew what I didn't have until I started working with Innovative. I thought you were all the same". We believe this speaks perfectly to the idea that all in our industry appear to have, and claim, the same capabilities, but no one delivers like Innovative.

As you mention in 2.2, there is great risk in awarding this contract to another supplier, but we feel that risk goes beyond staffing levels or industry experience. We also believe there is a high degree of risk in providing the contract to a company that doesn't have specific experience with the State of Minnesota, its CPVs, and the local hands-on service approach that Innovative provides. With Innovative you get the best experience possible, the scale and capability of a large organization, but a level of service and knowledge that only Innovative is equipped to provide. We wholeheartedly believe that remaining with Innovative is the only path for the State of Minnesota to retain its current service levels, retain the significant growth in the CPV program, and continue to enhance the program even further.

When Innovative took on the State of Minnesota office supplies contract in 2009, we rolled out to approximately 100 State agencies and 88 CPVs. As of 2020, Innovative has grown the CPV program to 226 unique CPV accounts which represents a multi-million dollar increase in the value of this contract for the State of Minnesota. This significant growth in the program is due to the excellent work of the State procurement office in partnership with our industry leading service. Upon award of this contract, Innovative will continue to serve as an ambassador for the State of Minnesota contract, providing more value to more organizations and retaining the growth we've achieved for the contract.

2.2.1. Training. The Contractor shall provide training as necessary, at no additional cost to the State of Minnesota and CPV members, on all aspects of ordering, delivery, return, and customer service processes. Training shall be made available throughout the State. Training shall be ongoing throughout the life of the Contract.

By selecting Innovative to continue as the contract-holder, the State will not incur the significant cost and risk involved in rolling out a new program to thousands of end users. This cost is considerable, and training is just one aspect of where that cost is incurred. In the initial rollout of the program in 2009, thousands of man-hours were invested to train all users and Innovative employees on the program, including the trial and error that comes in getting a new program off the ground and working effectively. This entire cost can be avoided in selecting Innovative and is a significant cost factor when evaluating the overall value of a contract proposal.

Innovative has continued ongoing training as needed throughout the 11-years of holding the contract, ensuring continued success. Additionally, the level of care and training provided in onboarding CPV members has resulted in significant growth and satisfaction with the CPV program.

Any ongoing training can be provided in-person, in group sessions, and through virtual meeting technologies. Innovative will continue to collaborate with the involved parties to determine the most successful method of delivery for future training.

Lastly, Innovative has recently invested in providing Workplace Insights workshops as a tool that can be used to provide learning and discovery on a variety of topics and provide insight back to decision makers. This is a tool we are happy to leverage with the State of Minnesota in any way that it might prove useful.

2.2.2. Account Manager. The Contractor shall provide Account Manager(s) assigned to answer questions and resolve problems that arise. The Account Manager(s) shall be available, at a minimum, 8:00 AM to 4:30 PM Central Time, Monday through Friday, except State Holidays. If the need arises, based on the number of calls being received, additional Account Managers may need to be assigned. Account Manager(s) shall have online access to information to provide immediate responses to inquiries concerning the status of orders (shipped or pending), delivery information, back-order information, State-wide contract pricing, contracted product offerings/exclusions, billing questions or issues, contract compliance requirements, and general product information. Account Manager(s) shall be available by phone (via local or toll-free number), fax, or email.

With Innovative holding the State of Minnesota office supply contract for 11 years, you have access to the best experience available in serving the contract, your end users, and your CPV members. Our model is uniquely structured to provide the highest quality of service, combined with unmatched experience with the State of Minnesota. This experience takes a significant amount of time to develop as each agency has unique needs and important individual relationships which contribute heavily to the success of the program. The details are critical, uncovered over time, and the reason Innovative regularly receives kudos for our service levels and performance. In addition to the significant value this experience brings; it also provides the State with the valuable opportunity to continue this level of service with no interruptions, reduction of quality, or loss of CPV membership upon award of the new contract.

The Innovative customer care approach is built around a model whereby all end-users contact a local Minnesota team dedicated to your contract. This ensures your end users are speaking with someone who knows them and understands their unique needs, in many cases with long-standing personal relationships. The team receives accolades from State of Minnesota and CPV end-users on a regular basis.

State of Minnesota Account Management Structure:

Account Executive

Rick Buranen is the primary individual responsible for the success of State of Minnesota contract and has held this responsibility since the contract was awarded to Innovative 11 years ago. Rick has over 40 years of industry experience and is a highly capable and trusted veteran. Additional Account Executives own relationships with many of the CPV accounts and work in tandem with Rick Buranen to ensure consistency and overall accountability for the program.

Customer Care Studio

Account Management on a daily basis is handled by a studio concept where a dedicated team of individuals manage all of the day-to-day inquiries and functions. There are five individuals in this studio, and all are dedicated to the State of Minnesota contract. Members of this studio are highly experienced in the contract and hold many personal relationships with key stakeholders throughout the State and CPVs. This studio is backed up by an extended team of six individuals who are all cross trained on the State of Minnesota contract to ensure complete coverage at all times. This extended team was incredibly useful during the Covid-19 crisis as we worked directly with hundreds of end-users to navigate their orders of PPE products and work to ensure we effectively distributed all available product. The ability and willingness to flex and work hands-on in this fashion is one of the distinct advantages offered by Innovative.

A key differentiator of the support structure at Innovative is the level of empowerment exercised at the Customer Care level. While Innovative has a very flat structure with no red tape and immediate access to senior management and ownership, we believe the best customer experience comes from training and empowering the front-line employees to make the right decisions to take care of the customer as quickly as possible.

Furthermore, Innovative leadership and ownership is also located in Burnsville, MN and personally committed to ensuring that the State of Minnesota receives the support and resources to be successful.

2.2.3. Reports and Reporting. The Contractor will provide quarterly Usage Reports and Diverse Spending reports as listed in Exhibit A. In addition to these the Contractor will provide the following reports:

2.2.3.1. Annual Reports. The following reports will be required annually (on a State of Minnesota fiscal year basis July 1 to June 30).

2.2.3.1.1. Annual Fill Rate Report. The Annual Fill Rate Report must show the total orders, orders filled on time and the percentage Fill Rate.

2.2.3.1.2. Annual Return Rate Report. The Annual Return Rate Report must show the total orders, total returns and the total percentage Return Rate.

2.2.3.2. Quarterly Reports. The following reports will be required quarterly.

2.2.3.2.1. Quarterly Environmental Reports. The State of Minnesota Contract Compliance Management System (CCMS) must be utilized to report annual Environmental Reports including but not limited to:

2.2.3.2.1.1. Paper Report. The Paper Report must include, but may not be limited to, agency or CPV name, number of reams purchased, price per ream, percent postconsumer recycled content, paper size.

2.2.3.2.1.2. Toner Report. The Toner Report must include agency name, cartridge model number, cartridge type (remanufactured (reman) or original equipment manufacturer (OEM), toner color (monochrome or color), cartridge cost.

2.2.3.2.1.3. Toner Cost Savings Report. The Toner Cost Savings Report must include total number of remans purchased, total number of OEMs purchased, total dollars saved by purchasing remans, total potential dollars saved by purchasing remans for all possible toner cartridges.

2.2.3.3. Other and Ad Hoc Reports. In addition to the annual reports, reports may be requested by individual customers or the AMS as needed. These include but are not limited to:

2.2.3.3.1. Alternative green products report: report must include a list of products commonly purchased by the agency, the unit price for each product, a list of alternative green products, the unit price for each alternative green product, and the cost difference between the current product and the alternative green product.

2.2.3.3.2. General Sales Reports. Ad hoc reports could include, but will not be limited to, the following information:

2.2.3.3.2.1. The Contract Number

2.2.3.3.2.2. Details of product ordered

2.2.3.3.2.3. Name and contact information of the customer

2.2.3.3.2.4. Purchase order or transaction order number

2.2.3.3.2.5. Date ordered

2.2.3.3.2.6. Quantity of each item ordered

2.2.3.3.2.7. Unit purchase price and extended total for each item ordered

2.2.3.3.2.8. Backordered products and time to delivery

2.2.3.3.2.9. Discontinued and/or substituted items

Innovative's reporting capabilities are extremely robust and flexible. One of the attributes that commonly sets Innovative apart from our competition is our ability to quickly generate customized reporting for our customers. Rather than force our customers into what we already have, we routinely customize reports to meet individual customer needs in a way that our competitors struggle to achieve. This is another area in which we've demonstrated a high degree of responsiveness and flexibility for the State of Minnesota over the past 11 years. Several of the reports listed in this RFP were new reports requested during past contract terms and Innovative custom developed these reports to meet the requirements of the State.

We have an on-staff team of developers located in Minnesota who work directly with our customers to meet any custom reporting needs. This approach ensures that the State receives the highest level of technical expertise with the local business approach that avoids the red tape, rigidity and challenges common to larger organizations. We currently provide highly customized reports for many very large and complex organizations, including the State of Minnesota, and will continue to meet any needs as defined in this RFP now and into the future as they arise.

Examples of reports listed are included in our response to Attachment K.

2.3. Ordering. It is the intention of the State that most orders will be processed through the Contract Vendor's online catalog. Customers may place orders using a State purchase order document.

2.3.1. There will be no additional costs or fees for placing purchase orders online or via purchase order document.

Innovative does not charge any fees for placing orders in any fashion.

2.3.2. Contract Terms and Pricing shall solely govern the resulting purchase orders.

Innovative has been recognized for pricing accuracy. In one specific example, the University of Minnesota (current CPV member) accounting team indicated that our accuracy saved them several hours per day of reconciliation time after switching to Innovative from a national big-box supplier.

2.3.3. The Contractor will not require a minimum order under any circumstance.

Innovative does not charge minimum order fees. We will continue to work with the State of Minnesota on analysis of ordering patterns and resulting education for end users that results in efficient and cost-saving ordering practices.

2.3.4. Online Catalog and Ordering Capability. The State intends to use a password protected online catalog for most of the purchases made from this Contract. The Contractor's online ordering catalog shall provide help functions, order tracking and saving, and related item prompts, standard unit of measure, item status, contract price, description, environmental information and photo. The Contractor must be able to provide at least two ordering platforms that would allow full and limited access to ordering items in the online catalog. The Contractors must be able to provide non-ordering access for end users that want to review items but are blocked from ordering.

Innovative offers an extremely robust and functional online ordering platform that the State of Minnesota has used over the past 11 years. In 2020, Innovative performed its most recent upgrade to the platform which further improved the user experience including speed and performance improvements. As part of this update, Innovative brought the development of our eCommerce website in-house to give us greater flexibility to perform future updates and enhancements. We have an aggressive roadmap to continue the enhancement of this system to remain relevant as technology and user needs evolve. This platform provides all of the functionality requirements outlined above.

We currently provide one platform which is browse only without ordering capability, and another for ordering which is then customized to the unique needs of each agency or CPV.

2.3.4.1. Catalog Changes. Contractor shall not change catalogs without prior written approval from the AMS. Any request to change catalogs must be received by the AMS at least 90 days prior to the proposed change and contain detailed information and pricing to show that the change in catalog will not adversely affect Contract terms or pricing.

Innovative agrees with and has demonstrated long-standing compliance with this requirement.

2.3.4.2. CSR Support for Online Orders. The Contractor shall also be responsible for making available a customer service representative/technical support person to handle online orders and mitigate any order-related or technical issues.

With Innovative's model, your dedicated care team is fully trained and capable of handling online ordering support. When users call, email or live chat with an ordering question, they're dealing with the same team and individuals that handle your contract on a daily basis. This ensures that all support is within a single team that has the appropriate context and knowledge to best serve the end user on the first contact without being transferred around. Your dedicated team is also backed by a local technical team to provide any additional expertise necessary. It is our experience that the value of this cannot be overstated – one team, to provide assistance quickly, and correctly.

2.3.4.3. Online Catalog Pricing. Prices must be charged at the Contract rate. Repeated instances of the Customer being overcharged may result in Contract cancellation.

Innovative's website is entirely built upon and connected to our ERP system. All pricing, ordering rules and other important information is pulled directly from our central database/ERP. This ensures 100% pricing accuracy. No matter how you order or interact with regards to pricing, you will always receive the same accurate answer.

Innovative has been recognized for pricing accuracy. In one specific example, the University of Minnesota accounting team indicated that our accuracy saved them several hours per day of reconciliation time after switching to Innovative from a national big-box supplier.

2.3.5. Desired Punchout Platform Ordering Integration. See section 8 for detail.

Innovative has worked recently with the State of Minnesota to design and begin rollout of punchout capability. Innovative played a key role in providing insight into agency specific requirements to ensure the most successful design and plan for implementation.

We offer a unique capability here not only with our specific State experience, but also with our uniquely capable team of on-staff implementors and developers. You have a local team who is completely focused on the success of the State of Minnesota as one of our most significant customers. No red tape, bureaucracy, or getting lost in a large national organization, you have the full support of the most capable local supplier to deliver a customized and effective punchout experience.

2.4. Delivery. The Contractor must be able to deliver to any location within Minnesota for all products for all State Agency and CPV member locations. Delivery must be made according to the instructions on the purchase order.

2.4.1. Delivery Instructions. Delivery instructions include but are not limited to:

2.4.1.1. Delivery may be to a dock or a specific office or location within a building.

2.4.1.2. If the Contractor uses an independent company to provide the delivery, the Contractor is responsible for ensuring that the delivery is made according to the instructions on the purchase order.

2.4.1.3. Deliveries shall be performed during regular working hours, usually between 8:00 AM to 4:30 PM Monday through Friday. Delivery at other times can be made with the approval of the ordering entity.

2.4.1.4. The State reserves the right to add CPV members located outside Minnesota to the Contract upon mutual agreement by all parties. The addition on CPV members located outside Minnesota will be added via a duly executed amendment to the Contract.

2.4.1.5. The Contractor must adhere to established security and/or property entrance policies and procedures established by each ordering entity. The Contractor is responsible to inquire about those policies and procedures prior to delivery. The Contractor must be prepared to supply a list of driver's names and any other information including but not limited to background checks to any entity that requires that information. The Contractor is advised that all vehicles are subject to be inspected upon entering and leaving the Department of Corrections facilities or other facilities if required. The ordering agency will be solely responsible for any and all costs associated with background checks or other

security requirements. Costs associated with background checks must be approved by the ordering agency in writing prior to these costs being incurred.

Innovative currently works with agencies and end users to make deliveries to specific locations based on their individual preference. These include dock, copy room, break room, and desktop deliveries as specified. For example, at DHS our delivery driver goes to every single floor and mail stop to make deliveries.

Innovative drivers have all required certifications and are highly trained in safety and customer service to ensure a safe and efficient delivery experience for our customers. As the incumbent provider to the State, our drivers are already familiar with the strict delivery requirements of secure locations and have passed necessary background checks and drug tests, thus allowing no interruption or reduction of quality upon award of the contract. Innovative has been serving thousands of shipping addresses for the State of Minnesota and its CPVs since 2009 and carries unmatched experience in this area.

Innovative delivers the majority of our shipments to the State of Minnesota on our own company-owned and/or leased trucks with full-time, uniformed employee drivers. We believe we have the largest network of employee delivery in Minnesota. We currently provide Innovative employee delivery in the 10-county twin cities metro area, as well from locations in Alexandria, Bemidji, and locations in South Dakota and North Dakota. Additionally, effective January 2021, we recently acquired locations to expand employee delivery in Duluth, St Cloud, Willmar, Hibbing, and locations in Western Wisconsin.

The value of employee delivery personnel cannot be understated as well as their individual experience with the State of Minnesota locations. Our drivers are among the most experienced in the industry and are trained to provide a high level of customer service during deliveries while being fully empowered to act on behalf of our company to meet the needs of our customers.

2.4.2. Shipping. All items shipped or delivered must have the following:

2.4.2.1. Packing Label. A packing label must be on each package and should contain the following items, visible on the outside of the package:

- 2.4.2.1.1. Customer
- 2.4.2.1.2. Address
- 2.4.2.1.3. Order Number
- 2.4.2.1.4. Delivery Instructions from the Purchase Order
- 2.4.2.1.5. Customer Contact
- 2.4.2.1.6. Telephone Number
- 2.4.2.1.7. Number of Boxes being delivered

2.4.2.2. Packing Slip. A packing slip must be included with each shipment and should include the following information (in no particular order):

- 2.4.2.2.1. Line Item Description
- 2.4.2.2.2. Any notes included on the order
- 2.4.2.2.3. Quantity ordered
- 2.4.2.2.4. Quantity included in shipment
- 2.4.2.2.5. Any backorder items and expected delivery date for those items
- 2.4.2.2.6. Purchase order or transaction order number
- 2.4.2.2.7. Ordering Entity name

2.4.2.2.8. Delivery location

2.4.2.2.9. All other information contained on the packing label

Innovative currently complies with, and will continue to comply with, all the requirements outlined above for Packing Labels and Packing Slips. Examples have been included in our response to Attachment J.

2.4.3. Freight Policy. All shipments shall be FOB Destination, prepaid and allowed with the cost of freight included in the cost of the goods, delivered and unloaded to the specified location as requested by the customer. The Contractor shall be responsible for filing and expediting all freight claims with the carrier. Emergency/rush/out of state delivery requiring special shipping and handling may be at Customer's expense with prior written approval from the ordering entity. Rush delivery that occurs as a result of the Contractor's error shall be free of charge.

Innovative will continue to comply with this policy.

Emergency/rush/out-of-state delivery is an option available to all users of the contract through our national distribution network and courier partnerships. Fee's may be associated with this service but will always be approved first by the customer. If such a delivery is required due to an error by Innovative, there will be no delivery cost.

2.4.4. Anti-Idling Vehicle Ordinance Compliance. The City of Minneapolis has enacted an Anti-Idling Vehicle Ordinance. The Cities of St. Cloud and Owatonna have similar policies in specific zoning areas. Other Cities may add or amend an ordinance over the life of the Contract. The Contract Vendor must have an idle reduction policy that will comply with the current City of Minneapolis, St. Cloud and Owatonna ordinances.

2.4.4.1. Minneapolis ordinance. Can be found at:

http://www.minneapolismn.gov/environment/air/airquality_antiidling_home

2.4.4.2. St. Cloud. Ordinance Code Section 706:10. Idling of Engines.

2.4.4.3. Owatonna. Owatonna City Code Section 900:10. Idling of Engines in Residential Districts.

Innovative is committed to an ongoing mission of responsible stewardship and to drive positive changes in our environment and community. All Innovative delivery drivers are trained in the referenced anti-idling vehicles ordinances and must not leave their trucks idling for more than three minutes in a one-hour period. Innovative reinforces the Idle Reduction policy at regular driver meetings and evaluations. Drivers are subject to random spot checks and failure to comply could lead to a \$200 fine and may result in disciplinary action, up to and including termination of employment. Our contracted courier service providers are subject to the same anti-idling guideline.

See the attachment titled [Attachment G #1 – 2.4.4 Idle Reduction Policy](#) for a copy of Innovative's Idle Reduction policy.

2.5. Contractor Representations and Warranties. Contractor warrants that all products shall be new, unused, current production models (where applicable), and shall be free from defects in materials, and design. Where specifications have been published and/or implied through reference to a specific product as part of the products offered Price List. Contractor further warrants that all products shall conform to the published specifications and meet or exceed all quality and safety standards of the Contract.

2.5.1. Manufacturer Warranties. Contractor shall have any and all manufacturer warranties applicable to the products, if any, transferred to the end user at time of delivery at no charge.

2.5.2. Warranty of Title. The Contractor warrants that all products are free and clear of any liens or encumbrances, and that Contract Vendor has full legal title to such products, and that no other person has any right, title or interest in the products which shall be superior to or infringe upon the rights granted to the end user hereunder.

2.5.3. Remanufactured Toner Cartridges. The State encourages the Contractor to provide a Remanufactured Toner Cartridge Program, see Exhibit C section 4.1. Remanufactured Toner Cartridges (Remans) are not subject to the new and unused requirement of products offered.

Innovative has read and understood the requirements in 2.5 and will continue to comply.

Innovative has worked extensively with the State of Minnesota to provide a Remanufactured Toner Cartridge Program and will continue to support the needs of the State in this area. We have detailed this program in our response to Attachment H 4.1.

2.6. Safety and Health Requirements. The Contractor must be able to meet and provide Safety and Health Requirements including but not limited to:

2.6.1. Federal Health and Safety Standards. The Contractor warrants that products provided under the Contract comply with all applicable federal health and safety standards, including but not limited to, Occupational Safety and Health Administration (OSHA), and Federal UCC standards.

2.6.2. Material Safety Data Sheet (MSDS). The Contractor shall provide the end user with a Material Safety Data Sheets as defined by the Occupational Safety and Health Administration (OSHA) for any goods provided under the Contract which may release or otherwise result in exposure to a hazardous chemical under normal conditions of use. In addition, Contract Vendor must label, tag or mark such goods.

2.6.2.1. MSDS sheets may be provided in electronic or paper formats.

Innovative has read and understood the requirements in 2.6 and will continue to comply. MSDS sheets are provided electronically and are available during the ordering experience on our online ordering site.

2.7. Invoicing and Payment. The Contractor shall provide invoices for payment to the end user no later than thirty (30) calendar days from date of delivery. The Contractor shall invoice the end user as specified on the Purchase Order for the items delivered. The Contractor shall include in its invoice the Contract Number, purchase order number, products ordered and volume or quantity of products delivered, the price per item and the total amount due, and agency name and address of where the product was shipped to.

Innovative has read and understood the requirements in 2.7 and will continue to comply. We can provide invoices to end users in a variety of formats (daily, monthly), sort criteria (ship-to, PO number, billing code, etc.) and distribution methods (hardcopy, email) based on specific needs and requests. Innovative has customized its invoicing to suit the unique needs of each agency and CPV. Selecting Innovative as the awarded supplier will allow all agencies and CPV members to continue receiving their customized invoices without disruption.

Once an order is invoiced, end users with online access can retrieve copies of their invoices online.

2.8. Excellent Customer Service. The State of Minnesota has high expectations for customer service. Customer Service is a function of how well an organization is able to consistently meet and exceed the needs of the customer.

With Innovative holding the State of Minnesota office supply contract for 11 years, you have access to the best experience available in serving the contract, your end users, and your CPV members. Our model is uniquely structured to provide the highest quality of service, combined with unmatched experience with the State of Minnesota. This experience takes a significant amount of time to develop as each agency has unique needs and important individual relationships which contribute heavily to the success of the program. The details are critical, uncovered over time, and the reason Innovative regularly receives kudos for our service levels and performance. In addition to the significant value this experience brings; it also provides the State with the valuable opportunity to continue this level of service with no interruptions, reduction of quality, or loss of CPV members upon award of the new contract.

The Innovative customer care approach is built around a model whereby all end-users contact a local Minnesota team dedicated to your contract. This ensures your end users are speaking with someone who knows them and understands their unique needs, in many cases with long-standing personal relationships. The team receives accolades from State of Minnesota and CPV end-users on a regular basis. The goal, and the common standard for this team, is that all calls are handled on the first call without the need for call-backs or transferring elsewhere.

A key differentiator of the support structure at Innovative is the level of empowerment exercised at the Customer Care level. While Innovative has a very flat structure with no red tape and immediate access to senior management and ownership, we believe the best customer experience comes from training and empowering the front-line employees to make the right decisions to take care of the customer as quickly as possible.

In addition to the level of customer support provided to the State of Minnesota, our distribution capabilities provide an excellent experience. Due to our extremely high fill rates, accuracy and low return rates, our customer care team has to manage very few service issues.

Annually Innovative issues a Net Promoter Score survey to our customers. In 2020 our Net Promoter Score was 72, which is industry leading and especially satisfying during a year filled with supply chain challenges as a result of Covid-19. We believe this truly demonstrates the Innovative difference, when programs are tested in crisis, we still achieve industry leading customer service scores.

2.8.1. Customer Service Reviews. The Contractor will commit to regular reviews with the Acquisitions Management Specialist (AMS) or delegate to review issues including internal customer satisfaction and what consistent efforts will be made to improve customer service and satisfaction. Reviews may be done in person or by phone. The schedule of reviews will change as training and implementation is completed or on an as needed basis.

Innovative conducts regular business reviews with the State of Minnesota to review all aspects of the program for quality, improvements and to share insights. Through these reviews, it has been stated to Innovative in the past that we have set the bar for customer service and overall experience for all contract-holders to the State of Minnesota. Due to this, Innovative is commonly the first supplier to pilot new programs for the State. Our unique partnership, collaboration and local hands-on approach allows us to help the State navigate new programs and be successful – a recent example being the PeopleSoft punchout.

2.8.2. Measuring Customer Service. Customer service will be measured, in part, by the following expectations:

2.8.2.1. Next Day Fill Rate

2.8.2.2. Return Rate

2.8.2.3. Ability to provide assistance with online ordering, invoicing, payments and problem solving

2.8.2.4. Number of Customer Service Representatives (CSR) assigned to this Contract

2.8.2.5. Average time for call backs if CSRs are not available

2.8.2.6. New customer set up time, desired within 1 business day for new customer to be able to order

2.8.2.7. Establishment of Customer Complaint Report for complaints relative to this contract.

2.8.2.7.1. Customer complaint report will be submitted quarterly unless otherwise agreed upon between Contractor and AMS.

2.8.2.7.2. Customer complaint report will include:

2.8.2.7.2.1. Customer Name

2.8.2.7.2.2. Date of Complaint

2.8.2.7.2.3. Nature or specifics of Complaint

2.8.2.7.2.4. Root cause of Complaint

2.8.2.7.2.5. Description of steps to resolve or explanation of any action taken to resolve if any.

As outlined in other parts of our response, Innovative has a unique model and structure that allows us to provide the highest level of service. Combining the scale and capability of a large organization with the local flexibility and experience to deliver that capability in the most effective way. We believe we have a proven track record of superior customer experience with the State of Minnesota that truly sets us apart from other organizations. The devil is in the details and programs succeed or fail based on the strength of customer service.

Innovative boasts next day fill rates and return rates that are well within State requirements. Our front-line customer care team is dedicated to the State of Minnesota contract and handles all problem solving directly, with the aim to respond to all inquiries on the first call. New customers are set up within one day and complaints are incredibly rare.

2.9. State of Minnesota Targeted/Economically Disadvantaged Vendor Program. The State of Minnesota, Materials Management Division (MMD) operates a program for Targeted Group and Economically Disadvantaged small businesses. Targeted Group small businesses, and Economically Disadvantaged small businesses must be certified as such by MMD in order to participate in the program. Once certified, TG and ED vendors are added to the State's vendor list and are listed in the Directory of Certified TG/ED Vendors. Additional information and the directory of vendors are available at www.mmd.admin.state.mn.us/cpv2.htm.

Innovative is a Minnesota women-owned company, certified by the Women Business Enterprise National Council (WBENC). In its infancy, Innovative was a Targeted Group organization, and as such, we hold in high regard the opportunity to help TG/ED organizations have every opportunity to succeed in the same way. Innovative will work with the State to ensure we are participating in every way possible to assist TG/ED organizations and support them to every extent feasible within this contract. In one example, early in our contract we worked with the State to support a local TG/ED vendor by establishing pricing that ensured cut sheet paper purchases were properly positioned to support the TG/ED holder of the cut sheet paper contract.

Founded in 2001 with 21 employees, we have grown to over 330 strong in the 20 years since. In 2009, the State of Minnesota was looking for a partner to trust with a new State office supplies program and Innovative was selected to develop and roll out the program. Innovative is incredibly thankful for the trust that the State of Minnesota placed in our organization in 2009, and we've worked hard every day to earn the 11 years of renewal and re-award since.

The State office supplies contract has been a wonderful story of the State of Minnesota supporting a local Minnesota women-owned business. This support has been repaid not only with the highest level of quality service, but also such that Innovative has been able to grow and contribute directly to our local economy and community. We believe a continued partnership with Innovative is the right choice for Minnesota, to support a truly local, women-owned business that is thriving and contributing positively to our Minnesota community.

As a result of winning the State of Minnesota contract in 2009 and performing exceptionally, Innovative gained the credibility necessary to win additional large accounts. In one example, Innovative won contracts with all of the major sports teams in the state. Through these partnerships, Innovative gives back to hundreds of Minnesota non-profits with philanthropic programs such as MN Vikings Field Goals for Charity, MN Vikings Football Community of the Year, MN Wild Charity of the Month, MN Twins Double Plays for Charity, St Paul Saints Second Harvest Toilet Paper Drive, and our own non-profit, The InSports Foundation which seeks to provide the benefits of participation in sport to the under-privileged. Our ability to accomplish this is in part thanks to the support and trust of the State of Minnesota.

2.9.1. Contractor TG/ED Program. Contractor must establish a program where the contractor works with Minnesota Certified TG/ED vendors to determine what products can be a part of the Contract and how the Contractor will make best efforts to increase the number of products available under the Contract acquired from TG/ED businesses.

2.9.1.1. Tracking and Offering. Contractor establishes:

2.9.1.1.1. How they will track TG/ED products and services including order, delivery and invoicing.

2.9.1.1.2. How they will offer or indicate TG/ED products available to the customer.

Innovative has always been open to work with the State of Minnesota to assist in supporting TG/ED businesses. We've explored this in various capacities over the past 11 years and will continue to partner with the State in this fashion. Any initiatives we undertake with the State will include all of the relevant tracking and reporting.

2.10. State of Minnesota Community Based Facility/Rehabilitation Facility Programs. The State of Minnesota is committed to supporting the use of Minnesota Community Based Facility/ Rehabilitation Facility programs and the use of their products and services whenever possible. Additional information and the directory of Minnesota vendors is available at <http://mn.gov/dhs/people-we-serve/people-with-disabilities/services/direct-care-treatment/contact-us/vocational-services.jsp>.

2.10.1. Inclusion of Community Based Facility/Rehabilitation Facility Programs. Contractor should include these programs in the Contractor TG/ED Program.

Innovative is committed to supporting the State of Minnesota in these efforts. We are heavily involved in contributing to our local community and will explore any further options within this area to further those efforts. Prior to Covid-19, Innovative held a long-standing relationship with an accredited Community Rehabilitation partner which was under contract with the State of Minnesota to provide employment support to individuals with disabilities, served by Minnesota's Vocational Rehabilitation Services. Through this

partnership we've provided employment to individuals within our organization, performing activities such as processing customer invoices for mailing. We are open to increasing our participation with this or similarly accredited partners as required by the State of Minnesota.

2.11. Disaster Recovery. In the event of an emergency or disaster the State can be called upon to provide products available through this Contract at higher than normal usage and after established working hours. The Contractor must establish a plan that details what type of assistance they could provide in the event of a local emergency or disaster. Examples of products currently on our resource list available through the current contract include, but are not limited to, first aid items, cleaning supplies, nitrile gloves, respirators and hand sanitizers. The State may also need basic office supplies to set up emergency office space. These needs cannot always be planned for and same day delivery may need to be requested.

The State of Minnesota is currently partnered with the best organization to provide this type of support. With Innovative you have a local partner that has national scale and access to over \$600M in inventory. In the event that disaster response is required, you will have all-hands-on-deck from Innovative in a way you wouldn't find with another organization, including direct access and involvement all the way up to our CEO. Nimble decision making and action matter during times of crisis and Innovative is uniquely positioned to provide this to the State. Your Account Manager(s) will be available 24/7 to respond to any disaster recovery needs.

During the recent Covid-19 crisis, Innovative worked tirelessly to creatively source new options for PPE products and worked hands-on with the State and its end-users to meet urgent needs for these supplies. This required a concerted effort at all levels of our organization in a way that many organizations just aren't capable. Using our dedicated Customer Care Studio for the State, our team individually contacted all end-users with backorders and worked one-on-one to share available alternatives and supply them with the products they needed. This response and approach is demonstrative of the importance that the State of Minnesota holds within our organization and the resources we have committed to the success of the program.

Additionally, Innovative has numerous measures in place to ensure continuity of service and mitigate the impact of any disaster on our ability to serve the State of Minnesota. For example, our mission critical business systems are housed in a secure data center in Arizona for regional redundancy. These enterprise level facilities also have backup and failover to additional locations. In the event of local disasters, Innovative has designed an infrastructure that instantly affords us the ability to maintain service. The recent Covid-19 crisis is an ideal example of this infrastructure. Upon making the decision in mid-March 2020 to move to home-based remote work, Innovative moved over 150 employees to a fully functional remote work environment in 1-2 days. We also offer redundancy in the form of distribution centers, with our national network in partnership with Essendant, and multiple delivery hubs throughout the twin cities' metro area and greater Minnesota.

2.12. Supply Chain Disruption. The Contractor must establish a protocol for notifying the Contract Administrator if there are any supply chain disruptions that may significantly affect item availability. The Contractor must continually update the Contract Administrator on resolutions or steps being taken to mitigate effects of supply chain disruptions once the protocol has been enacted.

Innovative commits to keeping an open line of communication with the State should any issues arise that might impact the supply chain. As one of our strategic and largest customers, you have the full attention of our organization in a way that isn't possible in larger national competitors. In one example, Innovative worked closely with the State of Minnesota to navigate the recent supply chain issues associated with the Covid-19 pandemic as outlined in 2.11.

ATTACHMENT H: Sustainability Programs

The Responder must review Section 4—Sustainability Programs under Exhibit C of the Sample Contract and Exhibits. Provide in detail its ability to meet the requirements as described. Supplemental documents to support your narrative for Attachment H must be labeled such as.

The Responder may also describe programs that:

- They currently offer
- They currently do not offer, but are willing to offer
- Pilot or test programs available
- Any other additional programs or options that are not specified in Section 4

Section 4-Sustainability Programs is divided into 4 subsections. Responders should address each subsection separately in their response. Additionally, the response should include a 5th component if the Responder is offering any other additional programs or options for Sustainability Programs.

The subsections are:

- 4.1 Remanufactured Toner Program.
- 4.2 Packaging (specifically including reusable packaging programs, and reduced waste or high PCRC programs)
- 4.3 Office Supplies End of Life Recycling Practices
- 4.4 Delivery Vehicles

Enter your response in the space provided below (and add as many pages as needed).

4.1 Remanufactured Toner Program

Innovative offers a comprehensive and well-respected remanufactured toner program with a strong track record and warranty. Our remanufactured toner program is in partnership with industry leading manufacturer Clover Imaging Group (CIG), and products from CIG are provided to the State of Minnesota under both the Clover and Innovera brands. Cartridges collected for remanufacturing by CIG total over 361M since 2009, with over 348M lbs. of waste diverted from landfill. Innovative is proud to be partnered with an industry leader in this area and contributing positively to the environment.

Innovative currently helps the State of Minnesota to recycle/remanufacture a significant number of cartridges with a hassle-free process. We have created a custom portal for the State of Minnesota to administer the program. Through this portal, end users can request collection upon which an Innovative delivery driver will collect the used cartridges, or a call-tag will be sent for cartridges outside of our employee delivery area.

Cartridges collected by Innovative are sent to our partners to begin the recycling/remanufacturing process. All recovered cartridges go through an extensive process that inspects for defects, resulting in each cartridge being sorted for either remanufacturing or recycling. If determined to be viable for remanufacturing, cartridges go through a 10-step remanufacturing process, including post-testing and other intense quality control measures. All cartridges follow this rigorous process to meet or exceed OEM specifications. If cartridges are not viable for remanufacturing, they go through a stringent recycling process to recover any precious metals and all materials are sent to manufacturers for reuse in other products. This lifecycle ensures no products are sent to a landfill.

Clover Imaging Group has attained Standardized Test Method Committee (STMC) certification. The current certificate demonstrating this is attached in document [Attachment H #1 – STMC](#).

All of our remanufactured toner cartridges carry a two-year limited warranty to give your end users comfort in knowing we stand behind our program with a 100% performance guarantee. This warranty is attached in document [Attachment H #2 – Reman Warranty](#).

Attached in document [Attachment H #3 – Reman Products](#) is a list of all remanufactured toner cartridges provided under this contract.

4.2 Packaging

All corrugated cartons used by Innovative and Essendant are recycle friendly and carry the “Sustainable Forestry Initiative Certified Sourcing” mark. Void fill is accomplished with recyclable air pillows which reduce weight and carbon footprint related to delivery. No polystyrene packing peanuts are used in order fulfillment.

Our distribution system employs a carton sizing algorithm to match order size with one of 6 carton sizes to minimize packaging waste. This allows for reduced cardboard usage, minimal filler material as well as lighter delivery weight which reduces carbon emissions. All internal cardboard waste is collected and shipped to a local recycling facility and Innovative is open to working with the State of Minnesota to facilitate the return of and recycling of cardboard waste.

Innovative participated in a pilot study with the Minnesota Pollution Control Agency that utilized reusable, plastic totes for delivery. The program involved delivering orders to end users in individual plastic totes. Totes were then collected and returned to the warehouse where they are re-introduced into the delivery cycle. A copy of this study and the results is available upon request. This is just one example of how Innovative is one of the first suppliers the State contacts to pilot new programs. Our local and flexible approach affords us the ability to spearhead new initiatives with the State of Minnesota in a way that our competitors may struggle.

4.3 Office Supplies End of Life Recycling Practices

Innovative has an everyday commitment to reducing our carbon footprint, reclaiming and recycling products and packaging and being a good steward of our resources and environment.

As described in 4.1, Innovative has a process in place with the State of Minnesota to recycle toner cartridges to ensure no cartridges make it to a landfill. Beyond toner cartridges, Innovative is committed to exploring new opportunities with the State of Minnesota to recycle other products.

4.4 Delivery Vehicles

Innovative is committed to operating an efficient and environmentally sensitive delivery system. Our fleet of over 50 trucks are replaced every 5 years and are an average age of 2 years, ensuring we have a fleet of highly efficient vehicles that take advantage of current technology.

As part of our commitment to reducing greenhouse gases and improving fuel efficiency, Innovative has invested in a mixture of dock trucks, box trucks, high profile vans and smaller city vans. This mixed fleet allows us to match the most efficient vehicle for each route/purpose. This effort has improved our fuel efficiency by 300% in recent years.

Innovative currently operates eight Class 6 vehicles, with model years ranging from 2015-2019, meeting the requirement to be model year 2007 or newer. Our Class 6 vehicles are predominantly used to move large shipments or furniture and most have fewer than 20,000 miles per year in use.

Route planning and driver training are another important component of our commitment to reducing impact on the environment. We actively manage delivery routes to ensure each route originates from a location that is most fuel efficient, using routing software and strategies to manage this process. Our route efficiency is measured on a monthly basis to account for miles driven, fuel usage and number of stops versus revenue. Trends are studied and routing adjustments made based on these metrics. Additionally, Innovative drivers are trained in and held accountable to environmentally conscious activity including obeying speed limits, anti-idling ordinance compliance, and reducing rapid acceleration or sudden braking.

To further improve the efficiency of routes and reduce environmental impact, Innovative actively engages in improving route density and working with our customers on more efficient ordering practices. Addition of new customers follows a route density process to maximize our deliveries within each delivery area. We work with our customers to improve ordering practices such that fewer, larger, orders are placed to reduce packaging use and greenhouse emissions. We routinely track and share average order size with our customers and work with them to train their end users on more efficient ordering practices which removes cost from the entire supply chain and reduces environmental impact.

IDLE REDUCTION POLICY

This policy applies to Innovative Office Solutions Delivery Drivers.

Objectives

- 1) To eliminate the unnecessary idling of vehicles in order to reduce the community's exposure to exhaust from gasoline and diesel engines.
- 2) To educate and inform municipal employees and residents about the health and environmental effects of gasoline and diesel exhaust.

Purpose

Idling vehicles pollute the air and present several health and environmental hazards. Gasoline and diesel vehicles produce carbon monoxide, carbon dioxide, volatile organic compounds (VOCs) and oxides of nitrogen (NOx). Carbon monoxide causes respiratory distress and in high concentrations can be lethal; carbon dioxide is a primary contributor to global warming; and VOCs and NOx form ozone, ground-level smog and impair lung function. In addition, diesel exhaust contains fine particulate matter, which the U.S. Environmental Protection Agency has designated as a likely carcinogen. The elderly, chronically ill and children are all particularly vulnerable to these health effects because their lung function is respectively decreased, impaired or still in development.

The Minneapolis anti-idling ordinance (City Council Ordinance, Chapter 58) restricts idling of cars and other gas or diesel powered vehicles to no more than three minutes in a one hour period (except when stopped in traffic as well as a handful of other exceptions). Therefore, all Innovative Delivery Drivers must not leave their trucks idling for more than three minutes in a one hour period. Failure to comply could lead to a \$200 fine to the driver as resulting in disciplinary action, up to and including termination of employment

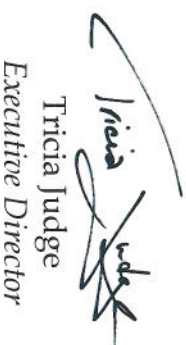

This Certifies that:

Clover Imaging

Successfully completed the prescribed course of training and demonstrated competence in Toner Printer Cartridge Quality Assurance Test Methods according to the STMC Guide for Evaluating All-in-One Printer Cartridges, including ASTM F 1856-04 · ANSI IT 2.17-95 · ISTA 1A Version – 99 · ASTM 2036-05

Valid June 18, 2020 – June 18, 2022

BUY WITH CONFIDENCE

OUR 100% PERFORMANCE GUARANTEE

2 Year Toner Products Limited Warranty

This product is warranted to be free from defects in materials and workmanship for a period of 2 years from date of purchase when stored, installed and used under normal conditions. If the product fails during the warranty period, the product will be replaced or credit issued at the option of the buyer in accordance with the manufacturer's Returned Material Policy. This product is warranted not to damage the print head or a printing mechanism or component when stored, installed and used in accordance with the recommended procedures of the product manufacturer or the equipment manufacturer's recommended procedures. In the event of any damage to a printing mechanism or component caused solely and directly by the use of this product, the manufacturer will pay the reasonable cost of service and repair, provided the buyer: (1) Notifies us of such damage in writing within thirty days and (2) delivers a written service report, signed by authorized technical service personnel, identifying the supply product as the sole and direct cause of such damage, along with print samples and damaged or replaced parts. The manufacturer of this product accepts no responsibility for damage to the equipment printing components due to lack of routine and proper service, maintenance or cleaning of the equipment, including the replacement of equipment components at the end of their rated lives, as recommended by the equipment manufacturer.

THE ABOVE WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESSED, IMPLIED OR STATUTORY, INCLUDING WITHOUT LIMITATION WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY AND SETS FORTH BUYER'S EXCLUSIVE REMEDY IN CONNECTION WITH SUCH WARRANTIES. IN NO EVENT SHALL WE BE LIABLE FOR COLLATERAL, CONSEQUENTIAL, INDIRECT, INCIDENTAL OR EXEMPLARY DAMAGES, INCLUDING, WITHOUT LIMITATION, ANY LOST PROFITS, LOSS OF DATA OR LOSS OF USE, ARISING OUT OF, OR CONNECTED IN ANY WAY WITH, THIS AGREEMENT OR ANY GOODS SOLD PURSUANT HERETO. SOME STATES OR PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES OR IMPLIED WARRANTIES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER LEGAL RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCE TO PROVINCE.
