

State of Minnesota Contract

SWIFT Contract No.: 239677

This Contract is between the State of Minnesota, acting through its Commissioner of the Department of Administration (“State”) and Rock Leaf Water Environmental LLC whose designated business address is 13230 Island View Dr NW, Elk River, MN 55330 (“Contractor”). State and Contractor may be referred to jointly as “Parties.”

Recitals

1. State issued a solicitation identified as G0210-2000014233 on June 9, 2023 to provide specialty environmental emergency response services on an as-needed basis for state agencies and Cooperative Purchasing Venture (CPV) members (“Solicitation”);
2. Contractor provided a response to the Solicitation indicating its interest in and ability to provide the goods or services requested in the Solicitation; and
3. Subsequent to an evaluation in accordance with the terms of the Solicitation and negotiation, the Parties desire to enter into a contract.

Accordingly, the Parties agree as follows:

Contract

1. Term of Contract

- 1.1 Effective date. December 1, 2023, or the date the State obtains all required signatures under Minn. Stat. § 16C.05, subd. 2, whichever is later. The Contractor must not begin work under this Contract until this Contract is fully executed and the Contractor has been notified by the State’s Authorized Representative to begin the work.
- 2.1 Expiration date. November 30, 2024, or until all obligations have been satisfactorily fulfilled, whichever occurs first. The contract may be extended for up to an additional 48 months, in increments as determined by the State, through a duly executed amendment.

2. Contractor’s Duties

The Contractor must perform all duties described in this Contract to the satisfaction of the State.

3. Representations and Warranties

- 1.1 Under Minn. Stat. §§ 15.061 and 16C.03, subd. 3, and other applicable law, such as Minn. Stat. §§ 18D, 115B, 115C, and 115E, the State is empowered to engage in such assistance as deemed necessary.
- 2.1 Contractor warrants that it is duly qualified and must perform its obligations under this Contract in accordance with the commercially reasonable standards of care, skill, and diligence in Contractor's industry, trade, or profession, and in accordance with the specifications set forth in this Contract, to the satisfaction of the State.
- 3.1 Contractor warrants that it possesses the legal authority to enter into this Contract and that it has taken all actions required by its procedures, by-laws, and applicable laws to exercise that authority, and to lawfully authorize its undersigned signatory to execute this Contract, or any part thereof, and to bind Contractor to its terms.

4. Time

The Contractor must comply with all the time requirements described in this Contract. In the performance of this Contract, time is of the essence.

5. Compensation and Conditions of Payment

- 1.1 Compensation. The State will pay for performance by the Contractor under this Contract in accordance with the breakdown of costs as set forth in Exhibit D which is attached and incorporated into this Contract.
- 2.1 Conditions of Payment. All duties performed by the Contractor under this Contract must be performed to the State's satisfaction and in accordance with all applicable federal, state, and local laws, ordinances, rules, and regulations including business registration requirements of the Office of the Secretary of State. The Contractor will not receive payment for work found by the State to be unsatisfactory or performed in violation of federal, state, or local law.

6. Authorized Representative

- 1.1 The State's Authorized Representative is Katy McCann, Acquisition Management Specialist, 50 Sherburne Ave, Saint Paul, MN 55155, (651) 201-3128, or his/her successor or delegate, and has the responsibility to monitor the Contractor's performance.
- 2.1 Contractor's Authorized Representative. The Contractor's Authorized Representative is Michelle Binsfield, President, at the following business address and telephone number: 13230 Island View Dr NW, Elk River, MN 55330 and (833) 762-5532, or his/her successor. If the Contractor's Authorized Representative changes at any time during this Contract, the Contractor must immediately notify the State.

7. Exhibits

The following Exhibits are attached and incorporated into this Contract. In the event of a conflict between the terms of this Contract and its Exhibits, or between Exhibits, the order of precedence is first the Contract, and then in the following order:

- Exhibit A: Contract Terms
- Exhibit B: Insurance Terms
- Exhibit C: Specifications, Duties, and Scope of Work
- Exhibit D: Price and Payment Schedule
- Exhibit E: Definitions of Terms
- Exhibit F: Staffing Tasks and Classifications

Exhibit A: Contract Terms

1. Prompt Payment and Invoicing.

1.1 Prompt Payment. The State will pay the Contractor pursuant to Minn. Stat. § 16A.124, which requires payment within 30 days following receipt of an undisputed invoice, or merchandise or service, whichever is later. Terms requesting payment in less than 30 days will be changed to read “Net 30 days.” Notwithstanding the foregoing, the State may pay the Contractor in advance for purchases as allowed pursuant to Minn. Stat. §16A.065.

The payment for each order will only be made for goods received or services actually performed that have been accepted by the ordering entity, and meet all terms, conditions, and specifications of the Contract and the ordering document.

2.1 Invoicing. The invoice must be in the same format as the sample invoice form approved as Exhibit D, Supplement 1 with the Contract, unless an alternative format is approved in writing by the State Authorized Representative, or delegate. See Exhibit D, Supplement 1 for a list of minimum invoice requirements.

3.1 Documentation accompanying invoice. For all Minnesota Pollution Control Agency (MPCA) purchase/work orders or upon request by the ordering entity, the Contractor must submit the following documentation:

- Budget status report, including dollar amount of purchase/work order, list of invoices, amount paid to date, and amount remaining in the budget
- Brief update of tasks completed for subject invoice, remaining tasks to complete for the project, or a statement indicating final invoice for the purchase/work order.

4.1 Fiscal year-end invoicing requirements. The State’s fiscal year runs from July 1 to June 30. In the event a project spans over two fiscal years, the Contractor must issue a separate invoice for the project for each fiscal year.

5.1 Submit MPCA invoices with accompanying documentation to: mpca.ap@state.mn.us. Contact the MPCA Accounts Payable Unit at 651-757-2491 if experiencing problems submitting invoices electronically.

6.1 Submit Minnesota Department of Agriculture (MDA) invoices by email (preferred) to: MDA.Accounts-Payable@state.mn.us or by US Mail to Finance and Budget Division, Accounts Payable, 625 Robert Street North, Saint Paul, MN 55155.

2. Assignment, Amendments, Waiver, and Contract Complete.

1.1 Assignment. The Contractor may neither assign nor transfer any rights or obligations under this Contract without the prior consent of the State and a fully executed assignment agreement, executed and approved by the authorized parties or their successors.

2.1 Amendments. Any amendment to this Contract must be in writing and will not be effective until it has been executed and approved by the authorized parties or their successors.

3.1 Waiver. If the State fails to enforce any provision of this Contract, that failure does not waive the provision or its right to enforce it.

4.1 Contract Complete. This Contract contains all negotiations and agreements between the State and the Contractor. No other understanding regarding this Contract, whether written or oral, may be used to bind either party.

3. Termination.

- 1.1 Termination for Convenience. The State or Commissioner of Administration may cancel this Contract at any time, with or without cause, upon 30 days' written notice to the Contractor. Upon termination for convenience, the Contractor will be entitled to payment, determined on a pro rata basis, for services or goods satisfactorily performed or delivered.
- 2.1 Termination for Breach. If the Contractor fails to perform according to the contract terms and conditions, the State is authorized to immediately cancel the Contract or purchase order, or any portion of it, and may obtain replacement goods or services and charge the difference of costs to the defaulting Contractor. In the event of default, the State reserves the right to pursue any other remedy available by law. A Contractor may be removed from the vendors list, suspended or debarred from receiving a Contract for failure to comply with terms and conditions of the Contract, or for failure to pay the State for the cost incurred on the defaulted Contract.
- 3.1 Termination for Insufficient Funding. The State may immediately terminate this Contract if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services addressed within this Contract. Termination must be by written notice to the Contractor. The State is not obligated to pay for any services that are provided after notice and effective date of termination. However, the Contractor will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that dedicated funds are available. The State will not be assessed any penalty if the Contract is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Contractor notice of the lack of funding. This notice will be provided within a reasonable time of the State's receiving notice.

4. Force Majeure.

Neither party must be responsible to the other or considered in default of its obligations within this Contract to the extent that performance of any such obligations is prevented or delayed by acts of God, war, riot, disruption of government, or other catastrophes beyond the reasonable control of the party unless the act or occurrence could have been reasonably foreseen and reasonable action could have been taken to prevent the delay or failure to perform. A party relying on this provision to excuse performance must provide the other party prompt written notice of the inability to perform and take all necessary steps to bring about performance as soon as practicable.

5. Indemnification.

- 1.1 In the performance of this Contract, the Indemnifying Party must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the State, to the extent caused by Indemnifying Party's:
 - Intentional, willful, or negligent acts or omissions; or
 - Actions that give rise to strict liability; or
 - Breach of contract or warranty.

The Indemnifying Party is defined to include the Contractor, Contractor's reseller, any third party that has a business relationship with the Contractor, or Contractor's agents or employees, and to the fullest extent permitted by law. The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Indemnifying Party may have for the State's failure to fulfill its obligation under this Contract.

- 2.1 Nothing within this Contract, whether express or implied, must be deemed to create an obligation on the part of the State to indemnify, defend, hold harmless or release the Indemnifying Party. This must extend

to all agreements related to the subject matter of this Contract, and to all terms subsequently added, without regard to order of precedence.

6. Liability

1.1 Liability under MERLA

- 6.1.1 When performing work under the Contract for the State when the State is acting pursuant to Minn. Stat. § 115B.17 of the Minnesota Environmental Response and Liability Act (MERLA), the Contractor that is not otherwise responsible for a release or threatened release of hazardous substances or pollutants or contaminants is considered to be a Contractor that is performing response actions in accordance with a plan approved by the Commissioner, for purposes of Minn. Stat. §115B.03, Subd. 10.
- 6.1.2 When performing work under the Contract for the State when the State is acting:
- pursuant to Minn. Stat. § 115B.17 of MERLA, or
 - in accordance with the National Oil and Hazardous Substances Pollution Contingency Plan (40 CFR 300), promulgated by the U.S. Environmental Protection Agency (EPA) pursuant to 42 U.S.C. § 9605 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) with respect to any release or threatened release of a hazardous substance, the Contractor is considered to be engaged in acts taken or omitted in preparation for, or in the course of rendering care, assistance and advice to the Commissioner or the Agency for purposes of Minn. Stat. § 115B.04, Subd. 11, and, in the event a third party claims injury or damages resulting from acts or omissions arising from performance of the Contract, the defense provided under Minn. Stat. §115B.04, subd. 11, is intended, but not warranted by the State, to be available to the Contractor and the State as a defense to MERLA liability claims. The provisions of the Liability under MERLA paragraphs are intended, but not warranted by the State, to include subcontractors approved by the State.

2.1 Liability under CERCLA

To the extent that the Contractor meets the definition of a “response action contractor” under 42 U.S.C. § 9619(e) of CERCLA, it is intended, but not warranted by the State, that the Contractor be exempt from liability under CERCLA or other federal law as is provided in 42 U.S.C. § 9619. Furthermore, 42 U.S.C. § 9619 provides the President with discretionary authority to indemnify response action contractors for releases of hazardous substances or pollutants or contaminants arising out of negligence in the course of Superfund work. No indemnification by the State is created by the Contract. The term “response action contractor” is intended, but not warranted by the State, to include subcontractors approved by the State. Nothing in this Part is intended to be construed as a waiver by the State of the Tort Claims Act, Minn. Stat. §3.736, or any other law, legislative or judicial, limiting government liability. The duties and obligations imposed by the Contract and the rights and remedies available thereunder must be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the State or the Contractor must constitute a waiver of any right or duty afforded any of them under the Contract, nor must any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

3.1 Liability under Chapter 115E. Oil and Hazardous Substance Discharge Preparedness

When performing work under the Contract for the State pursuant to Minn. Stat. § 115E.061 Responder Immunity: Oil Discharges, Oil and Hazardous Substance Discharge Preparedness, the Contractor that is not

otherwise responsible for a release or threatened release of oil is considered to be a Contractor that is performing response actions as directed by the commissioner of the Pollution Control Agency.

4.1 Liability under the Minnesota Agricultural Chemical Liability Act (ACLA)

When performing work under the Contract for the State when the State is acting pursuant to Minn. Stat. § 18D.105 and 18D.1051 of the Minnesota Agricultural Chemical Liability Act (ACLA), and notwithstanding any other law, the Contractor that is not otherwise responsible for an incident or threatened incident of agricultural chemicals is considered to be a Contractor that is performing corrective actions in accordance with a plan approved by the MDA Commissioner, for the purposes of Minn. Stat. §18D.105 and 18D.1051.

- This paragraph does not apply to a responsible party, with respect to personal injury or wrongful death, if the person rendering assistance is grossly negligent or engages in willful misconduct, or for a discharge that occurs outside the response area or after the response.

7. **Governing Law, Jurisdiction, and Venue.**

Minnesota law, without regard to its choice-of-law provisions, governs this Contract. Venue for all legal proceedings out of this Contract, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

8. **Contract Use by State Agencies.**

To the extent applicable, the Contract does not prohibit state agencies from using their delegated purchasing authority to procure similar goods and services from other sources.

9. **Warranty.**

The Contractor warrants to the ordering entity that materials and equipment furnished under the Contract will be free from defects not inherent in the quality required or permitted, and that the work will conform to the requirements of the contract. Work not conforming to these requirements, including substitutions not properly approved and authorized in writing may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If requested, the Contractor must furnish satisfactory evidence as to the kind and quality of materials and equipment used.

All installation materials and labor must be guaranteed for a period of one (1) year following the date of final acceptance. During the first year following acceptance, the Contractor must, upon notification by the ordering entity of any malfunctions, make necessary repairs, including labor, travel, and materials, at the Contractor's expense.

10. **Cooperative Purchasing Venture (CPV) Members.**

The Contract will be available to all CPV members. Minn. Stat. § 16C.03, subd. 10 authorizes the State, acting through its Office of State Procurement, to enter into purchasing agreements with one or more governmental units and other entities allowable by law, as described in Minn. Stat. § 471.59, subd. 1, to exercise jointly the purchasing powers and functions each has individually. This authority is referred to as the Cooperative Purchasing Venture program. For more information, see State website www.mmd.admin.state.mn.us.

The Contractor agrees to extend the Contract to CPV members at the same prices, terms, conditions, and specifications. With the approval of the Contractor, a CPV member may add additional terms to its ordering document applicable to the CPV member's purchasing activities. Such additional terms must not modify, diminish, or derogate the terms applicable to the State.

11. **Delivery.**

Contractor is obligated to deliver within the quoted lead times. If delivery is not made within that time frame, the State reserves the right to deem the Contractor in default.

12. Risk of Loss.

The State is relieved of all risks of loss or damage to the goods and equipment during periods of transportation, installation by the Contractor, or while in the possession of the Contractor or its agent.

13. Purchase Orders.

The parties agree that there is no minimum order requirements or charges to process an individual purchase order unless otherwise stated in the Contract. The Purchase Order number must appear on all documents (e.g., invoices, packing slips, etc.).

14. Equipment Specifications.

All equipment must meet the contract specifications and all federal and State safety codes and regulations in effect at the date of manufacture. All equipment must be Original Equipment Manufacturer (OEM) equipment unless otherwise stated in the contract.

15. Items Offered as New.

All products, materials, supplies, replacement parts, and equipment offered and furnished must be new, of current manufacturer production, and must have been formally announced by the manufacturer as being commercially available, unless otherwise stated in this Contract.

16. Data Disclosure.

Under Minn. Stat. § 270C.65, subd. 3 and other applicable law, the Contractor consents to disclosure of its social security number, federal employer tax identification number, and Minnesota tax identification number, already provided to the State, to federal and state agencies, and state personnel involved in the payment of state obligations. These identification numbers may be used in the enforcement of federal and state laws which could result in action requiring the Contractor to file state tax returns, pay delinquent state tax liabilities, if any, or pay other state liabilities.

17. Government Data Practices.

The Contractor and State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (or, if the State contracting party is part of the Judicial Branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the State under this Contract, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor under this Contract. The civil remedies of Minn. Stat. § 13.08 apply to the release of the data governed by the Minnesota Government Practices Act, Minn. Stat. Ch. 13, by either the Contractor or the State.

If the Contractor receives a request to release the data referred to in this clause, the Contractor must immediately notify and consult with the State's Authorized Representative as to how the Contractor should respond to the request. The Contractor's response to the request must comply with applicable law.

18. Intellectual Property Rights.

1.1 Definitions. For the purpose of this Section, the following words and phrases have the assigned definitions:

18.1.1 "Documents" are the originals of any databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, disks, or other materials, whether in tangible or electronic forms, prepared by the Contractor, its employees, agents, or subcontractors, in the performance of this Contract.

18.1.2 "Pre-Existing Intellectual Property" means intellectual property developed prior to or outside the scope of this Contract, and any derivatives of that intellectual property.

18.1.3 “Works” means all inventions, improvements, discoveries (whether or not patentable), databases, computer programs, reports, notes, studies, photographs, negatives, designs, drawings, specifications, materials, tapes, and disks conceived, reduced to practice, created or originated by the Contractor, its employees, agents, and subcontractors, either individually or jointly with others in the performance of this Contract. “Works” includes Documents.

2.1 Ownership. The State owns all rights, title, and interest in all of the intellectual property rights, including copyrights, patents, trade secrets, trademarks, and service marks in the Works and Documents created and paid for under this Contract. The Documents must be the exclusive property of the State and all such Documents must be immediately returned to the State by the Contractor upon completion or cancellation of this Contract. To the extent possible, those Works eligible for copyright protection under the United States Copyright Act will be deemed to be “works made for hire.” The Contractor assigns all right, title, and interest it may have in the Works and the Documents to the State. The Contractor must, at the request of the State, execute all papers and perform all other acts necessary to transfer or record the State’s ownership interest in the Works and Documents.

3.1 Pre-existing Intellectual Property. Each Party must retain ownership of its respective Pre-Existing Intellectual Property. The Contractor grants the State a perpetual, irrevocable, non-exclusive, royalty free license for Contractor’s Pre-Existing Intellectual Property that are incorporated in the products, materials, equipment, deliverables, or services that are purchased through the Contract.

4.1 Obligations.

18.4.1 Notification. Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived for the first time or actually or constructively reduced to practice by the Contractor, including its employees and subcontractors, in the performance of this Contract, the Contractor will immediately give the State’s Authorized Representative written notice thereof, and must promptly furnish the State’s Authorized Representative with complete information and/or disclosure thereon.

18.4.2 Representation. The Contractor must perform all acts, and take all steps necessary to ensure that all intellectual property rights in the Works and Documents are the sole property of the State, and that neither Contractor nor its employees, agents, or subcontractors retain any interest in and to the Works and Documents. The Contractor represents and warrants that the Works and Documents do not and will not infringe upon any intellectual property rights of other persons or entities.

18.4.3 Indemnification. Notwithstanding any other indemnification obligations addressed within this Contract, the Contractor will indemnify; defend, to the extent permitted by the Attorney General; and hold harmless the State, at the Contractor’s expense, from any action or claim brought against the State to the extent that it is based on a claim that all or part of the Works or Documents infringe upon the intellectual property rights of others. The Contractor will be responsible for payment of any and all such claims, demands, obligations, liabilities, costs, and damages, including but not limited to, attorney fees. If such a claim or action arises, or in the Contractor’s or the State’s opinion is likely to arise, the Contractor must, at the State’s discretion, either procure for the State the right or license to use the intellectual property rights at issue or replace or modify the allegedly infringing works or documents as necessary and appropriate to obviate the infringement claim. This remedy of the State will be in addition to and not exclusive of other remedies provided by law.

19. Copyright.

The Contractor must save and hold harmless the State of Minnesota, its officers, agents, servants and employees, from liability of any kind or nature, arising from the use of any copyrighted or noncopyrighted compositions, secret process, patented or nonpatented invention, article or appliance furnished or used in the performance of the Contract.

20. Assignment of Antitrust Rights.

Upon the request of the State of Minnesota, Contractor will irrevocably assign to State any state or federal antitrust claim or cause of action that the Contractor now has or which may accrue to the Contractor in the future, in connection with any goods, services, or combination provided by Contractor under the terms of this Contract.

21. Survivability of Orders.

In the event the term of any order or Professional/Technical Services work order (“Order”) placed under this Contract extends past the termination or expiration of this Contract, the terms and conditions of this Contract must remain in full force and effect as it applies to such order and will continue in effect for such order until the term of that order expires or the order is cancelled or terminated in accordance with the terms of this Contract.

22. Contractor’s Documents.

Any licensing and maintenance agreement, or any order-specific agreement or document, including any pre-installation, linked or “click through” agreement that is allowed by, referenced within or incorporated within the Contract whenever the Contract is used for a State procurement, whether directly by the Contractor or through a Contractor’s agent, subcontractor or reseller, is agreed to only to the extent the terms within any such agreement or document do not conflict with the Contract or applicable Minnesota or Federal law, and only to the extent that the terms do not modify, diminish or derogate the terms of the Contract or create an additional financial obligation to the State. Any such agreement or document must not be construed to deprive the State of its sovereign immunity, or of any legal requirements, prohibitions, protections, exclusions or limitations of liability applicable to this Contract or afforded to the State by Minnesota law. A State employee’s decision to choose “accept” or an equivalent option associated with a “click-through” agreement does not constitute the State’s concurrence or acceptance of terms, if such terms are in conflict with this section.

23. State Audits.

Under Minn. Stat. § 16C.05, subd. 5, the Contractor’s books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by the State, the State Auditor, or Legislative Auditor, as appropriate, for a minimum of six years from the expiration or termination of this Contract.

24. Usage Reports.

Contractor must track and report to the State usage data on this Contract (Usage Reports). Usage Reports should be sent via email to osp.usagereports@state.mn.us. A Usage Report must identify the State Contract Number and provide the following information:

1.1 Usage reports are due no later than September 1 for the previous state fiscal year of July 1 through June 30.

2.1 The State will provide form(s) to submit the usage report. Contractor’s reports will include the following information:

24.2.1 Contractor’s name

24.2.2 Customer name

24.2.3 Project name

24.2.4 Purchase/work order

24.2.5 Total dollars by purchase/work order

24.2.6 Total dollars received by the Contractor

24.2.7 For the Environmental Products and Services portion of the Report, list products the Contractor is using or steps it is taking that are environmentally responsible (i.e. identify if the Contractor uses an E-85 vehicle and E-85 gas, or products made of recycled material)

24.2.8 Total hours billed against the contract for each staff classification listed on Contractor's Price Schedule and Pre-approved Subcontractor Price Schedule (if applicable)

24.2.9 Total usage for each of the vehicles and equipment (total number of hours or days) listed on Contractor's Price Schedule(s) and Pre-approved Subcontractor Price Schedule (if applicable)

25. Diverse Spend Reporting.

If the total value of the Contract may exceed \$500,000, including all extension options, Contractor must track and report, on a quarterly basis, the amount paid to diverse businesses both: 1) directly to subcontractors performing under the Contract, and 2) indirectly to diverse businesses that provide supplies/services to your company (in proportion to the revenue from this Contract compared to Contractor's overall revenue). When this applies, Contractor will register in a free portal to help report the Tier 2 diverse spend, and the requirement continues as long as the Contract is in effect.

26. Publicity and Endorsement.

1.1 Publicity. Any publicity regarding the subject matter of this Contract must identify the State as the sponsoring agency and must not be released without prior written approval from the State's Authorized Representative. For purposes of this provision, publicity includes notices, informational pamphlets, press releases, information posted on corporate or other websites, research, reports, signs, and similar public notices prepared by or for the Contractor individually or jointly with others, or any subcontractors, with respect to the program, publications, or services provided resulting from this Contract.

2.1 Endorsement. The Contractor must not claim that the State endorses its products or services.

27. Debarment by State, its Departments, Commissions, Agencies, or Political Subdivisions.

Contractor certifies that neither it nor its principals is presently debarred or suspended by the Federal government, the State, or any of the State's departments, commissions, agencies, or political subdivisions. Contractor's certification is a material representation upon which the Contract award was based. Contractor must provide immediate written notice to the State's Authorized Representative if at any time it learns that this certification was erroneous when submitted or becomes erroneous by reason of changed circumstances.

28. Federal Funds.

1.1 Compliance with Federal Requirements. Federal money will be used or may potentially be used to pay for all or part of the goods, construction or services under the Contract. The Contractor is responsible for compliance with all federal requirements imposed on the funds and accepts full financial responsibility for any requirements imposed by the Contractor's failure to comply with federal requirements.

2.1 Certification regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion. Federal money will be used or may potentially be used to pay for all or part of the work under the Contract, therefore Contractor certifies that it is in compliance with federal requirements on debarment, suspension, ineligibility and voluntary exclusion specified in the solicitation document implementing Executive Order 12549. Contractor's certification is a material representation upon which the Contract award was based.

29. Contingency Fees Prohibited.

Pursuant to Minn. Stat. § 10A.06, no person may act as or employ a lobbyist for compensation that is dependent upon the result or outcome of any legislation or administrative action.

30. Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).

If the value of this Contract, including all extensions, is \$50,000 or more, Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the vendor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

31. Non-discrimination (in accordance with Minn. Stat. § 181.59).

The Contractor will comply with the provisions of Minn. Stat. § 181.59.

32. E-Verify Certification (in accordance with Minn. Stat. § 16C.075).

For services valued in excess of \$50,000, Contractor certifies that as of the date of services performed on behalf of the State, Contractor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify Program for all newly hired employees in the United States who will perform work on behalf of the State. Contractor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/EverifySubCertForm.doc>. All subcontractor certifications must be kept on file with Contractor and made available to the State upon request.

33. Affirmative Action Requirements

The State intends to carry out its responsibility for requiring affirmative action by its contractors.

- 1.1 Covered Contracts and Contractors. If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.
- 2.1 General. Minn. R. 5000.3400-5000.3600 implements Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for non-compliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400-5000.3600 including, but not limited to, Minn. R. 5000.3420-5000.3500 and 5000.3552-5000.3559.
- 3.1 Disabled Workers. The Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

- 33.3.1 The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment,

advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

- 33.3.2 The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- 33.3.3 In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36, and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- 33.3.4 The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Commissioner. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
- 33.3.5 The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36, of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

4.1 Consequences. The consequences for the Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the Commissioner, refusal by the Commissioner to approve subsequent plans, and termination of all or part of this Contract by the Commissioner or the State.

5.1 Certification. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance.

34. Equal Pay Certification.

If required by Minn. Stat. §363A.44, the Contractor must have a current Equal Pay Certificate prior to Contract execution. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the State may require Contractor to verify its exempt status.

35. Professional/Technical (P/T) Services Ancillary to Goods or General Services.

For state agencies, Professional/Technical (P/T) Services must be related to the goods or services purchased from this Contract.

36. Hazardous Substances.

To the extent that the goods to be supplied to the State by the Contractor contain or may create hazardous substances, harmful physical agents, or infectious agents, as set forth in applicable State and federal laws and regulations, the Contractor must provide the State with Material Safety Data Sheets regarding those substances. A copy must be provided upon request. Goods and containers supplied to the State must be labeled in compliance with state and federal laws, rules, and regulations.

These terms apply to goods supplied under this contract:

- 1.1 Products Containing Triclosan Banned. The Contractor must comply with Minn. Stat. § 145.945.

2.1 Products Containing Certain Types of Polybrominated Diphenyl Ether Banned. The Contractor must comply with Minn. Stat. § 325E.385-325E.388).

3.1 Coal Tar Sealant Use and Sale Prohibited. The Contractor must comply with Minn. Stat. § 116.202.

4.1 Products Containing Mercury. The Contractor must comply with Minn. Stat. 116.92.

37. Background Security Compliance.

Contractor is required to conduct background checks required by State and Federal law. In addition, Customers may require a Background Check on individual(s) selected for work under this contract. When required, the selected individual(s) must complete and submit any required consent forms, including but not limited to investigation forms, photo identification, and fingerprinting. Unless otherwise notified in writing by ordering entity, Contractor must be responsible for the review and evaluation of Background Check results, in compliance with all State and Federal laws. Costs related to Background Checks must be the sole responsibility of the Contractor. Contractor certifies compliance with this provision throughout the Contract term.

38. Contractor Identification.

Contractors and their subcontractors must have sufficient labeling to identify the company in order to enter a facility or site. The Contractor's or their subcontractor's company name must be identifiable.

39. Survival of Terms.

The following clauses survive the expiration or cancellation of this Contract: Indemnification; State Audits; Government Data Practices; Intellectual Property; Publicity and Endorsement; Governing Law, Jurisdiction, and Venue; and Data Disclosure. Any other Contract term that expressly states or by its nature must survive, must survive.

40. Subcontracting.

Only subcontractors that have been approved by the State's Authorized Representative can be used for this Contract. See attachments to Exhibit A, Supplements 2, and 3, Responsible Contractor forms.

After the effective date of the Contract, the Contractor must not, without submitting Supplement 3 to Exhibit A and receiving prior written approval of the State's Authorized Representative, subcontract for the performance of any of the Contractor's obligations that were not already approved for subcontracting when the Contract was awarded. During this Contract, if an approved subcontractor is determined to be performing unsatisfactorily by the State's Authorized Representative, the Contractor will receive written notification that the subcontractor can no longer be used for this Contract.

The provisions of the Contract must apply with equal force and effect to all approved subcontractors engaged by the Contractor. Notwithstanding approval by the State, no subcontract must serve to terminate or in any way affect the primary legal responsibility of the Contractor for timely and satisfactory performances of the obligations contemplated by the Contract.

41. Subcontracting not allowed.

P/T services require a high degree of expertise and training. Subcontracting for Professional/Technical (P/T) services is not allowed under this Contract for follow-up emergency response activities. Subcontracting P/T services is allowed during the performance of emergency response activities. P/T services include, but are not limited to: architectural, engineering, legal and specialized design services. Specialized design services include, but is not limited to, preparing survey, training, soil or vapor remedial and corrective systems, drinking water systems, drilling, and excavation plans. Contractors and Authorized Representatives unsure if a work task represents a P/T service should contact the Agencies' Contracts Unit or Procurement Coordinator, or the Contract Administrator for a determination.

42. Subcontractor Payment.

In accordance with Minn. Stat. § 16A.1245, the Contractor must, within ten (10) days of receipt of payment from the State, pay all subcontractors and suppliers having an interest in the Contract their share of the payment for undisputed services provided by the subcontractors or suppliers. The Contractor is required to pay interest of 1-1/2 percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid, undisputed balance of \$100 or more will be \$10. For an unpaid balance of less than \$100, the amount will be the actual penalty due. A subcontractor that takes civil action against the Contractor to collect interest penalties and prevails will be entitled to its costs and disbursements, including attorney's fees that were incurred in bringing the action. The Contractor agrees to take all steps necessary to comply with said statute. A consultant is a subcontractor under the Contract. In the event the Contractor fails to make timely payments to a subcontractor or supplier, the State may, at its sole option and discretion, pay a subcontractor or supplier any amounts due from the Contractor and deduct said payment from any remaining amounts due the Contractor. Before any such payment is made to a subcontractor or supplier, the State must provide the Contractor written notice that payment will be made directly to a subcontractor or supplier. If there are no remaining outstanding payments to the Contractor, the State must have no obligation to pay or to see to the payment of money to a subcontractor except as may otherwise be required by law.

43. Responsible Contractor Requirement (Minn. Stat. § 16C.285, subd. 3).

List and submit all first-tier Subcontractors on Supplement 2, titled "Supplement 2 – First-Tier Subcontractors List." This may be submitted with the response, but it must be submitted prior to contract execution. If additional Subcontractors are added to a project after execution of a contract, complete and submit the attachment titled "Supplement 3 Additional Subcontractors List" within 14 days of retaining the additional Subcontractors. Supplement 3 verifies the additional Subcontractors have been certified as in compliance with the requirements of Minn. Stat. § 16C.285. Upon request from the ordering entity, the Contractor must submit copies of the signed certifications of compliance from all Subcontractors of any tier.

44. Prevailing Wage.

All State funded or partially State funded work against this contract is subject to the prevailing wage requirements pursuant to Minnesota Statutes 177.41 to 177.44 and corresponding Minnesota Rules 5200.1000 to 5200.1120 as established by the Minnesota Department of Labor and Industry. Specifically, all contractors and all tiers of subcontractors must pay all laborers and mechanics the established prevailing wages for work performed under the contract. Failure to comply with the aforementioned may result in civil or criminal penalties.

See <https://www.revisor.mn.gov/rules/?id=5200.1102> and <https://www.revisor.mn.gov/rules/?id=5200.1100>.

The Contractor and Subcontractor must furnish to the ordering entity all payrolls, of all workers on the project, via email as attachments, to the email address provided on the purchase order. If an email address is not included on the purchase order, contact the ordering entity to obtain the appropriate email address.

The Contractor and Subcontractor must submit the State of Minnesota Prevailing Wage Payroll Report and Statement of Compliance Form within fourteen (14) days after the end of each pay period. The forms are available on the Office of State Procurement (OSP) website at <http://www.mmd.admin.state.mn.us/mn02000.htm>. No other payroll forms will be accepted to meet this requirement.

The Contractor and Subcontractor must complete the Prevailing Wage Payroll Report in Microsoft Excel, and the Statement of Compliance in an Adobe PDF format. The subject line of the email must provide the company name, contract/purchase order number, and pay period ending dates.

The Department of Labor and Industry has a web page with Frequently Asked Questions about prevailing wages at <http://www.dli.mn.gov/business/employment-practices/prevailing-wage-information>

For questions regarding the Prevailing Wage Laws, contact the Department of Labor and Industry at 651.284.5091.

45. Federal Davis-Bacon Prevailing Wage.

Federally funded or partial federally funded projects are subject to the Davis-Bacon Act which requires that all contractors and all tier of subcontractors performing on federally funded projects (and contractors or subcontractors performing on federally assisted contracts under the related Acts) in excess of \$2,000 pay their laborers and mechanics not less than the prevailing wage rates and fringe benefits listed in the contract's Davis-Bacon wage determination for corresponding classes of laborers and mechanics employed on similar projects in the area.

If a project is federally funded and Davis-Bacon prevailing wages are required, the ordering entity must notify the contractor of this requirement upon a request for quotation. The ordering entity must download the Davis-Bacon wage determination for the county in which the project will take place. See Federal Wage Determinations Onlin.gov at <http://www.wdol.gov/dba.aspx>. If State and federal funds are being used to fund a project both State and federal prevailing wage requirements and wage rates must be included on the order. If the Davis-Bacon hourly rate classification is higher than the State's prevailing wage classification contractors may adjust their labor rate per classification.

46. CPV Requirements.

CPV members are responsible to confirm if they are subject to rules, regulations, or ordinances which establish the prevailing wage rate as defined in Minn. Stat. § 177.42.

47. How to Provide Information for the Minnesota Pollution Control Agency (MPCA).

After receiving orders from MPCA, Contractors are required to provide payroll information in the time frame specified by Statute and in the method specified by MPCA. The Contractor and subcontractor(s) must furnish for each project, via E-mail as an attachment, a State of Minnesota Prevailing Wage Payroll Report as a Microsoft Excel file and Statement of Compliance Form as a PDF file to MPCA E-mail addresses: prevailingwage.pca@state.mn.us.

48. How to Provide Information for the Minnesota Department of Transportation (MnDOT).

After receiving orders from MnDOT, Contractors are required to provide payroll information in the time frame specified by Statute and in the method specified by MnDOT below.

To meet Minn. Stat. § 177.43 requirements, the Contractor and Subcontractor(s) must submit payroll forms according to MnDOT (Office of Construction, Transportation Building, Mail Stop 650, 395 John Ireland Blvd., St. Paul, MN 55155-1899) requirements.

1.1 All Contractors must submit a payroll statement to the Department of Transportation, Minn. Stat. § 177.44, Subd. 7. The statement must be submitted based on the Contractor's payment schedule. If a Contractor pays its employees biweekly, a payroll statement must be submitted biweekly (MnDOT Contract Administration Manual, Section .320). All Contractors must pay its employees at least once every 15 days on a date designated in advance by the employer (Minn. Stat. § 181.10).

2.1 Each Statement submitted must include all employees that performed work under the contract and provide at a minimum the following information (Minn. Rules 5200.1106, Subpart 10 and Minn. Stat. § 177.30):

48.2.1 Contractor's name, address, and telephone number.

48.2.2 State project number.

48.2.3 Payroll report number.

48.2.4 Project location.

48.2.5 Workweek ending date.

48.2.6 Name, social security number, and home address for each employee.

48.2.7 Labor classification(s) and/or three-digit code for each employee.

48.2.8 Hourly straight time and overtime wage rates paid to each employee.

48.2.9 Daily and weekly hours worked in each labor classification, including overtime hours for each employee.

48.2.10 Authorized legal deductions for each employee.

48.2.11 Project gross amount, weekly gross amount and net wages.

3.1 Payroll records may be submitted in any form provided it includes all the information contained in Subpart A (1-11) of this section. However, Contractors needing a payroll form may utilize the “front side” of the U.S. Department of Labor’s, WH-347 Payroll Form. This form is available by visiting the Labor Compliance website (www.dot.state.mn.us/const/labor).

4.1 All payroll records must be accompanied with a completed and signed MnDOT 21658 – Statement of Compliance Form (Minn. Rules 5200.1106, Subpart 10).

5.1 The prime contractor is responsible for assuring that its payroll records and those of all subcontractors include all employees that performed work under this contract and accurately reflect the hours worked, regular and overtime rates of pay and classification of work performed (Minn. Stat. § 177.30(1)(2)(3)(4)).

6.1 The prime contractor is responsible to maintain all certified payroll records, including those of all subcontractors, throughout the course of a construction project and retain all records for a period of three years after the final contract voucher has been issued (Minn. Stat. § 177.30(4)).

7.1 At the end of each pay period, each contractor must provide every employee, in writing an accurate, detailed earnings statement (Minn. Stat. § 181.032).

8.1 Upon request from the Minnesota Department of Labor and Industry (MN/DLI) or the Department of Transportation, the prime contractor must promptly furnish copies of payroll records for its workers and those of all subcontractors, along with records, deemed appropriate by the requesting agency to determine compliance with these contract provisions (Minn. Stat. § 177.44, subd. 7 and Minn. Rules 5200.1106, Subpart 10).

9.1 At the Department of Transportation’s discretion, the project engineer may administer the submission of payroll records according to MnDOT’s Payroll Maintenance Program. The guidelines for the implementation and administration of this program are outlined in the MnDOT Contract Administration Manual, Section A(4)(d).

10.1 If, after written notice, the prime contractor fails to submit its payroll reports and certification forms and those of any subcontractor, the Department of Transportation may implement the actions prescribed in State Funded Construction Contracts Special Provisions Division A – Labor, Section XVI. NON-COMPLIANCE AND ENFORCEMENT available on-line at:
<http://www.dot.state.mn.us/const/labor/documents/contractdocs/specprovdivastate.pdf>.

49. Compliance with Tax Law Requirements.

- 1.1 The State cannot make final payment to the Contractor until the Contractor demonstrates that it and all its subcontractors have complied with the Income Tax withholding requirements of Minnesota Statutes, section 290.92 for wages paid for work performed under the contract. To establish compliance, the Contractor must submit a “Contractor Affidavit” either online or in paper form (IC134) to the Minnesota Department of Revenue. The Contractor will receive written certification of compliance when the Department of Revenue determines that all withholding tax returns have been filed and all withholding taxes attributable to the work performed on the contract have been paid. The Contractor must then provide this written certification to the Architect/Engineer to receive final payment.
- 2.1 Every subcontractor working on the Project must submit an approved “Contractor Affidavit” from the Minnesota Department of Revenue to the Contractor before the Contractor can file its own Contractor Affidavit. The Contractor is strongly encouraged to obtain the certification from each Contractor immediately following the Subcontractor’s completion of work on the project. Delays in completing the forms until after the project is complete may result in significant additional work for the Contractor in collecting the required forms.
- 3.1 The Department of Revenue, in association with the Department of Employment and Economic Development, offers a free seminar to help contractors understand tax law requirements. The Department strongly urges the Contractor and all subcontractors to attend the “Employment Taxes & Employer Responsibilities Seminar” or similarly offered classes. You can find a schedule and more information on the Department’s website at: [Contractor Affidavit Requirements | Minnesota Department of Revenue \(state.mn.us\)](https://www.revenue.state.mn.us/contractor-affidavit-requirements) Complying with this requirement is considered part of the work under this Contract. Contractor delay in complying with this requirement may cause the State to delay final payment and Contract Acceptance. The State may also report non-compliance to the Department of Revenue, which may result in enforcement action by the Department of Revenue.

50. Buying “Off” Contract/Purchase Order Limits.

The Contract does not prohibit state agencies from using their delegated purchasing authority to procure similar goods and services from other Contractors. At the State’s discretion, the State’s qualified personnel may do their own work even though it may be covered by the Contract. Workmanship and Licenses.

Employ personnel skilled and experienced for the specific task required. Licensed journeymen must be employed where required by law. Workmanship must be of the highest quality and performed in a neat and expeditious manner. Qualified supervision must be at the site when work is progressing.

All Contractors must conform to the labor laws of the State of Minnesota and all other laws, ordinances, and legal requirements affecting their work in Minnesota.

51. Utilities.

Contractor must protect above and below grade utilities in conformance with Minnesota Department of Transportation (MnDOT) Specification 1507 and must contact Gopher One Call at 651-454-0002 / 800-252-1166 (website: www.gopherstateonecall.org) to locate on-site utilities. Contractor must provide the ordering entity with the Gopher State One Call locates confirmation number.

52. Fire Safety Instruction for Contractors.

Contractors are required to adhere to all current codes, standards and safety rules that are in effect at the time of the work being performed. These include, but are not limited to, building codes, electrical codes, safety codes, and ordering entity’s personnel/property protection codes. Contractors are responsible for obtaining the ordering entity’s personnel/property protection requirements from the facility in which they are performing the work. Contractor will also implement a “hot-work” and/or “impairment” safety program during the performance of their work if applicable.

53. Right to Inspect and Require Work.

Any work performed that is not in conformance with the specifications of the Contract, or the legal requirements governing the work, must be subject to rejection. All rejected work must be immediately replaced or modified at the Contractor's expense so as to conform to the Contract. If the State determines that the work being performed by the Contractor is not in strict conformance with the Contract, the State must have the right to order the work of the Contractor wholly or partially stopped, or suspended until any nonconforming work has been corrected. Such stoppage or suspension must not invalidate or modify any terms of the Contract and no extra compensation or reimbursement will be allowed to the Contractor by reason of such stoppage or suspension.

54. Conduct.

All employees of the Contractor(s) must conduct themselves in a professional and courteous manner at all times. Personnel deemed unacceptable by the State must be replaced immediately. The State reserves the right to reject any employee.

55. Safety.

The ordering entity agrees to furnish safe and free access to all areas of work covered by this Contract for the purpose of executing the terms of this Contract. At its option, the ordering entity may request, and the Contractor will comply, that a member of the Contractor's staff be removed from working on projects for unsafe practices, violations of the Contract procedures, or other problems.

The Contractor must take all reasonably necessary steps to provide for the safety of, and prevent damage, injury, or loss to:

- All persons
- The building and all other real or personal property at the work site.
- All equipment at the building, under the care, custody or control of the Contractor or any of its employees.

The Contractor must promptly notify the ordering entity if, during the term of the Contract, the Contractor observes or otherwise learns of any conditions which:

- In the Contractor's judgment, poses a threat to the safety of person or property;
- Adversely affects the equipment; or
- Is in violation of any applicable codes or regulations.

56. Administrative Personnel Changes.

The Contractor must notify the State's Authorized Representative of changes in the Contractor's key administrative personnel, in advance and in writing. Any employee of the Contractor who, in the opinion of the State of Minnesota, is unacceptable, must be removed from the project upon written notice to the Contractor. In the event that an employee is removed pursuant to a written request from the State's Authorized Representative, the Contractor must have 10 working days in which to fill the vacancy with an acceptable employee.

57. Damage.

At its expense, the Contractor must promptly remedy and repair all damage or loss to any property caused by the Contractor. The Contractor must not be liable for any loss, delay, injury, or damage, whether direct or consequential, that may be caused by conditions beyond its control relating to acts of government, strikes, lockouts, fire explosion, theft, riot, civil commotion, war, malicious mischief, floods, or other acts unforeseen, or other situations beyond the Contractor's control. The Contractor must not be responsible for damage or loss attributable to the fault or negligence of the ordering entity. The Contractor must not be held liable for back charges if the delay of response time is caused by strikes, any preference or priority allocation order issued by the government, or any unforeseeable cause beyond the Contractor's control, or any cause the State determines justifies the delay.

58. Delays.

- 1.1 If work is delayed for any reason caused by the Contractor due to, for instance, the unpreparedness or failure of the Contractor to have the proper equipment in order to complete the work task in a timely manner, the ordering entity must not be responsible for the extra costs incurred by the Contractor.
- 2.1 Use of a subcontractor must not delay or impede the Contractor's response time to an emergency. The Contractor is responsible for all work assigned under the Contract whether the work is actually performed by the Contractor, a State Contractor, or a Subcontractor. The State will consider the Contractor to be the sole point of contact with regard to matters governed by the Contract, including payment of any and all charges resulting from the Contract. Contractors must use and supervise State Contractors as appropriate, or the State may directly use the State Contracts.

59. Security.

Agencies will include their security requirements, if any, on each purchase order that they issue. Some Agencies require that the Contractor and its employees entering their facilities possess a current photo identification card or no entry will be allowed. Some secure facilities require that all vehicles entering and leaving the facility be searched. The Contractor and its employees must note that introducing contraband upon the grounds of such secure facilities is a violation of State Law and could result in prosecution.

60. Removed Items and Clean-Up.

The Contractor must keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. Upon completion of the work, the Contractor must remove and properly dispose of waste materials and rubbish. The Contractor's tools, equipment, machinery, and surplus materials will be removed from the project premises and surrounding area daily. The cost of waste removal performed by the ordering entity as a result of the Contractor's failure to provide the removal required by this contract must be deducted at the actual cost to the State from the Contract sum.

Disposal of all waste from a job site will include documentation, such as a receipt from the disposal facility.

61. Submittals.

Contractor must submit all documents as required by the contract. Documents required to be submitted include, but are not limited to:

- Minnesota Department of Revenue online "Contractor Affidavit" form or paper IC134 form as required by the Compliance with Tax Laws Requirement clause in Exhibit A of the Contract.
- Email the State of Minnesota Prevailing Wage Payroll Report and Statement of Compliance form as required by the Contract to the address listed on the purchase order.

62. Litigation Responsibilities.

The State may request the assistance of the Contractor as part of active civil and/or criminal investigations. If such assistance is requested, the Contractor agrees to notify the requester of any potential or actual conflict of interest. Further, the Contractor agrees to not enter into a conflict of interest position during the course of any subsequent legal or administrative action(s), unless otherwise approved by the appropriate agency or by the attorneys assigned to the case by the State. The Contractor must, upon request, provide factual and expert testimony on behalf of the State in proceedings involving its work under this Contract.

The Contractor agrees to provide consultation regarding issues related to a case and to serve as trial witnesses, if necessary. No work undertaken by the Contractor in the preparation for any legal or administrative actions must be disclosed without the prior written consent of the attorney(s) assigned to the case by the State. Contractor's

reimbursement for such work may include reasonable expenses, including mileage and per diem, as determined by the current State of Minnesota Commissioner's Plan. The labor rates listed on the Contractor's Price Schedule will apply.

63. Community Relations.

The Contractor must defer all interviews and requests for information from the media, private citizens or public officials to the Project Manager unless the Project Manager specifically requests the Contractor to handle such requests. When requested, the Contractor must participate in public informational meetings and develop presentation materials

Exhibit A, Supplement 1

MINNESOTA DEPARTMENT OF LABOR AND INDUSTRY PREVAILING WAGES FOR STATE FUNDED CONSTRUCTION PROJECTS

The highway/heavy and commercial prevailing wage rates for 87 counties are detailed in Exhibit A - Supplement 1, which is attached and incorporated herein. Due to the large volume of pages, Responders are encouraged download and save a copy to their desktop, and print a hardcopy of the counties in which they are providing a response price.

These rates will apply for the term of the awarded contracts.

RESIDENTIAL PREVAILING WAGE RATES.

Prior to providing a Work Plan or Cost Proposal and accepting a purchase/ work order for work on a residential property, the Contractor must contact the Department of Labor and Industry (DLI) to obtain the residential prevailing wage rates for that county. In the event a residential prevailing wage rate for a trade classification exceeds the commercial prevailing wage rates for that classification that was posted with this solicitation (Exhibit A, Supplement 1), then the Contractor must pay the higher prevailing wage rate to employees and subcontractors performing that scope of work. Contractors may itemize and charge the difference between the two rates as a separate line item on the quote and invoice. Contact DLI at (651) 284-5091 or dli.prevwage@state.mn.us to obtain the residential rates for the counties that do not have rates listed with the solicitation.

Exhibit B: Insurance Requirements

The Contractor must maintain insurance to cover claims which may arise from operations under this Contract, whether such operations are by the Contractor, their Subcontractor, or by anyone directly or indirectly employed under this Contract.

The Contractor must not commence work under the Contract until they have obtained all the insurance described below and the State of Minnesota has approved such insurance. The Contractor, under this Contract, can provide applicable services to the State of Minnesota and/or CPV members, hereinafter referred to as Owner.

All policies must remain in force and effect throughout the term of the Contract.

REQUIREMENTS FOR THE CONTRACTOR:

The Contractor's policy(ies) must be primary and non-contributory insurance to any other valid and collectible insurance available to the state of Minnesota with respect to any claim arising out of this Contract.

The Contractor is responsible for payment of Contract related insurance premiums and deductibles.

Insurance companies must either (1) have an AM Best rating of A- (minus) and a Financial Size Category of VII or better, and be authorized to do business in the State of Minnesota or (2) be domiciled in the State of Minnesota and have a Certificate of Authority/Compliance from the MN Department of Commerce if they are not rated by AM Best.

Certificates of Insurance acceptable to the State of Minnesota must be submitted prior to commencement of the work under this contract. If Contractor receives a cancellation notice from an insurance carrier affording coverage herein, Contractor agrees to notify the State of Minnesota within five (5) business days with a copy of the cancellation notice, unless Contractor's policy(ies) contain a provision that coverage afforded under the policy(ies) will not be cancelled without at least thirty (30) days advance written notice to the State of Minnesota.

NOTICE TO THE CONTRACTOR:

The failure of the State of Minnesota to obtain Certificate(s) of Insurance, for the policies or renewals thereof or failure of the insurance company to notify the State of the cancellation of policies required under this Contract must not constitute a waiver by the Owner to the Contractor to provide such insurance.

The Owner will reserve the right to immediately terminate the Contract if the Contractor is not in compliance with the insurance requirements, and the Owner retains all rights to pursue any legal remedies against the Contractor. In the event of a claims dispute, all insurance policies must be open to inspection by the state, and copies of policies must be submitted to state's authorized agent upon written request.

The insurance and insurance limits required herein must not be deemed as a limitation on the Contractor's liability with regard to the indemnities granted to the Owner under the contract.

NOTICE TO INSURER:

The Contractor's insurance company waives its right to assert the immunity of the State as a defense to any claims made under said insurance. Contractor's insurance company is notified that the liability of their policyholder is not limited by statute, and as a result, they are precluded from limiting claim payments based on any assumption that they are protected by immunity of the State.

Coverage under the General Liability policy(ies) of the Contractor will be as broadly construed for the Owner as is available to the Contractor.

The liability limits specified by the contract are the minimum limits required, and any and all additional limits provided to the Contractor will be available on an excess, umbrella or other basis, to the Additional Insured for any and all covered claims.

POLICY REQUIREMENTS:

1. Workers' Compensation Insurance:

1.1 Contractor must provide workers' compensation insurance for all employees and must require any Subcontractor to provide workers' compensation insurance in accordance with the statutory requirements of the State of Minnesota and must include:

1.1.1 Part 2, Employers Liability including Stop Gap Liability for monopolistic states, at limits of not less than:

- \$100,000 – Bodily Injury by disease per employee
- \$500,000 – Bodily Injury by disease aggregate
- \$100,000 – Bodily Injury by accident

1.1.2 Coverage C: All States Coverage

1.1.3 If applicable, USL&H, Maritime, Voluntary and Foreign Coverage.

1.1.4 A waiver of subrogation in favor of the State of Minnesota, as Owner.

If Contractor is self-insured for its obligation under the Workers' Compensation Statutes in the jurisdiction where the project is located, a Certification of the Authority to Self-Insure such obligations must be provided.

Evidence of Subcontractor insurance must be filed with the Contractor.

2.1 Statutory Compensation Coverage. If Minn. Stat. § 176.041 exempts the Contractor from Workers' Compensation insurance or if the Contractor has no employees in the State of Minnesota, the Contractor must provide a written statement, signed by the authorized signer of the Contract, stating the qualifying exemption that excluded the Contractor from MN Workers' Compensation requirements.

If, during the course of the Contract, the Contractor becomes eligible for Workers' Compensation, the Contractor must comply with the Workers' Compensation Insurance requirements included herein and provide the State of Minnesota with a certificate of insurance.

2. Automobile Liability Insurance:

The Contractor must maintain insurance to cover liability arising out of the operations, use, or maintenance of all owned, non-owned, and hired automobiles.

1.1 Minimum Limits of Liability:

\$2,000,000 - Per Occurrence combined Single Limit Bodily Injury and Property Damage

2.1 Coverages:

- Owned Automobile
- Non-owned Automobile
- Hired Automobile

- Waiver of subrogation in favor of the State of Minnesota
- CA 9948 Endorsement – Pollution Liability – Broadened Coverage (or equivalent)
 - CA 9948 is an endorsement that is attached to an Automobile Liability policy for Contractors who are handling pollutants. This endorsement extends the Automobile Liability policy to cover liabilities incurred as a result of the discharge, dispersal, seepage, migration, release or escape of pollutants that are part of the contract work, which are being transported, towed by, handled, stored, disposed of or processed in or upon a covered vehicle, if they are upset or overturned.
- MCS 90 Endorsement
 - MCS-90 is an endorsement that is attached to the Automobile Liability policy of motor carriers as set forth by the Motor Carrier Act of 1980. The endorsement assures compliance by the insured, within the limits stated therein, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Highway Administration (FHWA) and the Interstate Commerce Commission (ICC).

Evidence of Subcontractor insurance must be filed with the Contractor.

3. Commercial General Liability:

The Contractor must maintain insurance to cover claims arising from operations under this Contract, whether such claims are by the Contractor, Subcontractor, Sub-Subcontractor or by anyone directly or indirectly employed under this Contract.

1.1 Minimum Limits of Liability:

\$2,000,000 - Per Occurrence

\$2,000,000 - Annual Aggregate

\$2,000,000 - Annual Aggregate applying to Products and Completed Operations

\$50,000 - Fire Damage (any one fire)

\$5,000 - Medical Expense (any one person per occurrence)

2.1 Coverages

- Premises and Operations Bodily Injury and Property Damage
- Personal Injury & Advertising Injury
- Products and Completed Operations Liability
- Contractual Liability as provided in ISO form CG 00 01 04 13 or its equivalent.
- Pollution exclusion with standard exception as per Insurance Services Office
- (ISO) Commercial General Liability Coverage Form – CG 00 01 04 13 or equivalent
- Independent Contractors – Let or Sublet work
- Waiver of Subrogation in favor of the State of Minnesota
- Officers and Employees of the State of Minnesota must be named as Additional Insureds, to the extent permitted by law, for claims arising out of the Contractor's negligence or the negligence of those for whom the Contractor is responsible for both ongoing and completed operations.

Contractor agrees its coverage will not contain any restrictive endorsement(s) excluding or limiting Broad Form Property Damage (BFPD) or Explosion, Collapse, Underground (XCU).

4. **Umbrella or Excess Liability**

An Umbrella or Excess Liability insurance policy may be used to supplement the Contractor's policy limit to satisfy the full policy limits required by the Contract.

Officers and Employees of the State of Minnesota must be named as Additional Insureds, to the extent permitted by law, for claims arising out of the Contractor's negligence or the negligence of those for whom the Contractor is responsible for both ongoing and completed operations.

5. **Pollution Liability Insurance**

The Contractor must maintain Pollution Liability insurance (or equivalent pollution liability coverage endorsed on another form of liability coverage, such as general liability or professional errors and omissions policy) and in case any work is subcontracted, the Contractor will require the subcontractor to provide Pollution Liability insurance, unless the requirement is noted as waived in these specifications for specific types of work.

1.1 Unless otherwise specified, the insurance **minimum** limits of liability must be as follows:

\$2,000,000 – Per Occurrence
\$2,000,000 – Annual Aggregate

2.1 The following coverages must be included:

- Policy will include non-owned disposal site Pollution Liability.
- Policy will not contain a lead exclusion.
- Waiver of subrogation in favor of the State of Minnesota

Officers and Employees of the State of Minnesota must be named as Additional Insureds, to the extent permitted by law, for claims arising out of the Contractor's negligence or the negligence of those for whom the Contractor is responsible for both ongoing and completed operations.

6. **Crime Insurance**

The Contractor must maintain Crime Insurance or equivalent charges, such as Fidelity Bond, covering third party fidelity for dishonest and fraudulent acts of employees.

1.1 Minimum limits of liability: \$10,000 per occurrence

2.1 Coverage: third party fidelity for employee theft or forgery

7. **Aviation and/or Marine Public Liability – Required for Mandatory Category, Specialty Category 2.2 and Optional Category 2.4 (watercraft resources)**

Should aircraft or watercraft of any kind be used by the Contractor, any tier of Subcontractor or by anyone else on their behalf, Contractor or Subcontractor must maintain or cause the operator of the aircraft/watercraft to maintain aircraft/watercraft public liability insurance including bodily injury, property damage and passenger liability, as respects any aircraft/watercraft owned, used, operated or hired in connection with the work by the Contractor, Subcontractor or anyone else in the following limits:

- Aircraft/ Watercraft Liability - \$10,000,000 Per Occurrence combined Single Limit Bodily Injury and Property Damage

Evidence of insurance must be filed with the Owner prior to use of equipment on project.

8. **Builders Risk Insurance**

It is the agency's responsibility to determine if there is a need for such insurance coverage on the work. Builder's Risk insurance is needed for a building under construction or when it is being renovated or remodeled. It is also needed

when machinery and/or equipment is installed as a permanent fixture of real property, unless it is located underground. If it is determined by the agency that Builder's Risk insurance is necessary for a particular project, the work cannot be performed under this Contract. The agency should instead contact Real Estate and Construction Services and arrange to do the work as a building construction project. MNDOT, DNR, Military Affairs would not contact Real Estate and Construction Services to arrange to have this work done. They would follow the construction purchasing authority that has been delegated to them by the Department of Administration for this construction work.

CPV members must determine if Builder's Risk insurance is necessary for a project or not. If they determine it is necessary, they must obtain coverage through their own providers.

Exhibit C: Specifications, Duties, and Scope of Work

1. Contractor Location.

1.1 The Contractor must maintain facilities capable of satisfying the requirements listed for all response categories. Additionally, the Contractor facility(ies) must be located within the State of Minnesota, or within 100 miles of the Minnesota border by commencement of the Contract.

2. Standard of Work.

2.1. The Contractor will provide emergency response services, including Contractor planning, preparing and training for environmental emergencies. All work performed under the Contract must:

- Meet industry standards;
- Be performed in accordance with all applicable Minnesota Pollution Control Agency (MPCA) and State guidance documents;
- Meet all State, federal, and local laws;
- Comply with the terms of the Contract, Purchase/Work Orders, Change Orders, and Stop Orders from the ordering entity.

2.2. In the event of conflict between applicable federal, State, and local laws, the Contractor must notify the State so the State can make a determination on appropriate performance. The State must not approve, and no payment will be provided for work that does not meet these standards. Time is of the essence in the performance of this Contract.

3. General Health and Safety.

The Contractor must ensure that its personnel assigned under this Contract, and the personnel of the State Contractor and all Subcontractors have received the appropriate level of health and safety training as specified by all applicable laws. The Contractor must be responsible for the health and safety of its employees, and the employees of the State Contractor, and all Subcontractors in connection with the work performed under this Contract. The Contractor must have a copy of the project specific Health and Safety Plan available upon request at the project site. Site Security Plans will be developed as needed.

The Contractor is responsible to assure the Contractor, Subcontractor, and the State Contractor follow the Contractor's Health and Safety Plan. The Contractor must notify the Project Manager of non-performance or health and safety concerns.

The Contractor may be assigned to function as an incident specific safety officer for the purposes of creating a Site Safety Plan, evaluating health and safety issues at a site, and providing information and recommendations to the Authorized Representative.

4. Staff Classifications and Use.

4.1. Staff classifications and required tasks are described in Exhibit F. The ordering entity must pay the appropriate rate for the task being done. The ordering entity reserves the right to verify the staff classification charged versus the task performed.

4.2. The Contractor will assign only one project manager for a project. Delegated tasks from the project manager will be billed according to the task.

4.3. The Contractor must follow all prevailing wage laws as defined by DLI.

4.4. Field Supervisor may perform construction work at the same time as supervising Field Technicians or Subcontractors. During such dual activities, the ordering entity may pay at the Field Supervisor rate and Contractor must pay the employee at least the prevailing wage for the construction work being done.

5. Pre-Approved Subcontractors.

The Contractor may propose subcontractors for pre-approval for emergency response activities under this Contract by submitting the Exhibit A – Supplement 2 and the Exhibit D – Proposed Subcontractor Price Schedule tab. The subcontractor, if approved, is only to be used for activities related to an emergency.

The proposed subcontractors must own the response supplies and equipment listed under the applicable categories on the Cost Proposal document attached to this contract. A written, contractually binding long term lease arrangement will meet the ownership requirement. The proposed subcontractor's response supplies and equipment must be available 24 hours a day, 7 days a week

If approved by the State, the pre-approved subcontractors' rates must remain firm for the initial term of the Contract unless price decreases are offered and approved by the Contract Administrator. After the initial term, the rates may be revised, and, if approved, must remain firm for each succeeding term for which they are approved. The State, at its discretion, may allow the use of other subcontractors for similar work. New subcontractors may be offered by the Contractor during the Contract term and, if approved, will be added to the Contract as a pre-approved subcontractor. The State reserves the right to request additional information on any subcontractor who is submitted for pre-approval. Any new subcontractors offered should be submitted using Exhibit A – Supplement 3 and Exhibit D – Proposed Subcontractor Price Schedule tab. The State reserves the right to remove a pre-approved subcontractor from the Contract at any time during the Contract term without cause.

6. Competitive Bidding Requirements for Subcontracting.

6.1. Emergency situations needing a response under this Contract will fall into one of two classifications listed below. Some situations may transition from one to the other as the situation is being stabilized.

6.1.1. Emergency Response Activities: For emergency conditions, competitive bidding does not apply.

6.1.2. Follow-up Emergency Response Activities: For follow-up activities, subcontracting will be subject to competitive bidding as required under Table 1: Bidding Requirements for Subcontracting Emergency Response and Follow-up Activities and per the MPCA Purchasing Manual.

6.2. Tasks that the Contractor is unable to do with its own staff and equipment may be done by:

6.2.1. Use of a Contractor's pre-approved subcontractor

6.2.2. Use of a State Contractor

6.2.3. Use of a Subcontractor procured for Emergency Response Activities, including construction

6.2.4. Use of subcontracts procured by competitive bid per the MPCA Purchasing Manual

6.2.5. Providing bid specifications to MPCA and use of a Contract solicited by the Minnesota Department of Administration, Office of State Procurement

6.3. In each case that occurs, the selection of any subcontractor is required to be reviewed and approved by the Authorized Representative (AR). It is expected that the Contractor will make decisions that are in the best interest of the State. Table 1 below summarizes when competitive bidding is required under different scenarios. If the State determines that a Contractor is not making decisions regarding subcontracted work that are in the State's best interest, the State reserves the right to reject any subcontractor selection.

Table 1: Bidding Requirements for Subcontracting Emergency Response and Follow-up Activities

	Emergency Response Activities	Follow-up Emergency Response Activities
for work under \$50,000	Do the tasks, if the Contractor or pre-approved subcontractor, or State Contractor is capable or subcontract with other contractors. No bidding required.	Do the tasks if the Contractor, pre-approved subcontractor or State Contractor is capable, or follow the MPCA Purchasing Manual which will require bidding.
for work over \$50,000	Do the tasks, if the Contractor, pre-approved subcontractor, or State Contractor is capable of performing the tasks. If the Contractor, pre-approved subcontractors, and State Contractors are not capable of the tasks, the Contractor procures capable subcontractor. No bidding required.	The Contractor can procure a State Contractor without bids or the Department of Administration, Office of State Procurement procures a capable Prime Contractor through bidding. The Contractor may provide oversight of the Prime Contractor.

7. Meetings and Trainings.

The ordering entity will pay for meeting time, based on the hourly rates of the attendees and the mileage, if applicable, only for project specific meetings pursuant to a Purchase/Work Order. Contract status meetings or other meetings requested by the AR will not be reimbursed.

The Contractor must attend training required by the ordering entity and will be paid based on the hourly rates of the attendees and the mileage, if applicable.

8. Verbal Directive and Purchase Orders.**8.1. Requirements.**

8.1.1. State Agencies will use Verbal Directives, Purchase Orders, Change Orders and Stop Orders, as specified below.

8.1.2. CPV members may use these requirements or develop alternative requirements.

8.2. Performing Work.

8.2.1. The Contractor may not perform any work for a State agency without a Verbal Directive or written Purchase Order from the AR. The AR may temporarily authorize staff of other programs to utilize the Contract and to issue Verbal Directives and written Purchase Orders in response to emergency conditions at sites overseen by that program. Funding of the work must be determined by the AR and that Program's Manager. Verbal Directives must be followed up with written Purchase Orders.

8.2.2. The Contractor must be paid for actual services performed for the State or CPV member pursuant to Purchase Orders from the State or CPV member according to the prices established in the Fee Schedule, or as set forth in Purchase Orders if the services are not included in the Price Schedule. The Contractor must not be paid more than the cost ceiling established in the Verbal Directive or Purchase Orders. The MPCA is only responsible for the costs when it specifically issues a Verbal Directive or written Purchase Order to the Contractor. Each State Agency or CPV Member is responsible for its own costs incurred under the Contract.

8.2.3. At the time that the AR conveys a Verbal Directive, the time period required for response must be established, as well as whether or not a Cost Proposal or Work Plan is needed. The Verbal Directive must be

followed up by a written Purchase Order submitted to the Contractor by mail or email. The date of the Verbal Directive must be considered the date that the Purchase Order is issued, unless a written Purchase Order is issued initially.

8.2.4. Purchase Orders must at a minimum list the general tasks to be performed by the Contractor at the site of the spill/release or other emergency or potential threat to, public health, safety, or the environment. Details of the general tasks will be conveyed to the Contractor verbally, through email or text messaging or from agreed upon Work Plans. The cost ceiling and deadlines in the Purchase Order may be established from Work Plans submitted or verbal discussions. Change Orders as described in the contract may amend Purchase Orders.

8.2.5. The State or CPV member will retain sole discretion in assigning the work to the Contractors. The decision to assign a site to a Contractor is based on Contractor's performance under other Purchase Orders, depth of experience in a particular area of work, location of the emergency, availability, cost, or other factors the State or CPV member consider relevant to predicting satisfactory performance.

9. Verbal Directive and Change Orders.

The Authorized Representative may require or the Contractor may request certain changes in the scope of work, budget, and/or deadline dates described in a Purchase Order. The Authorized Representative authorizing changes to the Verbal Directive or Purchase Order may issue a Verbal Directive change and a written Change Order. Verbal Directive changes must be followed up with written Change Orders.

The Contractor should not proceed with work beyond the work authorized by a Purchase/Work Order unless a Change Order has been issued. The Contractor must notify the Project Manager when the contractor determines the current or scheduled work tasks will likely exceed the project cost baseline.

10. Stop Orders.

If the Authorized Representative makes the determination that work authorized under a Purchase Order should stop for any reason, the Authorized Representative may issue a verbal and/or written Stop Order to the Contractor. The Stop Order must specify the reason for the Stop Order. The Contractor must immediately comply with the terms of the Stop Order, which may include steps to leave the site in a safe condition. The Contractor may request the AR and/or Project Manager to issue a Stop Order for the purpose of initiating a Change Order. Verbal Stop Orders must be followed up with written Stop Orders.

The Contractor must be paid for charges properly invoiced for all work satisfactorily completed up to the time when the Stop Order took effect. Additional costs not specified in the Purchase/Work Order incurred by the Contractor as a result of the issuance of a Stop Order, must be paid by the Authorized Representative through a Change Order. However, if the Stop Order was issued because of violations of the Site Safety Plan or because the Contractor was otherwise not in compliance with the Contract or a Purchase/Work Order or Change Order, no payment for the cost incurred as the result of the issuance of the Stop Order must be made.

11. Conflicts of Interest.

The Contractor must make a determination regarding any actual or potential conflict of interest prior to initiating project work. The Contractor must notify the Authorized Representative immediately following a determination of a conflict of interest. The Authorized Representative may revoke any Purchase Order following the determination of an actual or potential conflict of interest. Following the determination of an actual or potential conflict of interest, the Contractor must (a) cease all project related work at the site and (b) notify the Authorized Representative, and (c) pay the costs related to mobilization. The Contractor must accept the costs related to mobilization when the State's AR determines the Contractor culpable for knowing the potential for a conflict of interest. The Contractor must seek approval from the Authorized Representative prior to initiating any work for another party at sites.

12. MPCA Written Authorization.

The Contractor, when authorized in writing by the MPCA Commissioner, will prepare and sign the following documents on behalf of the MPCA:

- Standard form Access Agreement between the MPCA, for itself, its employees, agents, and contractors, and the real property owner
- Minnesota Department of Health Monitoring Well Permit Application, and
- Uniform Hazardous Waste Manifest.

If authorized, the Contractor must designate in writing the employees who are authorized to sign such documents on behalf of the MPCA when authorized by the MPCA Commissioner.

13. Work Plans and Cost Proposals.

The Contractor may be required to submit Work Plans. The Work Plans may be requested verbally prior to work being done or at any stage of a project. When a Work Plan is required, it must be submitted to the Project Manager for review and approval within the time period prescribed by the requester. The ordering entity will not be charged for preparation of Work Plans unless substantial file review is required or an extensive Work Plan is requested and the ordering entity agrees to pay for the preparation. The ordering entity and the Contractor may negotiate changes to the Work Plan prior to issuing the Purchase Order. The Work Plan, once approved by the ordering entity, becomes part of the resulting Purchase Order. The ordering entity may solicit Work Plans from multiple Contractors.

The Contractor must submit a Work Plan or cost proposal information on the form provided by the ordering entity. At a minimum, proposals should include the following:

- Tasks and scope of services
- Labor charges per hour per person assigned
- Detailed travel costs (mileage, per diem, meals, lodging, etc.)
- Supplies and equipment
- Lab analysis costs (if applicable)
- Subcontractor costs
- Schedule

14. Reporting and Progress Reports.

The Contractor must submit 24-hour reports to the AR or PM within two (2) days of the incident date.

Upon request, the Contractor must submit written progress reports to the AR or PM within seven (7) days of request. Final reports must be submitted to the AR or PM within 30 days after final work completion.

Contractors will prepare final reports by selecting the [Spill Response Reporting Form](#) hyperlink or another form as directed.

15. Overtime.

15.1. Prevailing wage or FLSA eligible employees. The Contractor must pay overtime to its employees who are covered by Prevailing Wage and Fair Labor Standards Act (FLSA) laws and regulations as required and at the rates required by Prevailing Wage and FLSA laws and regulations for the overtime work hours that are covered by those laws and regulations. See Minnesota Statute § 177.43, Subd. 1.

15.2. Non-Covered Employees. The Contractor may elect to pay overtime to employees who are not covered by Prevailing Wage and FLSA laws and regulations. Unless the Contractor is otherwise required to pay overtime under applicable laws and regulations, the ordering entity will reimburse the Contractor for overtime paid for work

beyond the employees normal scheduled hours for the hours when such an employee does more than eight hours of work in a day or works after 5:00 p.m. weekdays, or works on Saturdays, Sundays, and holidays. Such overtime paid to such an employee must not exceed 1.5 times their hourly rate for weekday or Saturday work or two times their hourly rate for Sunday or holiday work.

15.3 Overtime will not be paid for regular work hours after 5:00 p.m. weekdays, or on Saturdays, Sundays or holidays. The ordering entity will not pay overtime on overhead and profit unless the Contractor is otherwise required to pay overtime under applicable laws and regulations.

15.4 Upon request, the Contractor must provide itemized statements with its invoices showing actual overtime paid to the Contractor's employees.

16. Equipment Purchase Price Limit.

Equipment such as fans, booms, and other equipment used for many days must be billed at a daily rate. The State will pay the daily rate for a project only up to the purchase price of the piece of equipment and thereafter use of the equipment will be at no cost for the duration of the project. The Contractor warrants that title to all goods, materials and equipment covered by an invoice will pass to the State upon receipt of payment by the Contractor, free and clear of liens, claims, security interests or encumbrances and that no interest or encumbrance must be retained by the seller for those goods, materials or equipment. Contractor and the State will negotiate disposition of equipment neither of the parties wishes to retain.

Any materials, tools, equipment, maintenance of equipment, or services purchased for project specific activities that are not included on the Price Schedule must be billed at the Contractor's actual cost of the purchase price and purchased as required in the Exhibit D Price Schedule. Any rental fees on equipment must be billed at the actual cost of the rental of the equipment. Receipts for these purchases or rental must be submitted to the appropriate Contract user with the Contractor's invoice. The Contractor and the State will negotiate a daily fee for purchased items not on the Price schedule. These minor additions for project specific activities can be negotiated without a formal Contract amendment, however, must be approved in advance and documented in the Purchase Order.

17. Personal Protection Equipment (PPE).

All Levels of PPE should include the equipment and supplies listed in the definitions section (Exhibit E) for each specific level of PPE. The PPE price only includes equipment and disposables and not staff rates.

18. Site Access.

The Contractor must be responsible for checking property ownership and obtaining access to property needed to accomplish work assigned under the Contract unless otherwise notified by the Authorized Representative. However, if after making reasonable efforts, such as several verbal and written contacts and requests for signature on a reasonable access agreement, the Contractor cannot obtain access to the site, the Contractor must notify the AR or Project Manager that there is an access problem and the AR or Project Manager must use its best efforts to obtain access to the site. Reasonable efforts do not include payment of fees solely for the purpose of gaining access. The Contractor must use the forms provided by the State for obtaining access.

19. Management of Waste.

The Contractor must make every effort to minimize waste generation and to manage wastes so as to implement the preference established by Minn. Stat. § 115A.02. In those instances where land disposal is the only option available, the Contractor must obtain prior approval from the Project Manager and/or local authorities, as required. The Contractor must arrange for disposal of waste in a timely manner.

For hazardous waste management, the Contractor must utilize the State Hazardous Waste Contract unless otherwise authorized by the Project Manager. For hazardous waste, manifest copies must be provided to the MPCA in compliance with DOT and EPA regulations. Upon treatment or destruction, the hazardous waste management facility must provide the Project Manager with a certificate of disposal within 30 days.

Any hazardous wastes collected, contained, and transported by the Emergency Response (ER) Contractor must be shipped with a completed MPCA Uniform Manifest pursuant to Minn. Rules Part 7045.0261 and 7045.0265 unless the MPCA issues an Emergency Declaration as part of an emergency action and the requirement is suspended temporarily. The ER contractor must provide the MPCA with a copy of the transporter signed shipping paper within 45 days of signature, and a facility signed copy of the shipping paper within 30 days of receiving it from the facility. Additionally, the ER contractor must ensure the Hazardous Waste (HW) contractor satisfies the same shipping paper requirements for wastes (a) collected and contained by the ER contractor and (b) transported to the hazardous waste management facility by the HW contractor.

The Contractor will perform services related to the transportation and disposal of hazardous and non-hazardous waste on behalf of the State of Minnesota, including preparation of documents. Such services are to include, but not be limited to, performing waste analysis, making waste certifications, and preparing documents such as profiles, manifests, notifications and certifications of land disposal restrictions and other documents needed for the appropriate management of waste.

The authority granted under this Contract for the Contractor to perform these services is not intended to affect any liability the State of Minnesota may have under federal and State hazardous waste laws as the “generator” of all the waste material transported and disposed under this Contract.

Transporters must comply with the requirements set forth in Minn. R. 7045.0351 through 7045.0397 unless waived by the Commissioner of the MPCA, per 7045.0120 subp. 1(J).

Prior to shipment the Project Manager must approve all wastes destined for treatment or disposal.

20. Transportation of Waste.

Transportation of wastes conducted under this Contract must be performed in compliance with the United States Department of Transportation (USDOT) regulations as set forth in 49 CFR Parts 100 to 185 and transporters must comply with requirements set forth in Minn. Stat. §§ 221.033, 221.037, and 221.0341. Contractors must ensure that all carriers are registered as hazardous materials transporters with the USDOT, as applicable.

Transporters must comply with the standards set forth in the Federal Motor Carrier Safety Regulations, 49 CFR Parts 382 through 397, and applicable Minnesota Statutes, for drivers, commercial motor vehicle equipment and inspections, and insurance to the extent that they apply. Any transporter operating as a for-hire carrier must have all appropriate federal or state motor carrier authority.

REQUIRED TASKS FOR SPECIALTY EMERGENCY RESPONSE SERVICE

The Specialty Emergency Response Service (SERS) Contractor must satisfy the mandatory and specialty tasks listed below as related to spills/releases of petroleum, food products, manure, oil, sewage, solid waste, and hazardous substances spilled onto land and/or into water and/or released into the air. Construction and non-construction activities including oversight of Subcontractors and State Contractors will be performed.

The SERS contract contains three distinct categories – Mandatory, Specialty and Optional.

1. Mandatory Category. The SERS Contractor must provide all of the following mandatory tasks which are general in nature. The tasks listed below are required for the duration of the Contract.

- Provide 24-hour statewide response seven days a week, including all holidays.
- Provide 24-hour telephone answering, with a call back within ten minutes.
- Coordinate, cooperate, and utilize existing State Contracts such as laboratory, hazardous waste disposal, infectious waste disposal, and pesticide waste disposal services.
- Provide personal protection Level C and D responses
- Apply science concepts, principles and techniques.
- Timely assessment of hazards and risks associated with the release, prioritizing objectives and development of a response plan.
- Manage varying levels of projects from start to finish.
- Supervise and oversee projects including the scheduling, subcontracting, and management of costs.
- Supervise employees, State Contractors and Subcontractor(s) on-site.
- Perform standard environmental technical assignments such as field testing and collecting soil and/or water and/or air samples.
- Understand and properly utilize environmental and health and safety field instruments, software and equipment.
- Provide GPS coordinates for all incidents assigned.

2. Specialty Categories. The Specialty Category consists of three sub-categories. The sub-categories contain tasks related to (a) spills to land, (b) spills to surface water and, (c) releases to air. The Contractor must be capable of performing the complete list of tasks for each sub-category they are awarded a contract for.

2.1 Spills to Land. The spills to land category targets work related to the cleanup of fuel spills on soil, however other spills of organics, solids and sludges may occur.

- Contain, recover and mitigate a variety of material spills/releases on the surface and subsurface of land. This includes the following activities, damming, diking, sorbing, pumping, digging and excavating materials and contaminated soils.
- Investigate the source of spills/releases by inspection, sampling, interviewing and researching. Gather information on property inhabitants, property owners, and potential responsible party(ies) name, address, and telephone numbers.
- Perform basic control, containment and/or confinement operations on land such as creating earthen dikes or berms to contain spilled material.
- Provide and/or arrange for the use of heavy duty equipment such as vacuum trucks, backhoes, skid steers and other equipment used for recovery and cleanup of solids and liquids.
- Supply, deliver, and use synthetic and natural sorbents and other supplies to contain and recover spills/releases.
- Design, plan and conduct soil excavations to remove contamination per MPCA guidance documents.
- Follow USEPA and MPCA sampling protocols and methodologies for soil, water and air media.
- Collect, preserve, transport and submit samples (solid, liquid and gas) to laboratories for analysis.

- Provide laboratory data in an acceptable electronic format such as MPCA's requirements for data integration into the Environmental Quality Information System (EQUIS).
- Calculate volumes of contaminated soils, water, and waste materials and determine the appropriate treatment and/or disposal options. Arrange for the packaging, labeling, placarding, transportation, storage, management, and disposal of wastes generated during an emergency response.
- Occasionally, supervise, perform and/or oversee construction activities.

2.2 Spills to Surface Water. The spills to surface water category targets the work related to spills entering and discharging from storm sewers and/or spills on land entering surface waters.

- Contain, recover and clean up spills/releases to surface waters by deploying and maintaining containment booms and/or sorbents at storm sewer outfalls accessing from land.
- Investigate the source of spills/releases by inspection, sampling, interviewing and researching. Gather information on potential responsible party name, address, and telephone numbers.
- Understand and implement tactics to contain, recover and clean up spills to surface waters.
- Investigate and recover petroleum product from storm sewer systems and vent vapors safely. Provide and/or arrange for the use of heavy-duty equipment such as a vacuum truck for use during an emergency response.
- Supply, deliver, and use synthetic and natural sorbents and other supplies to contain and recover spills/releases.
- Follow USEPA and MPCA sampling protocols and methodologies for soil, water and air media.
- Collect, preserve, transport and submit samples (solid, liquid and gas) to laboratories for analysis.
- Provide laboratory data in an acceptable electronic format such as MPCA's requirements for data integration into the Environmental Quality Information System (EQUIS).
- Calculate volumes of contaminated soils, water, and waste materials and determine the appropriate treatment and/or disposal options.
- Arrange for packaging, labeling, placarding, transportation, storage, management, and disposal of wastes generated during an emergency response.

2.3 Releases to Air. The Releases to Air category targets the work related to the monitoring, sampling, interpreting, and displaying air data from an industrial fire or large air release with the potential to affect communities.

- Understand, advise and assess air monitoring and modeling strategies involving air contaminants.
- Deploy direct read field instruments within in four hours of notification of an oil or chemical release or industrial fire.
- Develop and implement air sampling and monitoring plans for chemical release or industrial fire lasting 8 hours or more.
- Compile, interpret, and analyze air monitoring data in a timely manner.
- Follow USEPA and MPCA sampling protocols and methodologies for soil, water and air media.
- Collect, preserve, transport and submit samples (solid, liquid and gas) to laboratories for analysis.
- Provide laboratory data in an acceptable electronic format such as MPCA's requirements for data integration into the Environmental Quality Information System (EQUIS).
- Develop Survey 123 forms
- Submit data using the newly developed Survey 123 forms. Prepare the Survey 123 data for publishing on MPCA internal facing and external facing websites using Geographical Information Systems (GIS) and other tools.

3. Optional Category. The Responder to select from one or more items from the list below.

- Assist with the documentation process related to potential criminal and /or civil investigations.
- Participate, attend and/or conduct emergency response drills and training sessions of other emergency responders, State Agencies, and CPV Members.

- Provide or facilitate the use of Unmanned Aerial Vehicles (UAV).
- Use Geographical Information Systems (GIS) to display and share data.
- Provide watercraft resources for incidents involving a surface water response.

Exhibit D: Pricing

1. Contract Pricing.

1.1 In General. Prices listed take into consideration all inherent costs of providing the requested goods and services. The Contractor agrees to pay any and all fees, including, but not limited to: duties, custom fees, permits, brokerage fees, licenses and registrations, government taxes, overhead, profit, parking permits, proper disposal of materials, insurance payments. The State will not pay any additional charges beyond the price(s) listed, unless otherwise provided for by law or expressly allowed by the Contract. Prices listed within Exhibit D are maximum prices. These maximum prices must remain firm for the initial term of the Contract. The Price List may not include any additional terms or conditions. A unit price and a total for the quantity must be stated for each item quoted. Prices must be quoted in United States currency. Any increase to Contract pricing requires a duly executed amendment to this Contract. Contractor may provide lower pricing at its discretion without requiring a duly executed amendment to the Contract.

The prices listed by the Contractor and Proposed Subcontractor on the Price Schedule's must include all costs for non-prevailing wage work and prevailing wage work, including applicable overhead. See the definition of Overhead/Profits in Exhibit E. The State will not pay any additional charges beyond the price(s) listed in the Price Schedule and the payment of Prevailing Wages and the Prevailing Wage Service Charge listed, unless otherwise provided for by law or expressly allowed by the terms of the contract.

No markup is allowed on Subcontractor or State Contractor invoices. The State will only pay the rates listed on the Price Schedules for non-prevailing wage work, vehicles, equipment, supplies and rental space. The State will not pay for the collection of site locational data using GPS equipment.

1.2 Hourly Rate Pricing. This is the rate(s) detailed in the Contract for each service or category of service provided by Contractor.

For equipment rental, the rental rate for equipment for one hour or less.

For personnel work, the rate for one hour of work. The State will pay quarter hour increments for personnel work.

1.3 Prevailing wage pricing:

- Prevailing Wage Service Charge. The Contractor may apply a Prevailing Wage Service Charge in the form of a fixed dollar amount that applies statewide. The Prevailing Wage Service Charge can only be applied to prevailing wages and for construction activities. The Prevailing Wage Service Charge is intended to cover applicable overhead and profit. See the definition of Overhead/Profit in the definitions section.
- Total Prevailing Wage Rate. For construction work requiring prevailing wage, the Contractor will be reimbursed the Total Prevailing Wage Rate properly paid plus the Prevailing Wage Service Charge. The Prevailing Wage Service Charge should be listed as a separate line item on the invoice.

Formula used to calculate Total Prevailing Wage Rate:

(DLI prevailing wage including fringe benefits) + (Prevailing wage service charge) = (Reimbursable Total Prevailing Wage Rate)

Example: \$45.00 + \$5.00 = \$50.00 is the reimbursable total prevailing wage rate.

- 1.4 Labor. The Contractor's hourly price must include, but is not limited to, prevailing wage requirements, equipment and tools normally associated with environmental emergency response activities, etc. The certified prevailing wage rates in effect at the time the solicitation is advertised apply for the duration of the contract.
- 1.5 Permits. The State of Minnesota is not subject to regulation by governmental subdivisions unless the State has waived its immunity from such regulation. Therefore, permits and fees required by local authorities are not required. However, coordination and collaboration with local government is required. The MPCA has the right by law to enter onto the property without obtaining a permit.
- 1.6 Freight. Contractor pays all freight and adds freight charges to quote/invoice as a separate line item. Freight must be quoted/invoiced as a direct pass-through cost. No markup is allowed on freight. Freight charges invoiced may not exceed the quoted price. Upon request by the ordering entity, the Contractor must furnish third party freight quote and/or invoice.
- 1.7 Competitive Pricing. The State reserves the right to require Contractors to secure competitive bids for materials being furnished, or if there are multiple Contractors assigned to a county, the State reserves the right to obtain a written price quote from multiple Contractors. If the Contractor is required to secure competitive bids for materials, the State may request to review documentation to verify that competitive procurement practices have been used.
- 1.8 Taxes. Do not add sales tax to the prices being offered. State Agencies hold a Direct Payment Authorization Letter which is used to pay applicable taxes directly to the Department of Revenue. Contractors may go to <http://www.revenue.state.mn.us> to learn about the applicable sales tax (search "Fact Sheet 142").
- 1.9 Travel. Only expenses detailed on the Price Schedule or per the State of Minnesota Commissioner's Plan will be allowed under the Contract. Any agreed upon charges for travel mileage rates (for vehicles less than one ton), lodging, and meal expenses are per the current State of Minnesota Commissioner's Plan, posted to the Office of State Procurement (OSP) website: <https://mn.gov/mmb/employee-relations/labor-relations/labor/commissioners-plan.jsp>.

Per Diem costs for meals may be charged for a project at the actual cost or the maximum reimbursement amount, whichever is less. The State may require receipts for any meal reimbursement requested by the Contractor under the provisions of the Contract.

Employees must be reimbursed for meals under the following conditions:

1. Breakfast. Breakfast reimbursements may be claimed if the employee leaves their temporary or permanent work location before 6:00 a.m. or is away from home overnight.
2. Lunch. Eligibility for lunch meal reimbursement must be based upon the employee being on assignment, over thirty-five (35) miles from their temporary or permanent workstation, with the work assignment extending over the normal lunch period.
3. Dinner. Dinner reimbursements may be claimed only if the employee is away from their temporary or permanent work location until after 7:00 p.m. or is away from home overnight.

The State will pay mileage to and from the work site from the Contractor's closest dispatch center/service location. The State reserves the right to use Google Maps™ to determine mileage. The State will not pay any mileage, labor costs, or any overtime associated with travel to pick up materials.

Alternative to mileage costs, the State will pay for lodging costs at hotel and motel accommodations that are reasonable and consistent with the lodging facilities available in the area of the project. The decision to incur lodging

costs on a particular day of the project must be made at the time of issuing a work plan and cost proposal of agreed upon by the ordering entity.

The State will pay per diem for Subcontractors.

Sample Invoice and Quote**

Attached is a sample invoice and quote.

Contractor is required to use the sample quote and sample invoice for all transactions under this Contract. Contractor may not materially change either document unless the change has been approved in writing by the State's Authorized Representative. Contractor may not modify the sample quote or sample invoice to provide less detail regarding purchases under this Contract. Contractor hereby waives the right to enforce any term in either sample which contradicts or modifies any term of the solicitation or any Contract that may result, including subsequent amendments to the Contract, or would result in an unencumbered expense if enforced against the state or its CPV members. The State anticipates the sample quote and sample invoice will contain, at a minimum:

- Customer name
- State Contract number
- Purchase or work order number
- Invoice number
- Invoice date
- Invoicing period (actual working period)
- Name of contract manager or project manager
- Itemized labor costs (must include name of project staff, their classification, rate, and dates and hours worked, prevailing wage classification if applicable, prevailing wage service charge listed separately from hourly rate if applicable)
- Itemized cost of supplies and equipment used each day
- Item quantity
- Price
- Prevailing wage reports (when applicable)
- IC134 form, contractor withholding affidavit (when applicable)
- Contractor, pre-approved subcontractor, or subcontractor invoices or receipts
- Receipts for itemized expenses, such as lodging and supplies

Per Exhibit A, for all MPCA purchase/work orders or upon request by the ordering entity, the Contractor must submit the following documentation:

- Budget status report, including dollar amount of purchase/work order, list of invoices, amount paid to date, and amount remaining in the budget
- Brief update of tasks completed for subject invoice, remaining tasks to complete for the project, or a statement indicating final invoice for the purchase/work order.

DEFINITIONS OF TERMS

Assessments - Include evaluating the actual and/or potential affects to public safety, health and the environment before, during, and after a spill/release to the air, soil or water.

Authorized Representative (AR) - The personnel from a MPCA Emergency Response Program staff, State department, agency, facility, institution or Cooperative Purchasing Venture (CPV) member with written authorization to request services of the Contractor and issue Verbal Directives and Purchase/Work Orders.

Budget Status Report - A budget summary report, in matrix format, summarizing both State approved budget amounts by task and total billed to date for the categories of Contractor labor, Contractor expenses and equipment, Subcontractors, and State Contractors.

Changeout – The use of equipment and one set of the disposable supplies for each level of PPE.

Construction Activities – Work on the erection, construction, remodeling, or repairing of a public building or other public work financed in whole or part by State funds which uses the skill sets of any trades covered by Labor Code and Class under prevailing wages set by the Minnesota Department of Labor and Industry (DLI). Refer to <http://www.dli.mn.gov/LS/PrevWageDef.asp> for DLI’s definitions of construction types.

Containment - Includes deploying boom, building berms, dikes or other physical structures; applying sorbent to liquid spills/releases; plugging containers, pipes, and sewers; repackaging containers; or other techniques to minimize the area of contamination or stop the spread of contamination.

Containment Boom - Equipment inserted into water and used to contain petroleum or other floating materials by surrounding or forming a floating barrier to the liquid. It consists of a floatation device and below-water skirt.

Contract Administrator - Department of Administration, Office of State Procurement staff who is responsible for the management of this Contract.

Contract Manager - The one designated person from a State department, agency, facility, institution, or CPV member identified as the primary contact for the Contractor who oversees the issuance of Verbal Directives and Purchase/Work Orders or the personnel from the particular department, agency, facility, institution, or CPV member who are authorized to request the services of the Contractor.

Contractor’s Authorized Representative – The Contractor staff person designated or identified by the Contractor as the contact person who is responsible for management of this Contract and is authorized to accept Contract documents from the State or CPV member and sign Contract documents on behalf of the Contractor.

Contractor’s Office - Contractor’s location at which equipment and staff are located and from which Contractor leaves for responses. The location from which mileage charges commence.

Daily Rate – The rental rate for equipment for one 24-hour day.

DLI – State of Minnesota Department of Labor and Industry.

Emergency Response (ER) - A response to a sudden or unexpected spill/release or threatened spill/release of petroleum, hazardous substance, pollutant or contaminant to the air, land or waters of the State. Each response will vary and depends on the individual circumstances of the incident such as: the material spilled/released, amount spilled/released, media released to, weather conditions, and when the release occurred. Actions taken to stabilize or

reduce the hazards at an incident are considered either Emergency Response Activities or Follow-up Emergency Response Activities.

Emergency Response Activities – Actions taken to control or stabilize a situation to protect public health, safety, or the environment from acute hazards; and to maintain control of those hazards. Emergency Response Activities include, but are not limited to the containment and recovery of released product or material; emergency excavations of contaminated soil; plugging, patching, or emptying leaking containers; installation of water filters; installation of systems to vent or pump spilled materials from structures or soil; investigations to determine the source, magnitude and hazards of a release; the disposal of waste materials resulting from the emergency response actions performed; and agency approved construction tasks. Actions not related to protecting the public and environment from hazards are considered Follow-up Emergency Response Activities under the contract. Emergency Response Activities will be taken pursuant to Minn. Stat. § 115B.17 or §115C.03 for the MPCA, and Minn. Stat. §115 B and Chapter 18D.1051 for the Department of Agriculture, and as applicable for other State Agencies and CPV Members.

Post Emergency Response Activities - Additional actions taken to protect public health, safety, or the environment and help to restore the site to pre-emergency conditions.

Full Time Equivalent (FTE) – For purposes of this Contract to determine if Contractors have the required number of staff, a Full Time Equivalent (FTE) is a measurement equal to one staff person working a full-time work schedule, normally 8 hours per day, five days per week, or a 40 hour week. Full-time equivalent employees equal the number of employees on full-time schedules plus the number of employees on part-time schedules converted to a full-time basis.

Hazardous Materials - As defined in Minn. Stat. § 221.011, subd. 29.

Hazardous Substance - As defined in the Code of Federal Regulations 49 CFR § 171.8, Minn. Stat. § 115B.02, subd. 8 (Hazardous Substance), Minn. Stat. §115C.02, subd. 10, Minn. Stat. § 116.06, subd. 11 (Hazardous Waste) and Minn. Rules Chapter 7045.

Hazardous Waste – As defined in the Code of Federal Regulations 49 CFR § 171.8. Minn. Stat. § 115B.02, subd. 8 (Hazardous Substance), Minn. Stat. § 115C.02, subd. 10, Minn. Stat. § 116.06, subd 11 (Hazardous Waste) and Minn. Rules Chapter 7045.

Investigations - Include staff observations; interviews; collecting air, soil, water, and waste or product samples for laboratory analysis; reviewing pertinent records, maps or documents; interpreting collected data and making recommendations; and other investigative techniques which include construction activities, i.e., drill soil borings, monitoring wells or push probes as needed to determine the source or extent of contamination at a site.

Specialty Service Emergency Response Contractor - A Contractor that is able to provide all the services listed in the solicitation in response to spills/releases of petroleum, food products, manure, sewage, solid waste, and spilled nonhazardous materials on land utilizing level C or D personal protection. This is accomplished either directly by the Contractor, using existing State Contractors, subcontracted, or some combination.

Mobilize – To organize and initiate people, resources, etc. for use in any emergency to make a project assessment.

MPCA – Minnesota Pollution Control Agency.

MPCA Purchasing Manual – The MPCA Contractor and Subcontracting Purchasing Manual is a document with instructions to certain State of Minnesota Contractors for using State contracts and for subcontracting goods and regular services for the MPCA. The MPCA Purchasing Manual is to be used for MPCA projects only. All other State Agencies and CPV members may refer to the MPCA Purchasing Manual for subcontracting goods and services or they may require the Contractor to adhere to the State Agency or CPV member’s purchasing policies and guidelines. The MPCA Purchasing Manual is incorporated by reference and can be found <http://www.pca.state.mn.us/yhiz4a>. Use of the MPCA Purchasing

Manual is required for subcontracting Follow-up Emergency Response Activities, which are subject to competitive bidding.

Overhead/Profit – Includes, but is not limited to, the following expenses: toll free telephone number, cellular telephones, tool boxes, hand tools and small electric tools, tri-pod, grease, answering machine, computer, global position system locator, digital camera, , bucket, tape measurers, disposable gloves, Level D protection, first aid kit, eye wash, trash bags, duct tape, rain suit, distilled water, bungee cords, baggies, electrical cords, preparation of invoices and usage reports, support staff, fees, insurance costs, and all other indirect costs that represent the expenses of doing business that are not readily identified with a particular activity but are necessary the for the general operating of the company.

Personal Protective Equipment (PPE) Level A – Includes National Institute for Occupational Safety and Health (NIOSH) approved positive pressure air supplying respirator, such as a self-contained breathing apparatus (SCBA) or supplied air system; vapor-protective suits that are totally encapsulating, gas-tight garments; chemical resistant glove system; chemical resistant safety boots with steel toe, shank and overbootie; OSHA approved hard hat. Includes a minimum of one tank of air and one totally encapsulated Level A suit.

Personal Protective Equipment (PPE) Level B – Includes NIOSH approved positive pressure air supplying respirator, such as a self-contained breathing apparatus (SCBA) or supplied air system; chemical-resistant clothing compatible with the material used or present, such as long-sleeved chemical resistive overalls, hooded chemical splash suit, encapsulating or non-encapsulating chemical suits; chemical resistant glove system; chemical resistant safety boots with steel toe, shank and disposable overbootie; OSHA approved hard hat. Includes a minimum of one tank of air and up to three sets of disposable clothing.

Personal Protective Equipment (PPE) Level C – Includes NIOSH approved full or half-face air purifying respirator (APR); chemical-resistant clothing compatible with the material being used or present; chemical-resistant glove system; chemical-resistant safety shoes or boots with steel toe, shank, and overbootie; OSHA approved hard hat; face shield or safety goggles if half-face APR is used. Includes a minimum of one set of respirator cartridges and up to three sets of replacements.

Personal Protective Equipment (PPE) Level D – Includes work coveralls, work or winter gloves, chemical-resistant safety shoes or boots with steel toe and shank, and OSHA approved hard hat.

Project Manager (PM) – Staff who manage the projects for the State Agency or CPV members.

Recovery - Includes pumping up liquids; sorbing liquids; excavating contaminated soils, debris, or other materials; retrieving spent sorbents; and other techniques for recovering spills/releases or wastes generated.

Sorbent - Materials used to absorb other materials due to their high affinity for doing so. Examples used to absorb petroleum include synthetic polypropylene fiber mat and natural bentonite clay or ground up corn cobs.

Specialty Emergency Response Service (SERS) - provide emergency response services related to spills/releases of petroleum, food products, manure, oil, sewage, solid waste, and hazardous substances spilled onto land, water, or released into the air. The response is with level C and D Personal Protection Equipment.

State Contractor - A Contractor for the State of Minnesota that a MPCA Contractor may use. Examples of State contracts are the Hazardous Waste Management and the Sampling & Laboratory Analysis - Environmental.

Verbal Directive - An oral statement issued by the Authorized Representative or ER staff members requiring the Contractor to perform tasks.

Waste Management - Includes packaging, transportation, neutralization, recycling, reuse, fuel blending, incineration, land application, thermal treatment or land disposal

Work Plan – A document that is prepared by the State, the Contractor or both that sets forth the tasks that the Contractor proposes to perform at the site, which also includes a budget and schedule. The Work Plan is signed by the Contractor's Authorized Representative.

Exhibit F

STAFFING TASKS AND CLASSIFICATIONS

The Contractor's staff must have the experience and training listed in the staff classifications below to competently perform the work. The minimum number of each type of staff (full time equivalent or FTE) required is listed after each classification.

Every person counted in the required FTE must reside within 60 minutes normal travel time of one of the Contractor's listed location(s) or Contractor's Office(s).

The Contractor must have the required FTE of the required qualifications and classifications available at all times.

Part time employees counted in the required FTE may not have other employment that does not allow for immediate deployment under this contract. No temporary or subcontractor employees will be allowed to meet staffing levels.

The Contractor must meet all of the staffing and service requirements in this contract. How that is accomplished is solely the responsibility of the Contractor. Prevailing wage laws apply to construction tasks.

1. Field Technician I

Requirements include:

- Effective verbal and written communication skills.
- Performs standard technical assignments, tests or sampling procedures.
- Proficient in the use of direct read instruments used in evaluating site conditions.
- Interprets and understands the data displayed on direct read instruments.
- Records and computes field data used in the preparation of reports.
- Follows sampling and monitoring protocol for soil, water and air.
- Follows site safety plan.
- Operates heavy equipment, vacuum trucks, pumps and skimmers and other equipment used for recovery and cleanup of solids and liquids with supervision.
- Understands the different techniques used for containing and recovering petroleum and hazardous substance releases.
- Trained and performs basic control, containment and/or recovery of oil or hazardous substances on land and/or water.
- Trained to the requirements of OSHA 1910.120(e)(3)(I) including 40 hours of initial training, three days actual field experience, and eight hours of annual refresher training.
- Completes the National Incident Management System (NIMS) training requirements within six months of commencement of the contract includes at a minimum ICS100 and IS700.

2. Field Technician II – Must have at least four (4) staff split between Field Technician I and II

Requirements include:

- Meets Field Technical I qualifications.
- Three years of experience as a Field Technician I or a relevant vocational technical degree.
- Quickly assess the on-site risks and hazards associated with an oil or hazardous substance release and/or industrial fire.
- Prioritize response objectives and priorities.
- Implement a work plan or incident action plan.
- Requires minimal supervision by a project manager or field supervisor.

- Assists with the preparation of reports.
- Proficient operation of heavy equipment, vacuum trucks, pumps and skimmers and other equipment used for recovery and cleanup of solids and liquids.
- Experienced performing construction activities necessary to complete the required tasks of the contract.

3. Field Supervisor - One (1) Required

Requirements include:

- Meets Field Technician II qualifications.
- Supervises at a minimum one field technician, State Contractor and/or Subcontractor on-site.
- Five years of experience as a Field Technician II or a relevant Bachelor's degree in the environmental science.
- Understands chemical and biological terminology and behavior.
- Implement and update site safety plan according to site conditions.
- Oversee the implementation the air sampling and/or monitoring plan.
- Receives and analyzes field data and prepares reports including site recommendations.
- Oversees the operation of heavy equipment, vacuum trucks, pumps and skimmers and other equipment used for recovery and cleanup of solids and liquids.
- Proficient in performing construction activities necessary to complete the required tasks of the Contract.
- Understands and implements prevailing wage procedures and requirements.
- Understands the Contract requirements.

4. Scientist – One (1) Required only for Sub-Category: Releases to Air

Requirements include:

- Meets Field Technician II qualifications.
- Five years of environmental experience and Bachelor's or Master's degree in an applicable technical area such as health and safety, geographic information system (GIS), hydrogeology, air toxics, assessment or modeling.
- Subject matter expert related to the formulation and implementation of complicated technical response strategies, such as incidents involving air assessments.
- Operate with wide latitude of responsibility requiring limited supervision.
- Writes and implements a site safety plan.
- Writes and implements sampling and monitoring plans.
- Retrieves, compiles, and interprets data results and provides recommendation for actions.
- Develops forms and implements the use of Survey 123 including displaying data using Arc GIS.
- Writes technical reports with complex data interpretation and recommendations.

5. Project Manager – Two (2) Required

Requirements include:

- Meets Field Supervisor and Scientist qualifications with the exception of the Scientist education requirement.
- Five years of experience managing environmental projects and/or Bachelor's or Master's degree in an applicable technical area such as environmental science, hydrogeology, air toxics, assessment or modeling.
- Responsible for ensuring the objectives related to the scope, schedule, cost and quality to satisfy the project requirements.
- Supervises, assigns and oversees technicians, field supervisors, and scientists.
- Timely preparation and submittal of reports.
